**GUMPTION ON THE FARM.**  
 \*\*\*\*\*  
 Fast falls the snow, fast falls the drifting snow, Now let the homelike burn, the lamp-light glow, The happy smiles, glad at each merry sight, While raves the tempest in the wintry night, Beyond the lamplight's cheer, the firelight's glow, Fast falls the snow, fast fall the drifting snow, Make a good work bench this winter.

Use all last year's failures as guideposts for the New Year. Put the tools where they will be the easiest to find, not the easiest to drop. Men are a good deal like beans;—they don't amount to much unless there's plenty of snap to them. Make it your business to shovel a good wide path through the snow for your wife to walk in when she hangs out the clothes. When cutting in the woodlot be careful to avoid injuring any of the smaller trees. They may be larger sometime. Care for them. The hen sometimes makes a big fuss about a small egg, but she keeps right on, day after day, doing her best at the one thing she knows. When you are thinking of buying a farm, look for plenty of wood for fuel and other purposes for good water, good neighbors and good market advantages. Keep a diary; begin on the first day of the New Year and follow it up daily. You will be surprised how many things that are important to remember you will find stored away. "Isn't it strange," remarked a way-back farmer, as he watched an up-to-date neighbor sawing wood with a potent saw, run by a gasoline engine, "how men will scheme to get out of honest work."

Put everything down in writing when you leave a farm. Memory can not be relied on. It is remarkable how different men will remember different things. If it is all down in black and white, there can be no mistake. When it is not convenient to apply heat to frozen pipes to thaw them, spread a cloth thickly with unslaked lime, fasten it around the frozen pipe and throw water on it. The heat produced as the lime slakes is great enough to thaw the ice. There was a belief common for many generations that boys, like wheat, must be well thrashed to get the best out of them. The rod is no longer piled in the school or family, and yet there is after all a pretty fair crop of boys.

Have things gone wrong with you this past year? Now don't get discouraged and imagine you are going to wind up at the poorhouse. The new year is here, good things may be coming around the corner your way.

Erace up; have nerve. Never forget that many a great undertaking has been wrought into success after a promise of failure. It is tough on the wagon to drive it over the rough, frozen roads these days. Especially where the ruts are deep it is hard on feloes and other parts. It is a good plan to have a second-best wagon for these times, and so save the good one. But this utility wagon should always be a good solid one, that will not break down on the way to town.

—From January Farm Journal.

### TO MERGE TEXAS RANCHES.

James J. Hill is Said to Be in a \$75,000,000 Deal. Denver.—According to private dispatches received in this city this morning a merger of Texas ranches in the territory penetrated by the Colorado and Southern Railroad is being formed and will comprise 7,000,000 acres of land, worth \$75,000,000. James J. Hill, who secured control of the Colorado and Southern, is named as the interest behind the move. G. W. Holdrege, general manager of the Burlington road, accompanied by Mr. Maders, arrived in Denver today to inspect the terminals of the Colorado and Southern and investigate the operating conditions of the road.

### SCHOOL CONTROL BY ONE BOARD

Salem, Ore.—A bill has been prepared and will be introduced in the next legislature to place all the educational institutions of the state under a single board of regents. If such a law is enacted it will mean that the same board of regents will have jurisdiction over the affairs of the normal schools, the agricultural college and the University of Oregon. The measure will probably be introduced by Representative Libby of Marion county.

The idea was thoroughly discussed by the normal school board of regents at the annual meeting and has been framed up under the supervision of the executive committee of that body. Superintendent Ackerman and Governor Chamberlain are among its staunch supporters. The principal argument advanced by those who favor such a plan is one of economy. It is argued that a single board of regents of not more than five members, carefully selected as to their qualifications, each directing a certain department after the cabinet plan, will save more to the state within a year than possibly any other reform. There would be a uniformity in conducting the schools, and a system that would evolve a great number of now unforeseen advantages.—Portland Journal.

"That second resolution may come in handy to save my conscience!"

### KINDNESS TO AGED WOMAN REWARDED

Chicago.—West Freeman, of this city, has fallen heir to more than \$3,000 as a reward for a kindness done an aged woman seven years ago. While in London in 1901 Freeman saw a woman knocked down by a cab. He went to her assistance and carried her to his room. He received a portion of her estate by will.

### "DEVIL'S AUCTION."

Well Known Attraction Will Be Presented at Oregon Theater.

Although travelling under the same name as that which it has been known for almost a generation, "The Devil's Auction," which will play an engagement at the Oregon theater on Saturday, January 2, is practically a new production, and furnishes even more fun for the crowded houses which welcome it than it did a decade ago.

Of all the old reliable pieces, "The Devil's Auction" alone retains its pristine popularity. "Evangeline" is gone; "The Black Crook" has passed into the far beyond; "Eight Bells" still remains the true, but "The Devil's Auction" holds its own.

Provided with new scenery and accessories and equipped with a capital company, the rare old spectacular piece comes into its own again, and the lightning change scenic effects and rapid fire individual action are maintained without a falter.

A comely chorus supplements the efforts of the principals, and tuneful music abounds throughout the production.

Familiar by name, "The Volcano of Hades" spouts forth flames, and the transformation into the Realm of Mephisto is accomplished with a smoothness that precludes suspicion of rustiness. "The Magic Picture Gallery" keeps the audience in a state of laughter, and "The Feast of Lanterns" introduces Fraulein Prager as premiere danseuse, with a capital corps de ballet.

The plot of the piece is familiar to all dealing with the struggle between the powers of Mephisto, the evil one, and Christaline, the fairy protectress, through which the love affairs of Carlos, the shepherd, and Madeline, the Flemish farmer's daughter, are intertwined. The good, of course, triumphs and Mephisto and his minions are put to confusion.

### The Party, Right or Wrong.

(Charles Edward Russell, in "Success Magazine.")

One great assistance upon its prosperous way was a device to which future generations will certainly look back with wondering amusement. It was called Loyalty to Party, and the essence of it was that if a man had been born a republican or had voted the republican ticket for many years, he must continue to vote the republican ticket no matter what might be the republican candidates or what might be to the man the consequences of Republican success. He must not only vote the republican ticket, but he must also get out and shout madly for republican orators, and carry torches in republican parades, and feel excited about republican victories, no matter whether there was any sense

in that or not. And he must despise every man that was not a republican and regard him as a low creature and an enemy of the country. And he must vote for a bad man for constable on the republican ticket and not vote for a good man on any other ticket. He must vote the republican ticket just as he went to church or had family prayers or tried to tell the truth.

### NO CIVIL WAR MEN IN 1950.

Expert at Estimating Length of Life Says Last Veteran Will Die Then. Chicago.—Veterans of the Civil war will become extinct in 1950, according to Past Commander G. F. Bassett. "There will be 347 veterans alive in 1940," he says, and ten years later the number will be reduced to twenty-three. The last survivor will die in 1950. This is the conclusion of men who are competent to estimate the length of human life.

### AFTER THE GRIPPE

Vinol Restored This Man's Strength

"Several years ago I was attacked by a severe case of grippe, which left me with a hacking cough, soreness in my chest, and bronchitis. I took nearly every kind of cough syrup sold on the market, besides medicine given me by physicians.

I received no permanent relief until my druggist asked me to try Vinol, and after taking three bottles I was entirely cured.

I believe Vinol to be the greatest blessing ever offered to the public, as it does what is claimed for it." R. E. R. Hicks, Maplesville, Ala.

The reason Vinol cures chronic coughs, colds and pulmonary troubles is because it contains tonic iron and all the healing and body building elements of cod liver oil but no oil.

Vinol is also unexcelled as a strength builder for old people, delicate children, weak and run-down persons, and after sickness.

## SUFFERED WITH ECZEMA 25 YEARS

Limb Peeled and Foot Was Like Raw Flesh—Had to Use Crutches, and Doctors Thought Amputation Necessary—Montreal Woman Writes of Cure Seven Years Ago.

### BELIEVES LIFE SAVED BY CUTICURA REMEDIES

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg.

They did their best, but failed to cure it. My doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, "Try them if you like, but I do not think they will do any good." At this time my leg was like a piece of raw flesh, and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Pills. After the first two treatments the swelling went down, and in two months my leg was cured and the new skin came on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that I used two cakes of Cuticura Soap, three boxes of Ointment, and five bottles of Resolvent, and I have now been cured over seven years, and but for the Cuticura Remedies I might have lost my life. I have lots of grandchildren, and they are frequent users of Cuticura, and I always recommend it to the many people whom my business brings to my house every day. Mrs. Jean-Baptiste Renaud, clairvoyant, 277, Montana St., Montreal, Que., Feb. 20, 1907."
