AN OPEN LETTER.

To the Editor of the East Oregonian and I Want the People of Pendleton to Know That I Write the Following Voluntarily. — Harry L. Goodell.

I write these few lines out of gratitude for what Mi-o-na has done for me for dyspepsia and indigestion.

I have suffered for the past five years, and have tried different doctors, but have had no relief until I bought a 50 cent box of Mi-o-na from our drug store (R. W. Knowlton's) here a short time ago.

The first box did me so much good that I immediately purchased another one, and I now feel better than I have at any time in the past five years. Am able to eat anything and everything, and get a good night's sleep afterwards.

Was so bad at one time that all I was able to eat for over a month was a raw egg in a half a glass of milk, two or three times a day.

I would earnestly advise anyone suffering as I was from dyspepsia, to give this remedy a fair trial. I remain, gratefully yours, Harry L. Goodell, No. 9 1/2 River street, Astabula, O.

Mi-o-na is the only logical dyspepsia remedy on the market today. It is not a digester. It does not contain a particle of pepsin. It cures by building up the muscular walls of the stomach, and making the stomach so strong and perfect that it is able without artificial help to digest an ordinary meal with ease, and without discomfort.

The experience of Mr. Goodell is a common one, and it is safe to say that Mi-o-na tablets have cured more acute and chronic diseases of the stomach than any other medicine. Tallman & Co. sells it at 50 cents a box, and guarantees it to cure or money back.
