BURBANK TALKS ON PRESERVING FRUIT

WIZZARD SENDS PLUM
TO LEWISTON CLUB

Inquiry for Method of Preserving
Fruit Specimens in Natural Color
Results in Gift of New and Nameless
Fruit to Lewiston Commercial
Club—Plum Is Now on Exhibition
—May be Named for Idaho Town.

Lewiston, Ida., Sept. 17.—The Lewiston Commercial club has an exhibit in the fruit line that is prized above all others. It is a new hybrid plum, created by Luther Burbank, and the first to be exhibited anywhere. It has been sent by Mr. Burbank to the club and he states that it has not yet been named. The club feels honored by the gift and if it were not that Mr. Burbank had suggested the organization was the first to be given credit for exhibiting one of his products, he would be asked to give it the name of "Lewiston." It is a beautiful yellow plum, much above the average size. As to its taste and its quality, only Mr. Burbank knows, for the gift was viewed as being so precious by the club it was immediately rushed into preservative and a large glass jar by Secretary Cook. No member had audacity to suggest that the luscious appearing plum should be tasted.

The new fruit was received by the club as an incidental development to a letter sent by Secretary Cook to Mr. Burbank asking for advice as to a preservative for fruit in its natural color, and Mr. Cook made known yesterday to the Commercial club, at the meeting of the governing board, the results of the correspondence. The rooms have a grand display of preserved fruits, admittedly the best in the northwest, and the organization is constantly striving even to improve it. Perhaps the spirit of the Secretary Cook's letter attracted the attention of Mr. Burbank. However, the club was rewarded not only by a friendly response but by receipt by express of a creation by the great Burbank, a fruit unknown to the world.

The letter accompanying the gift to the club was as follows:

"In reply to yours of September 4, I would be delighted if I could help you in the matter of preserving your fruits. I have much trouble myself in preserving them without bursting or spoiling the color.

"Mr. Nichols (I do not know his first name) whose address you can get of the state board of trade, Ferry building, San Francisco, has a secret process by which he has most marvelous success. No one can imitate him so far.

"I use formaldehyde and water. This keeps the flesh generally but seems to destroy the color.

"By mail today I send you one of my new hybrid plums. It should be quite soft and a clear yellow before testing. It is a great grower, bearer and keeper. This plum has never been named yet and has never been exhibited anywhere.

"Yours very truly,
"LUTHER BURBANK."

**SHEATH COATS ARE
NEW RAGE FOR MEN**

Chicago, Sept. 17.—Sheath effects have invaded the male wardrobe. Narrow, clinging coats, guaranteed to adhere closely to the form of man and impart the same sleek appearance afforded by the other sex, will be "the thing" this fall and winter.

The fact was shown yesterday at the opening of the American style and fashion show at 185 Dearborn street. Numerous samples of the sheath style in men's apparel were on display. They were sent from all parts of the country for the exhibition, which many Chicago tailors assert signifies that the nation is realizing that the well dressed man follows the styles accepted by Chicago.

One of the noticeable "sheaths" was an exhibition from Pittsburg. It was a business coat. Cut narrow about the hips and fastened by two cute cloth buttons, it sloped upward in a delicate curve fitting snugly at the shoulder and cut low in front. The "invisible braid" running along the edge of the lapel and cuffs was declared "very proper."

Millions of bottles of Foley's Honey and Tar have been sold without any person having experienced any other than beneficial results from its use for coughs, colds and lung trouble. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiates or other harmful drugs. Guard your health by refusing any but the genuine. Pendleton Drug Co.

**AMATEUR ATHLETES MEET
IN CHAMPION CONTEST**

New York, Sept. 17.—With all the athletes in the prime condition from continuous competition and training, the national track and field senior and junior championships of the Amateur Athletic union, which will be held tomorrow and Saturday, promise to be hotly contested. The meet will be held at the Traverse Island track of the New York Athletic club. During the last year some good youngsters have been developed all over the country, and the competitions in the junior events will be just as exciting as those between the more seasoned athletes. The sprinters promise to be especially close and the winners will likely have to travel in record time.

YOU CAN'T CURE CONSTIPATION

By taking purgatives, salts, or other drugs that act harshly or violently upon the stomach or bowels. Ask any doctor, and he will tell you that purgatives of any character distend the bowels and weaken the elastic tissue.

To cure constipation, remove the cause. The cause of constipation is indigestion. If your food digested properly it would continue on from the stomach through the bowels and would be eliminated without effort and with regularity.

Mi-o-na tablets cure constipation by curing your indigestion. It is not a purgative. It is a stomach tonic and more—it tones up, strengthens, invigorates, refreshes and injects new life into the worn out muscles of the stomach, and in a short time makes the stomach hardy enough to digest anything you eat. It is a powerful yet harmless stomach tonic, and its resistless influence on the stomach is astonishing.

Try Mi-o-na for constipation. One box will cure you of indigestion; two boxes will relieve you of constipation; and best of all, Mi-o-na is such an economical remedy. A large box only costs 50 cents, and then, if you are not satisfied with results Tallman & Co., the druggists, will give you your money back.

Mi-o-na cures all stomach disorders whether acute or chronic, such as dyspepsia, vomiting, over-indulgence of the night before, sea or car sickness, stomach sickness of prospective mothers, etc.

Read this from the president of a New York corporation:
"I have been a terrible sufferer from dyspepsia and gastritis for two years. The most eminent physicians prescribed for me with no effect. I have been absolutely cured by your Mi-o-na tablets. The first one gave me a relief almost incredible. Very gratefully yours, Herbert H. Taylor, 561 West 143d street, New York City."

BROKEN PROMISE CASE MAKES INDIAN SCANDAL

Muskogee, Okla., Sept. 17.—A scandal which has created a sensation in the best Indian society of Oklahoma, and which is still being discussed in whispers by the braves and squaws of the redskin "four hundred," was brought to light by a breach of promise suit recently filed here. Jacob S. Brown, a wealthy Creek Indian of the highest social standing in his tribe, and said to be worth \$150,000, is the defendant in the suit, which was brought by Mary D. Taylor of Fort Smith.

The plaintiff is a comely woman of 34, of mixed Spanish, Arabian and Indian blood, and claims to be a descendant of Pocahontas. She became a mother last month and asserts that the plutocratic Creek is the father of her child. She asks \$50,000 damages from Brown for his failure to carry out his alleged agreement to make her his wife.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c.

WHITE HOUSE CALLING MR. ROOSEVELT HOME

Oyster Bay, N. Y., Sept. 17.—Oyster Bay will next week lose its most distinguished citizen and become as dead as Esopus, if the present plans of President Roosevelt are carried out. Tuesday has been set for moving day by the president and his family, when they will return to Washington for their last winter in the White House. This will be a week earlier than the president customarily terminates his vacation, and it is said that he desires to be in closer touch with political affairs than is possible in this village.

THE AMOUNT OF YOUR "BELIEF IN ADVERTISING" [WHICH IS PUT INTO TYPE IS WHAT COUNTS.

A business man cannot afford to "miss" news that affects his particular line of business. Nor can the "buyer" of the supplies for the house and family afford to "miss" news affecting prices of things that have to be bought.

Bargain-hunting is not, as sometimes supposed, the pursuit of a wild desire to spend money for things not needed. It is the quest of the best opportunities to buy the things that ARE needed.

LOOK IN OUR CLASSIFIED COLUMNS FOR WANT ADVERTISING.

Where one woman wastes either time or money because of a bent for "bargain-hunting," 50 women save and conserve both.

It is not well to try to load a ship with cargoes far beyond her cargo capacity. Nor well to try to advertise a big store in a small space.

A fixed purpose to find a certain number of new customers each week is a good sort of advertising ambition for a merchant.
