### JAMES J. HILL VISITS THE WHITE HOUSE

Washington.—James J. Hill, chairman of the board of directors of the Great Northern Railway company, paid another visit to the White House today. This time it was to discuss with President Taft, on behalf of the Seattle board of trade, the arrangements for the entertainment of distinguished delegation of Japanese who will visit the Alaska-Yukon-Pacific exposition next summer.

It is proposed to extend the scope of the trip to include the principal cities and government officials, trying to find a way of meeting the railroad expenses of the delegation, leaving to the commercial bodies the entertainment of the Japanese in the various cities.

### WANTS TRAIN FOR PRESIDENT'S EXCLUSIVE USE

Washington.—If a bill introduced today by Representative Dwight of New York, becomes a law, the United States will own a complete railroad train consisting of a baggage car, a sleeping car and a private car for the exclusive use of the president.

Sixty thousand dollars to be expended by the secretary of war is provided and he is authorized to enter annually into contracts with railway companies for hauling the train.

For expenses in connection with the travels of the president, his guests and attendants, \$25,000 is appropriated to be available immediately.

## UMATILLA COUNTY REBEKAHS GATHER

### MEET TO WELCOME STATE PRESIDENT OF ORDER

Mrs. Mary E. Smith of Grants Pass, Assembly President of Oregon, Visits—Occasion Is the Official Trip to the County—More Than a Hundred Extend Welcome—All of the Larger Towns of the County Represented.

More than 100 Rebekahs from the different lodges in Umatilla county met at Odd Fellows hall this morning to extend a welcome to Mrs. Mary E. Smith of Grants Pass, assembly president for Oregon. The occasion for the gathering was the official visit of this head officer to Umatilla county. Not being able to visit each of the lodges personally, arrangements were made for the different towns to send ten delegates each, to the meeting in this city.

The towns represented are Pilot Rock, Hermiston, Echo, Athena, Weston, Milton, Freewater and Helix. While the full ten delegates were unable to be present from all the visiting lodges the number of Pendleton members brought the number present well over 100.

Beginning with 9 o'clock this morning the day was given over entirely to business sessions. Tonight, however, the meeting will be business and social combined, ending with a banquet in honor of Mrs. Smith.

### DISTRIBUTION OF THE POPULATION OF THE EARTH

The present population of the earth estimated at 1,467 millions, is distributed very unevenly. The average density of population of the entire land surface of the globe is about 31 inhabitants per square mile. This total land surface which slightly exceeds 46 million square miles, is composed of 23 million square miles of fertile land, 14 million square miles of tundra, and 4 million square miles of deserts. Ravenstein estimates the fertile regions at 207 persons per square mile, and thus (allowing 14 persons per square mile to the steppe regions) obtains 5,994 millions as the maximum population of the globe. The present rate of increase per decade is 8.7 per cent in Europe, 6 per cent in Africa, 30 per cent in Australia and Ocean, 20 per cent in North America, and 15 per cent in South America. The mean of increase for the whole earth is 8 per cent per decade. At this rate of increase the earth would be completely filled with its maximum population of 5,994 millions in the year 2072; or in 153 years from the present time—Scientific American.

### ELEPHANT'S FOOT A MORSEL FOR ROOSEVELT

London.—While Colonel Roosevelt is in Africa he will have an opportunity of tasting that delicious dish, baked elephant's foot. The elephant Indicus or Elephas (Loxodon) Africanus walks on his toes and the bulk of his feet. The real foot of an elephant extends up some distance from the ground. Like the "trotter" of the hog, the foot of the elephant is full of gluten, and the flesh, if properly baked, is very tender, tasting something between pork and chicken. From a freshly killed elephant the foot is cut off at the ankle, and baked in a hole in the ground which has previously been heated with hot stones. The hole must be read hot and a few heavy stones left in the bottom. The foot having been put into the hole, which is made just about big enough to receive it—some natives line the hole with green leaves—and sand is shoveled over it and left to cook. One must not be in a hurry for his dinner. When taken out and the thick skin peeled away a delicious morsel awaits the epicure.

### Pastime Theatre

New today, April 30. Something unusual. Three feature films are all to go on at one show.

"A Pair of White Gloves," (Dramatic). An exciting story.

"The Drive for a Life," (Dramatic). A thrilling story of a woman's jealousy.

"Martyrdom of Louis XVII." A historical drama of interest.

"Hungary," (Scenic.)

Dressed chickens at Ingram's Saturday.

The Drug Store That Serves You Best.

# Women Are Creatures of Habit

Many a woman is today using lard because she has done so year after year and her mother used it before her. If she only knew that in *Cottolene* she would find a shortening pure and without the taint of hog fat, a shortening more digestible and healthful than lard, a product more economical and satisfactory than lard in every way, wouldn't she be a bit stubborn if she didn't try?

When American spelling is revised, L-A-R-D will be spelled E-N-D-I-G-E-S-T-I-O-N, not for a saving of time, but, rather of stomachs.

*Cottolene* is not a substitute for lard, but a pure vegetable product that is far superior to it.

**COTTOLENE is Guaranteed** Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

**Never Sold in Bulk** *Cottolene* is packed in pails with an airtight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

**Cook Book Free** For a 2c stamp to pay postage, we will mail you our new "PURE FOOD COOK BOOK" edited and compiled by Mrs. Mary J. Lincoln, the famous Food Expert, and containing nearly 300 valuable recipes.

Made only by THE N. K. FAIRBANK COMPANY, Chicago

## "Nature's Gift from the Sunny South"

## VALUABLE ADDITION TO LOCAL LIBRARY

Mr. and Mrs. H. C. Stephens have made the first contribution of books to the Pendleton public library since the city assumed control.

The members of the board are pleased with this valuable contribution and desire to express their appreciation.

For gifts of this character it is the intention of the board to have a book plate made to place in each volume giving the name of the donor and date of the gift.

Following is the list:

- Compayre, Gabriel—Psychology applied to education.
- Baldwin, Joseph—Psychology applied to the art of teaching.
- Fleetwood, John—Life of Christ.
- Fleetwood, John—Bible reading for the home circle.
- Fleetwood, John—Great discourse.
- Hallman, W. N.—Lectures on education.
- Painter, F. V. N.—History of education.
- Spencer, Herbert—Education.
- Herbert, J. F.—Science of education.
- Harrison, Elizabeth—Study of child nature.
- Ruskin, John—Ethics of the Dust.
- Dana, J. D.—Geological story—briefly told.
- Ruff, H. W.—Century Book of Facts.
- Goldsmith, Oliver—Poems.
- Scott, Sir Walter—Marmion.
- Lowell, J. R.—Bible Papers.
- Lamb, Charles—Essays of Elia.
- Irving, Washington—Bracebridge Hall.
- Carlyle, Thomas—Sartor Resartus.
- Mitchell, D. G.—Reveries of a Bachelor.
- Emerson, R. W.—Representative Men.
- Schreiner, Olive—Dreams.
- Myers, P. W. N.—General History.
- Nevine, W. W.—Travels in England and Italy.
- Locher, A.—With Star and Crescent.
- Frost, John—Pioneer Mothers of the West.
- Marenholz-Bulow, B. M.—Berenness von—Reminiscences of Froebel.
- Austen, G. L.—Life and Times of Wendell Phillips.
- Vassar, T. C.—Uncle John Vassar.
- White, James—Eighteen Christian Centuries.
- Three Bound Vols. Current Literature.
- Two Bound Vols. The Arena.

- Balzar, Honorede—Pere Goriot.
- Juvenile.
- Giberne, Agnes—Declina's Promise.

One day, star Pendleton athlete depicted ineligible for competition at Washington State College.

Bert, Paul—Introductory Steps in Science.

### Wireless Telephony

Cable advices from Europe in the past few days state that the tests of Professor Jajorana's wireless telephony which are being carried on in the Italian navy have proved entirely successful and it is very probable that the system will be soon adopted on all war vessels. The last trial was made between the wireless station of Anzio at Rome and the torpedo destroyer "Lanciera" off the coast of Sicily near Trajani, a distance of over 500 km. The naval officers at each end not only heard distinctly every word spoken, but could even recognize the voice of the speaker. The Italian minister of marine is enthusiastic over the invention, which he hopes is capable of further improvements so that it can be used over longer distances.

Fresh spinach, asparagus, lettuce, cabbage, radishes, green onions, tomatoes, pea plant and strawberries at Ingram's grocery.

### JAMES STAMPER DIES AT HIS ATHENA HOME

(Special Correspondence.)

Athena, Ore., April 29.—James Stamper, one of the pioneer citizens of this section, died here last night about 10 o'clock. Mr. Stamper was getting old and his health had been failing for some time, yet his death came so suddenly that it was a great shock to all. He was a prominent member of both the L. O. O. F. and W. O. W. lodges of this city. He is survived by a wife and children. Arrangements have not yet been made for the funeral, but he will probably be buried tomorrow.

The annual mineral yield of the British empire exceeds \$1,000,000,000 in value.

### THE DOCTOR'S QUESTION.

Advice Against the Use of Harsh Purgatives and Physics.

A doctor's first question when consulted by a patient is, "are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with noxious gases and waste matter which naturally accumulates and which must be removed through the bowels before health can be restored.

Salts, ordinary pills and cathartics may be truly likened to dynamite. Through their harsh, irritating action they force a passage through the bowels, causing pain and damage to the delicate intestinal structure which weakens the whole system, and at best only produces temporary relief. The repeated use of such treatments cause chronic irritation of the stomach and bowels, hardens their tissues, deadens their nerves, stiffens their muscles, and generally brings about an injurious habit which sometimes has fatal results.

We have a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of its great curative value, that we promise to return the purchaser's money in every case when it fails to produce entire satisfaction. This remedy is called Rexall Orderlies. We urge you to try them at our entire risk.

Rexall Orderlies are very pleasant to take, they act quietly and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulency, excessive looseness, diarrhoea or other annoying effect, and they may be taken at any time without any inconvenience.

Rexall Orderlies overcome the drugging habit and cure constipation and all similar ailments, whether acute or chronic. They are especially good for children, weak persons or old folks. Price, 35 tablets, 25c, and 12 tablets, 10c. The Pendleton Drug Co.

## Good News to Lovers of Good Bread and Cakes.
