GOOD ROAD OVER MOUNTAIN.

McCormach Talks Plan While on La Grande Visit.

J. W. McCormach, secretary of the Umatilla Good Roads association, was in La Grande yesterday in the interests of a movement for a better highway over the Blue mountains, says the La Grande Star. The plan is being backed up by the automobile owners at Pendleton, and it is their intention to attend to the work required on the trans-mountain side if the people over here will look after this end. The main thing expected, as explained by the secretary, is to get the rocks and stumps removed from the present road. This will not involve a very heavy expense—not more than a few hundred dollars at the outside. It is now too late to begin the proposed work this year, but it is hoped to agitate the question sufficiently to have something commenced as soon as practicable in the spring. The Pendleton autoists are very much in favor of the proposed movement, as it will give them the opportunity to make trips to this side of the mountains. The travel would be much more extensive by people coming from that direction this way than it would be by people going from here to Pendleton. The Umatilla county people would consider it a great treat to come over to Grande Ronde with their machines on account of the attractiveness of this valley, the easy means thus afforded of reaching Hot Lake and the other localities of interest on this side of the Blue mountains. If as much interest can be developed here as there is at Pendleton the improvements will be made and the mountain thoroughfare will become a highway for buzz wagons. Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Pendleton Drug company.

Riverside ranch, with C. P. Stanyan as proprietor, carries off the first honors in raspberry culture this year, says the Hermiston Herald. His vines have produced the second crop of berries having been unharmed by frosts. Mr. Stanyan is more convinced than ever that the Umatilla project will produce quantities of excellent fruit and be in the markets first and last. To those afflicted with kidney and bladder trouble, backache, rheumatism, Pileules for the Kidneys brings relief with the first dose. Hundreds of people today testify to their remarkable healing and tonic property. Use 30 days' trial \$1. They purify the blood. A. C. Koepfen & Bros.

Mrs. W. Jones praised the grocer for selling her Folger's Golden Gate Coffee which he ground for her.

Why, oh why will people of intelligence continue to suffer with dyspepsia or distressing stomach troubles, when Mi-o-na, the only scientific remedy, has a record of thousands of just such cures as the following: "I was near to death's door. The doctor said he had done all he could; that my stomach was old and worn out. I so weak I could not walk. I took a Mi-o-na tablet, and have been eating heartily ever since, and I am able to work like a tiger. I wish I could go and thank you myself. I send my picture, and you can use my word and my picture, and I thank you again."—Mrs. Nelson Lucier, 112 Pisk street, Athol, Mass. Mi-o-na cures dyspepsia. There is not a particle of doubt about it; and if any of the readers of the East Oregonian are suffering from stomach trouble of any kind, Tallman & Co. will sell you a box of Mi-o-na for 50 cents with an absolute guarantee of relief, or money back. In many cases one box will effect a permanent cure; in chronic conditions more is necessary. But one thing is certain: one box of Mi-o-na will make you feel so much better and brighter, so much more energetic, that you will not give it up till cured. Mi-o-na is not a digester. Digesters never cured dyspepsia and never will. Mi-o-na is a stomach strengthener that builds up the worn out, flabby inside of the stomach and makes the stomach strong enough to properly digest what you eat.

Doctor Said Mrs. Lucier's Stomach Was Worn Out, But Mi-o-na Cured Her.

Tripping over some obstruction, Abraham Gulick plunged head foremost into the mechanism of a threshing machine and was killed, says a New Jersey report. Gulick, who was a prosperous farmer, had volunteered to aid his neighbor, John McDonald, to thresh a crop of wheat. While feeding the grain into the machine he turned to look at McDonald, took a step forward, tripped and fell head foremost into the machine. The horror-stricken man working with him stood helplessly by. Slowly Gulick was drawn into the machine, screaming. He was crushed and torn beyond recognition.

DEER ISLAND COW'S APPETITE FOR SALT CAUSES HER DEATH. Rainier, Ore.—A Deer Island cow lost her life in an unusual manner near here last week. The keeper of the game preserve left a tin can full of salt outside of his little house. The cow came along, spled the salt and stuck her nose in the can. The contents tasted good. She raised her head to elevate the can. The salt trickled down her throat, and she settled more tightly around her mouth. Her appetite satisfied, she endeavored to shake off the can. It would not shake off. Then she tried to paw it off. It would not "paw." When help arrived she was dead—suffocated. The animal belonged to Jack Appleton.

Mighty good else you couldn't do this. Then, too, the Thermolite stores heat, stays hot from 5 to 10 times longer than an ordinary hot water bottle. The usual price for the 3 quart size (the price is printed on the box) is \$2.50 guaranteed for two years.

We have placed on sale six dozen of these \$2.50 bottles at a very special price of 75c

one to a customer but you must surrender the two year guarantee as each tag is numbered and we have to send them into the house as soon as sold. They are the guaranteed bottle but are closing them out as a new style bottle will be on the market, as it is almost impossible for the manufacturers to buy a grade of rubber now that will stand this boiling test that these bottles have. Come early as this is all we will have unless the Chicago House sends us more. We have asked for 12 dozen more.

ANOTHER SPECIAL
