We'll show you all sorts of good things to wear besides clothes; shirts, neckwear, hats and all the rest.

This store is the home of Hart Schaffner & Marx clothes.

The Peoples Warehouse

Where it Pays to Trade

Save Your Coupons

If you like to be dressed in the smartest style, and the best quality now's your chance. You will find this store the right place for distinction in clothes.

The Peoples Warehouse clothes are the best ever offered for men to wear; every fabric all-wool, the tailoring done in a way to keep the good style looking right; you'll find these clothes the best for your wear, the most perfect clothes made.

We show you just for example one of the new two-button styles; a very snappy, stylish suit.

In addition to a great line of fancy weaves and colors we want you to have one of our fine black suits for dresser-than-business use.

ROYAL WELCOME FROM JAPANESE

BROWN MEN PREPARE TO GREET AMERICAN FLEET.

Gala Celebration Planned to Welcome Visitors From Across the Sea—Will Spend Half a Million in Festivities—Every Officer and Man to Receive Silver Souvenir of Visit—Political Significance of Visit.

Yokohama, Oct. 1.—Although the date set for the arrival of the American fleet is still more than two weeks distant, the preparations for the glorious half-million dollar celebration in honor of the Yankee tars are about completed. Manufacturers of flags and bunting have been working overtime for the last few weeks to supply the demand for American flags, which will be displayed side by side with the banner of the mikado during the stay of the fleet.

The circumstances surrounding the original dispatch of the American warships to the Pacific ocean give to the Japanese visit an especial political significance in the popular eye. The difficulty in California over the exclusion of Japanese children from the schools, the former predominance of the Japanese fleet in Asiatic waters and the unprotected state of the western coast—all gave color to the general conviction that the fleet was sent to restore the balance of power between the two countries, and to offset the rapid naval and military growth of Japan. The extreme cordiality of the reception in Australia was generally recognized as due to the feeling in that country that the two English speaking races in the Pacific, had a common political and economic cause against the aggressive and commercial and industrial policy of the new eastern power.

The overcrowding of old Japan and the tendency of its citizens to emigrate to English-speaking countries where the wages are higher, together with the unwillingness of those countries to let in labor with a lower standard of living, has made an acute question which remains to be settled. The character of the protectorate, moreover, which Japan has maintained over Korea, has not tended to conciliate American and Australian shipping and commercial interests.

In the face of this situation the Japanese have said little, smiled much, as is their custom, and calmly prepared for an entertainment of the fleet which will cost over \$500,000, and will doubtless furnish more novelties and surprise than any thing to which the men have yet been treated. Every officer and man of the visiting Americans will receive a silver souvenir. Viscount Ito said: "The coming of the great American fleet to Japan will be one of the most striking events in our history. We must extend to it our most sincere welcome. It will undoubtedly tend to bring the nations closer to each other, and will likewise prove of the greatest benefit to both the Japanese and American navies. The coming of the American fleet is at our invitation, and although it is impossible to receive it with the entire Japanese navy, as many vessels as are available should be assembled to pay our respects to the visitors."

The report that the American sailors had objected to visiting Japan, and that they had contemplated measures to resist orders to that effect, has not been confirmed and is not generally believed in Japan.

As the American battleships, 16 in number and headed by the flagship Connecticut, near the coast of Japan they will be met by the vessels of Japan deployed in such wise that one Japanese warship will escort each of the visiting ships. Then, for the first time, will the best that Uncle Sam's navy can boast have a chance to compare visually and at close range the fleet of his one and only rival in the Pacific.

A GOOD STOMACH.

Means Good Health, Cheerfulness, Ambition, Persistency and Success.

Relief is not cure; opium will stop the most excruciating pain, but it won't cure the disease.

And it's just the same with alleged dyspepsia cures which contain pepsin. The pepsin will help to digest the food, but the stomach is left in worse condition than it was before.

You don't want pepsin to digest your food; you want the natural juices of your stomach to digest your food. If you have dyspepsia or any stomach trouble, you want your stomach so strong that it will digest its own food.

You can make your stomach so strong that you can eat what you want and all you want any time you want, without distress.

Mi-o-na will cure your dyspepsia or any stomach trouble by building up the flabby walls, and making the stomach so strong that it will digest food without artificial aid.

In other words, Mi-o-na cures dyspepsia by removing the cause.

Tallman & Co. are the agents for Mi-o-na in Pendleton and they say to every reader of the East Oregonian whose stomach is weak, who has indigestion or dyspepsia, that Mi-o-na is guaranteed to cure or money back.

The price is only 50 cents a box, and one box is all you need to prove that you are on the right road to health and happiness.

"I can't say enough for Mi-o-na tablets; they have done more for me in one week than all the doctors have for the two years I have been under their care, and I will do all I can to recommend it to my friends. You can also use my name in your ad if you like, for Mi-o-na is better than gold to me. I am like a new man, and am able to work once more for the first time in over a year."

—W. A. Ennis, 328 Green Street, Syracuse, N. Y.

Pacific. But in this case the rivalry will be one of good offices and kindly greetings, an art for which the Japanese are now world famous.

Boy Shot While Hunting.

While out hunting near Roseland, B. C., Tuesday, Chester McKay, a lad 15 years old, was shot and killed by the accidental discharge of his gun. McKay was prominent among the younger set of the city and was highly esteemed.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys poison the blood and attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FREE FORUM OF WESTERN STATES

IMPORTANT QUESTIONS THRESHED AT FRISCO

Trans-Mississippi Congress Which Meets in Golden Gate City This Month Has Important Bearing on Developments in the West—Harriman on Program—No Politics Tolerated in Session.

Every state in the union is vitally interested in the Trans-Mississippi Commercial congress, which is to be held in San Francisco October 5 to 14. The object of this commercial congress is along the line of the meeting held last spring at the direction of President Roosevelt for all the governors of the various states. While this is, strictly speaking, a western movement, every state is to be represented. It is the free forum of the western states.

The meeting this year will be of exceptional interest because of the subjects before the body to be discussed. These include "Irrigation and Drainage," "River and Harbor Improvements," "Statehood," "Parcels Post and Postal Banks," "Trans-Pacific Trade," "Closer Relations With the Latin Republics," "Interstate Commerce" and other equally important subjects.

A special committee has been appointed to thresh out the material dealing with the inland waterways. The one topic absolutely prohibited is political questions. This being election year it was feared that politics might enter into this to a considerable extent and the president, J. B. Case, has definitely put his foot down on any such movement. Nothing bearing on political questions will be allowed before this congress.

The meeting will be of special interest at this time because it is the first convention to be held in this city since the earthquake. The governors of 50 states have already been appointed delegates and most of them will be here. One or two of the members of the president's cabinet will attend and E. H. Harriman will make one of the principal addresses. Delegates will be here from Alaska and Hawaii.

COFFEE

Three-quarters of coffee is such that we can't touch it; we make five grades of the top quarter.

Your grocer returns your money if you don't like Schilling's Best; we pay him.

gates will be here from Alaska and Hawaii.

The Trans-Mississippi Commercial congress is backed by some of the strongest men in the country. Its history dates back to the first season at Galveston, Texas, in 1891. W. M. Fishback of Arkansas was its first president. Since then meetings have been held annually and presidents elected. Among the prominent men who have been at the head of the Trans-Mississippi Commercial congress are: William Jennings Bryan, David R. Francis of Missouri, Colonel Loveland of California, George A. McConnell of Idaho, E. O. Standard of Mississippi, John Henry Smith of Utah and other equally prominent men.

The enthusiasm aroused over the country is due to a large extent to the energy and ability of its president, J. B. Case, and its secretary, Arthur F. Francis.

BRYAN'S DOUBLE OBJECTS TO CONSPICUOUSNESS.

Dr. David Coombs Peyton, of Jeffersonville, Ind., president of the Indiana State Medical association, got a haircut in the Hoffman House yesterday, says the New York World. Dr. Peyton also said to the barber: "You need not shave my upper lip today. I'm going to grow a mustache."

Then Dr. Peyton got in a closed cab, and, notwithstanding the heat, pulled down the curtains, and told the driver to break all records driving to the nearest railroad station.

Once Dr. Peyton thought it was a joke because he is a remarkable double of William Jennings Bryan, but after being routed out of a New Haven train coming from Boston to New York at midnight, pushed to the back platform, cheered and asked to deliver a speech, Dr. Peyton thought it was time to change his looks.

Dr. Peyton would not have worried so much over the loss of sleep, but yesterday he was caught in the Cafe Martin, and a score of men insisted on shaking hands with him. During the excitement Dr. Peyton lost a watch fob, and that was too much—thus the haircut and a new mustache.

While the Indiana doctor was trying to escape from the Hoffman House he was found by several enthusiastic democrats on their way to attend the state democratic committee meeting in the Victoria hotel, and before he could prove he was not William Jennings Bryan he had his straw hat broken.

"I am a Bryan democrat," explained Dr. Peyton. "I like Mr. Bryan and have entertained him, but I can't carry around any more of his troubles on my shoulders. He seems to have too many friends in New York, so I'm going back home where folks know who I am."

"It so happens that Mr. Bryan and I are the exact age, the same height and weigh the same. I must look like him, for the folks on the New Haven train, I think, put Mr. Bryan

down as a terrible liar when I insisted I was not the real article."

"I would like it much better if people could mistake me for having the brains of Mr. Bryan, rather than being like him in looks. Anyhow, I'm going home, minus a fob, the loss of a breakfast, a straw hat and some sleep."

SYSTEM WILL NOT WIN IN ROULETTE GAME

The unique gambling contest between Sir Hiram Maxim and Lord Rosslyn came to an end this afternoon and shows defeat for the system advanced by the latter, says a dispatch from London.

Earl Rosslyn declared he had a system by which the Monte Carlo bank could be beaten. Sir Hiram Maxim insisted that no system could beat the bank of Monte Carlo and as a result of their friendly argument, Sir Hiram accepted a challenge from the Earl. The stakes were \$100,000 in stage money. Sir Hiram acted as banker and the Earl started with \$50,000 capital. The game commenced September 19 and ended today.

A few years ago the Earl was backed by a number of Englishmen to whom he unfolded a sure winning plan. This also failed. He began recently exploiting a new "system" again recently and Sir Hiram produced mathematical proofs that the bank could not be beaten. The challenge and acceptance of the game just ended with the result. A roulette wheel was used.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, etc. Take Hall's Family Pills for constipation.

Story of Canadian Pacific Wheat and Irrigated Land.

When the Canadian Pacific Railroad Company came to check up their original land grant a few years ago it was found that the company was "short" 3,500,000 acres and the government agreed to give them 3,000,000 acres in one block anywhere in Canada in settlement of the claim.

The Canadian Pacific sent to Scotland, England and Germany for agricultural and livestock experts to study conditions and make the best possible selection for the company.

After a year of exhaustive study of conditions in all western and northern Canada, the experts advised the Canadian Pacific to select the land in the Bow river valley east of Calgary as being best adapted to agriculture, stock raising and general diversified farming.

That is how the Canadian Pacific came to locate in this favored spot. They hired the world's best experts to select the land for them.

Does it stand to reason that the railroad company took anything but the best land? All Canada was open to their choice. All Canada was searched for a location.

This Land is now for sale at \$12, \$15 and \$18 per acre on eight year's time, at six per cent. Mixed Land for stock and farming purposes at \$7.50 per acre.

Anybody can buy this land and make it pay for itself. Low prices, reasonable terms and safe investment.

You can't lose on Wheat Land at these prices and terms. You can see Alberta at small cost, on the Settler's Cheap Rates.
