

Mr. Pendleton Merchant! --- Mr. Safe Investor!

Make Pendleton the Commercial Distributing Point of the Great Central Oregon Country.

It is possible to accomplish this and at the same time net a large income to those who are active in bringing it about.

The inter-state telephone company has in operation 221 miles of poles and wires owned by the company, together with 81 miles of leased line operating 192 phones outside of Pendleton. The terminals are through the Pacific telephone companies exchange in Pendleton connecting this city with Pilot Rock, Ukiah, Lehman Springs, Butter Creek extending up McKay creek 25 miles, up Stewart creek 18 miles, up Bear creek 8 miles, up Jack canyon 8 miles. In addition to the above there are 31 miles of a branch line leading off from the main line. Our entire equipment is the latest and best to be had and our phone service is credited as being equal to any in the state.

The company has the above lines actually in operation representing an investment of \$18,000 and not only is it a paying investment but the demand for new phones is greater than the possibility at present to furnish the phones.

We are receiving CONSTANT INQUIRIES and APPLICATIONS from Ridge, Dale the famous Ritter Springs clear down to Canyon City, Lang Creek and Susanville in Grant county for phones, and have decided to EXTEND THE LINES OF THE INTER-STATE TELEPHONE COMPANY TO THESE POINTS.

In order to accomplish this it has been decided to raise \$10,000 for extensions, of which amount, \$7,000 is to be spent this year.

Here is where we need the co-operation of you Mr. Pendleton Merchant, and you Mr. Safe Investor. To raise this \$10,000 the company has authorized an issue of \$10,000 gold bonds bearing 7 per cent. interest, and payable semi-annual with a reservation to retire the issue at the expiration of three years. The bonds are to be a ten year issue and will be secured by a trust deed covering the present well developed property and all the property or equipment that may be acquired by the extension made possible by the bond issue.

MR. PENDLETON MERCHANT—This should appeal to you because Pendleton is the leading and topographically the logical trading center for this vast area in southern Umatilla county and northern Grant county. This country is being settled up rapidly. There is new business springing up every day—BY THE AID OF THE TELEPHONE YOU MAY RECEIVE AND FILL THEIR ORDERS. ALL NEW BUSINESS TO YOU.

MR. SAFE INVESTOR—you should be interested in this project because it is an ABSOLUTE SAFE INVESTMENT. The telephone is no experiment but a practical necessity. This is no wild-cat scheme or undertaking in which the bond holders take the least risk. THE INTER-STATE TELEPHONE COMPANY IS ESTABLISHED and PAYING A HANDSOME RATE OF INTEREST ON THE AMOUNT INVESTED. The territory beyond us has assured their support and APPLIED FOR PHONES if we will only extend our lines to them. The bonds we are selling are a gilt edged investment for you.

The people of Grant county have meager facilities for communication with the outside world. PENDLETON AND PILOT ROCK ARE THE NATURAL RAILROAD SHIPPING POINTS FOR THE NORTHERN PORTION OF GRANT COUNTY, BUT AT PRESENT THERE IS NO TELEPHONE LINE CONNECTING THEM. LOOK WHAT THIS MEANS TO PENDLETON IF WE DIVERT THE TRADE OF THAT VAST REGION TOWARD HERE. It is a known fact that first comes the telephone and then the railway. There is a great future in store for southern Umatilla and northern Grant county, rich in its agricultural grazing and timber lands and Pendleton will be the chief city to reap the benefit of this development. The Inter-state Telephone Company at present has a net work of wires over central Umatilla county, its exclusive field. Is it not easy to see the bright future before this company. These communities have developed faster than the facilities of communication have presented themselves. THE DEMAND IS FOR IMMEDIATE ACTION AND THE APPEAL SHOULD NOT GO UNHEEDED.

We will be pleased to explain our proposition thoroughly to anyone interested, to show our stability financially and give you an insight in the present successful workings of the Inter-state Telephone Company.

OF INTEREST TO WOMEN

She Is Still a Mystery.

She declares her heart is a wide-open book; And I fancy therein I should like to look. But her changeable mind Flaps the pages about And what's written there I can not find out.

Useful Tea Leaves.

Tea leaves have many uses and should not be carelessly thrown away. Drain them and they are useful to strew over a carpet or floor to keep the dust from rising while sweeping a room. They are good to clean glass water bottles; it is also good to leave to remove the disagreeable odor.

Oldest Maid Says "Don't Marry."

Lynn, Mass.—"If you want to live long and die happy, don't get married. Take this advice from me, the oldest maid in the country. Aunt Phoebe Wade, celebrating her 102d birthday, gave this advice to a group of school teachers who called. Explaining why she had never married she said that when her mother died she promised her that she would look after her father always. "When he died I was rather a back number, you see," she remarked.

A Laugh Fest For Grown-Ups.

An evening of laughter is a good thing. It clears away the cobwebs left by work in office or at home and straightens out features rendered set and congested by too much serious thought. A good way to have such an evening is to give a children's party. Send out invitations written on note paper with a colored picture in one corner of each. Have them read in something like the following manner: "Miss Beesie Brown and Master Billie Brown will give a party on Tuesday, August 9, 1909, at 8 o'clock sharp and they would like very much to have Miss Sallie Sardy and Master Sammie Sardy come. (Kindly dress as you dressed when you were a couple of kids.)"

Care of the Eyebrows.

The eyebrows should receive as careful and as frequent attention as the hair. With a bit of cold cream, or better still, vaseline, on the tips of the fingers gently rub the eyebrows to remove any possible specks of dandruff, for they are often subject to this annoyance. Now wash them with a mixture of alcohol and water and lastly brush them. A little brush for the exclusive use of the eyebrows should be on every dressing table.

Sets His Girl on Fire.

Wheeling, W. Va.—Said to have been disappointed in his suit for marriage, Joseph White, 28 years old is alleged to have gone to the room of Magdalena Fortuna, 15 years old of Pittsburg, today and attempted to burn the girl to death after pouring

gasoline over her clothes. The girl was seriously burned. White was arrested.

Finds \$5 in Package of Meal.

Dayton.—While preparing breakfast this morning Mrs. L. M. Parke found a \$5 gold piece in a package of meal purchased at a local grocery store. Mrs. Parke had been using meal from the package for several days. This morning, while making mush, she felt some heavy article shake in the box, and having read of persons finding anonymous notes investigation with a tablespoon. Finding nothing she poured the meal into a dish and a bright \$5 gold piece fell from the package. How the gold piece came to be in the package of meal is a mystery.

Wants \$10,000 For Stolen Kiss.

Ella Titebaum, a young girl aged 12 years, by her father, Nathan Titebaum, filed a damage suit in the superior court, yesterday against Nassif, alias Nahal, George and Michael George, asking \$10,000 for being hugged and kissed by the former against her will. The girl states that she went to the store of the Georges to buy a pair of gloves, and that as she entered the front door Nassif George caught her by the waist and hugged and kissed her several times. The girl further says that Michael George stood by and laughed and encouraged his brother, and that there were fifteen or eighteen men in the store.

Oatmeal Bread.

Soak one cup rolled oats in one pint of hot water an hour, add one half cup of molasses, little salt, table-half yeast cake in one half cup of warm water, stir it into the mixture when cool enough, add one large quart of wheat flour. Let rise like white bread over night, or if wanted for rolls for tea mix up in morning.

Crisp Fried Oysters.

Take two eggs and beat to a froth; add one pint of milk and season with one tablespoon of salt; then take the oysters from their own liquor and put them in cracker dust and put them in egg batter; then put them in bread-crumbs; fry them in deep, hot fat.

Johnny Cake.

One and a cups Indian meal, one cup of flour, half cup of molasses, one teaspoon soda, sweet milk to mix thin, pour in well greased pan. Bake until brown.

Gives Salary to Charity.

Commissioner Rudolph Blankenburg of Philadelphia celebrated the New Year by presenting his three years' salary of \$15,000 in equal parts, to the teachers' annuity fund and the police and firemen's pension funds. Mr. Blankenburg is not only a fearless municipal reformer, but a strong advocate of woman suffrage. Mrs. Blan-

kenburg was president for years of the Pennsylvania W. S. A., and their beautiful home has long been headquarters in Pennsylvania for lecturers in behalf of equal suffrage and many other good causes.

A New Ham Dish.

Mix one large tablespoon of currant jelly with one cup of cold broiled ham previously chopped. Then mix with a smooth paste and season with one tablespoon of softened butter and one saltspoon of paprika. Spread the mixture on rounds of toaster bread and sprinkle with chopped stuffed olives and hard boiled eggs.

Argument for Womens suffrage.

A suffragette lecturer recently brought down the house with the following argument: "I have no vote, but my groom has. I have a great respect for that man in the stables, but I am sure that if I should go to him and say 'John, will you exercise the franchise?' he would reply, 'Please, mum, which horse is that?'"

Prime Jelly From Prunes.

A very delicious dessert is made with prunes as a foundation. Steam the prunes until they are soft. Then take out the stones and fill them into a wet mold. Turn over them a jelly made of a cupful of sherry a tablespoonful of lemon juice, the juice of two oranges and half an ounce of gelatine soaked in half a cupful of cold water and dissolved in half a cupful of boiling water. Serve with whipped cream.

Arrowroot Milk.

Mix two or three tablespoonfuls of arrowroot with half a pint of cold water; stir it well to clean; let it stand for a few minutes, and pour off the water. Stir in some pounded sugar; boil a pint of milk and pour it gradually upon the arrowroot. Stirring well at the time, let it come to a boil. Or water may be used instead of milk, with the addition of a few drops of lemon essence and a little nutmeg.

Baked Hominy.

Mixed into hot boiled hominy either large or small grained, a little cream and three beaten eggs and two tablespoonfuls of sugar. Bake in individual ramequins, and when the custard is set sprinkle over the top of each some crumbled pop corn sprinkles with melted butter and a little sugar. Return to the oven to brown slightly. Eat with sweetened cream, or honey, or maple syrup.

Corn Muffins with Sour Milk.

Sift together a cup of corn meal, a cup of graham flour and a tablespoonful of salt, a teaspoonful of butter and two tablespoonfuls of sugar. Mix to a batter with one cup each of sour milk and cream. If one has no sour cream use a cup with melted butter. Bake in hot, and substitute the other fourth of one cup with melted butter. Bake in hot well-greased muffin tins.

For Sale—Alfalfa and fruit farm. 12 miles west of Pendleton. Enquire at the Standard Grocery for information.

Trained Lions to Be Seen With the Parker Carnival Co. This Week.

NOTES OF INTEREST TO THE SHEEPMAN

For seven months, ending January, the imports of wool into the United States were 162,629,982 pounds, of which practically one-half were class three or carpet wools, and something over 46,000,000 pounds of clothing wool, and a little over 10,500,000 pounds of combing wool.

The flockmasters who run sheep in the Boise national forest of Idaho and have decided to get into harmonious relations with the forestry service for mutual cooperation, have done the wise thing, and will find Jordan a much smoother road to travel from this time forward. If you can't have all you want by fighting an unequal battle, and you can get the next best thing to it by cooperation and the conciliation that, is, by all means, the thing to do.

The number of sheep exported from the United States during the eight months ending February was 50,969. Of this number about 32,000 were shipped from the Puget Sound port, over 9000 from Boston and Charlestown and over 5000 from Baltimore. As compared with the number shipped during the same period the previous year a decrease of some 5000 head is noted. In the language of the Yankee sheep export trade compared with other days has "gone to pot."—Sheep Breeder.

KING OF LOCOMOTIVES.

Largest Locomotive Ever Constructed to Be Used in Sierra Nevada. Chicago.—The largest locomotive ever constructed is on its way today from the Baldwin locomotive works to this city, and after a few days' exhibition at the yards of the Northwestern road, will be sent to the Sacramento-Reno division of the

Southern Pacific for hauling on the heavy grades of the Sierra Nevada mountains. The engine in reality is two locomotives and is two and two tenths times more powerful than any other locomotive at present in the company's service.

With its tender, this locomotive, in working order, will weigh about 300 tons.

With a sister machine, about completed, this monster locomotive is for the Southern Pacific. The two locomotives, one hauling and the other pushing, will be used together in moving trains from Roseville, Cal., up the steep west slope grades to the summit of the Sierra mountain range, a distance of 87 miles. Each will do the work of two of the largest locomotives now in use.

Of the Articulated Type.

These machines are of the Mallet articulated type. The locomotive is called "articulated" because the frame is jointed at mid-length, and the forward wheels thus constitute a truck, which swings about the fulcrum pin when the locomotive is rounding a curve. Thus, although the total wheel base is long, 66 feet, the rigid wheel base is comparatively short. Each group of driving wheels is operated by a separate pair of cylinders and these are arranged on the compound system.

TO AILING WOMEN.

A Little Sound Advice Will Help Many a Sufferer in Pendleton.

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are sick. Kidneys and bladder get inflamed and swollen, crowding the delicate female organs nearby and sometimes displacing them. This is the true cause of many bearing-down pains, lameness, backache, sideache, etc. Urine poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, the remedy that cures sick kidneys. You will get better as the kidneys get better, and health will return when the kidneys are well. Let a fellow-sufferer tell you about Doan's Kidney Pills.

Mrs. J. T. Galloway, C. et., Elgin, Ore., says: "Judging from the benefit I derived from Doan's Kidney Pills. I can recommend them as a reliable remedy for the kidneys. I used them principally for a severe pain across my back, which had annoyed me for some time. The results that followed the use of the first box were so beneficial that I continued taking them and my back has given me but little trouble since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents. Remember the name—Doan's—and take no other.

Daily East Oregonian by carrier, only 15 cents per week.
