MAYOR SCHOLL INJURED IN RUNAWAY ACCIDENT

Escapes With Only Painful Bruises After Exciting Time—Drayman Prepares for Greater Business—Early Seed Potatoes in Demand—Local People Coming and Going.

(Special Correspondence.)

Echo, Ore., March 8.—This morning Mayor Scholl met with a painful accident. He was in a hack with three other men on the way out to do some surveying and just as they crossed the county bridge over the Umatilla river, the team became frightened and ran down the steep grade overturning the hack. All escaped without injury excepting Mr. Scholl, who was thrown about ten feet, landing on his head and shoulders. His head was severely bruised and his right shoulder, while not broken, was strained so he has not free use of it. The hack was badly demolished, but the horses were stopped before they injured themselves.

MONTANA GETS MANY LAWS.

Direct Primary Bill Fails to Pass Legislature.

Helena, Mont., March 9.—The 11th Legislative assembly adjourned sine die early Friday morning. During the session there were 404 bills introduced in the house and 132 in the senate, and of these upward of 200 will probably become laws. In a majority of these appropriations are the underlying features, there having been innumerable deficiencies, bounty claims and the like.

In great contrast to the session of two years ago, there was little railroad legislation. A fellow-servant measure was defeated, as was one which would greatly enlarge the powers of the railroad commission, although still another gave it an increased scope respecting minor details.

Direct Primary Jilted.

The session came to a close without the passage of a primary law. Early bills were introduced in either house and passed. That is, the democratic house passed a bill framed after the Oregon law, while the republican senate passed one diametrically opposed. The house killed the senate measure, while the house bill fared no better in the senate.

Later, the senate prepared and passed a compromise between those

bills and sent it to the house. The house adopted one or two objectionable amendments, which the senate refused to accept, and the bill went the route of its predecessors. It provided that the candidates receiving the greatest number of votes should have the respective party nominations and that this information should be transmitted to the legislature as a "request" from the people.

Not a few important bills met an adverse fate, including the following: State road to be built by convicts; anti-cigarette law, to provide whipping-post punishment for wife-beaters and those living on the earnings of fallen women; early closing of saloons and state-wide prohibition; free vaccination of pupils and teachers; permitting limited boxing contests and employers' liability act. Two bills were vetoed—city local option measure and one relating to escheated estates.

Suit of Clothes Free.

Any \$25.00 suit of clothes in Bond Bros. clothing store will be given to the maker of the best shooting score made from the 4th of March until the 14th, at the Stevens & Smith shooting gallery, 709 North Main street, recently purchased by R. M. Stark. Second highest score receives 10 per cent of the pipe shooting receipts.

UNCLE SAM GETS COPY OF BATTLESHIP PHOTOS

Washington, March 9.—Hereafter persons not belonging to the naval establishment, given permission to photograph war vessels, or navy yards, will be required to furnish, without cost, duplicates of all pictures taken. These pictures may be used by the department for such purposes, other than commercial, as it may deem advisable. Moving picture films are included.

Milton Wants A-Y-P Exhibit.

Secretary Jack Huston of the Commercial Association has received a letter from the secretary of the Milton Progressive Association in which the Pendleton organization is asked to co-operate in a movement to persuade the county court to appropriate \$10,000 to be used in making a Umatilla county exhibit at the Seattle fair. As it has practically been decided locally that no exhibit is to be made, there is little chance of action being taken.

Next Monday, March 15, 9 p. m., a set of sterling silver pearl handle knives and forks will be given away at the Dime. Full particulars given on the curtain of the Dime. Set now on exhibition at Kinley's jewelry store.
