Talking Pictures.
An engaging novelty in living talking pictures reproducing one of the funniest farces ever written is "Peck's Bad Boy." He is a true child of nature who has had hosts of Buster Browns and other impossible and equally unnatural imitations, but never anything approaching a genuine rival. This new portraiture presents him as he was, and ever will be, in an atmosphere true to life's funniest side and in which children of a larger growth turn young again, see themselves as they were. It is a comedy which may be depended upon to provide fun for all. And you will see him as ever and forever, the brightest, best and most beaming of all the bad boys ever put in print, cartoon or upon the stage. His uproarious pranks shown in a brand new reproduction of living comedy talking pictures. This attraction comes to the New Oregon theater Tuesday night for one performance.

SLOW REPAIR WORK DELAYS FIELD SCHOOL.

Owing to protracted delay in having needed repairs made at the Field school it has been impossible to hold any school there yet this fall and the time for the opening of the little school is still indefinite. When the city schools first opened two weeks ago it was then thought the repairs would be completed by the following Monday. But the work was not finished by that time and it is still uncompleted.

Because of the delay in opening the school the little tots who attend the Field will be several weeks behind in their work and this is a fact that causes regret.

IT IS INCREDIBLE TO BELIEVE

that a gown that seemed hopelessly soiled should be renovated to such a beautiful color and to look as fresh as if made this season when it has been cleaned at the City Steam Dye Works. Delicate shades of pink, blue or lavender; in fact the most dainty shades of color are restored, and ladies' old gowns are made to look good as new when cleaned here. Work called for and delivered.
