**TESTED AND PROVEN.**  
There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Pendleton readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Mrs. H. Swaggert, living at 319 Garden street, Pendleton, Ore., says: "Both my husband and myself have used Doan's Kidney Pills with the most gratifying results. Mr. Swaggert was troubled severely with his back and kidneys for a long time and never received any relief until Doan's Kidney Pills were brought to his attention and he procured a box at the Pendleton Drug Co. They gave him great relief and he thinks very highly of them. I also used Doan's Kidney Pills and found that it only required a few doses to remove the lameness and pain caused from disordered kidneys. I really believe that kidney trouble would be less prevalent if more sufferers knew of Doan's Kidney Pills." (From statement given in 1905.)

**Tested and Proven.**  
Mrs. Swaggert was again interviewed on November 16, 1907, and said: "We still continue to use Doan's Kidney Pills and find them just as effective as when they first came to our notice. We keep them in the house at all times and really think we could not get along without them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Milton, Nov. 1.—A reception was given to Rev. and Mrs. J. B. Hoadley Tuesday evening at the M. E. church to celebrate his return to them as their pastor for the second year. Prayer was offered by Rev. Mr. Henderson and the welcome addresses were made by W. Craig and Professor Howard. Mr. Hoadley replied in his usual happy manner, thanking them for the kind words spoken. There were some good numbers on the program and the members of the Epworth league served light refreshments. Many useful donations were left at the parsonage as a token of appreciation and love.

The little baby of Mr. and Mrs. E. K. Henry was painfully but not fatally burned Wednesday when a kettle of hot grease was spilled on it.

**NEWS OF WESTON**

**CITY COUNCIL WOULD EXTEND WATER SYSTEM.**

Present Gravity System Supply Not Sufficient for Summer Needs—Two Different Plans for Increasing Supply Suggested—Proposed Improvements to Cost \$6000 or \$7000.

Weston, Ore., Nov. 2.—(Special.)—The city council of Weston is now considering plans for rebonding the town in order to extend the present water system to make it fully adequate for the needs. At the present time the water is taken from a spring on Pine creek two miles above the town. The water comes partly from the spring and partly from a well. During the winter months the supply from the spring is ample but in the summer time it is necessary to pump water from the well.

It is now the desire to extend the system so as to provide a gravity supply that will suffice for the entire year.

One plan now in mind is to construct a concrete well across the bed of Pine creek at the point where the present supply is derived. This well would go to bedrock and it would raise the water in the little stream to such an extent that there would be plenty for Weston's needs without resorting to pumping.

The other plan in mind is to develop several additional springs in the vicinity and thereby secure the needed amount of water.

It is estimated that the proposed improvement will cost between \$6000 and \$7000. It is the plan to have the people of the town vote upon the bond issue at the town election in December.

On Friday of last week Marion O'Hara killed a deer in the pasture of his place on Pine creek one and a half miles above town. The deer was a young buck and Mr. O'Hara found him in the pasture early in the morning. He shot him with a 22-calibre rifle.

J. M. O'Hara has just received a letter from his brother, Jasper O'Hara, well known in this county, in which he tells of a big hunt he engaged in in the coast range mountains near Central Point, where he now lives. He killed a bear that is declared to be the largest ever seen in the Coast range, and also four deer.

Saturday night the students of the E. O. S. N. S., held their annual Halloween party in the girls' dormitory. It was a most enjoyable affair and was attended by the student body, faculty and friends of the school.

Dr. J. A. Best of Pendleton recently made a visit here to attend G.
