SLOW PROGRESS WITH YOUNG WILL

LAWYERS TRY TO IMPEACH TESTIMONY OF WITNESSES

Use This Means to Prove That the Latest Will is a Forgery—Mrs. Stacey Makes Damaging Admissions—Mrs. Warner Has Not Yet Finished With Her Witnesses—Witnesses for Other Heirs Will Require Several Days.

The hearing in the contest of the latest discovered will to the J. W. Young estate is progressing very slowly, and from present indications witnesses will be giving their testimony before County Judge Gilliland for several days. Mrs. Warner has not finished with her witnesses yet, and probably will not before tomorrow night, and it is certain that the witnesses for the other heirs will consume several days.

It is evident from the line of cross-examination which Attorney James A. Fee has been handing out that an effort is to be made to impeach the testimony of Mrs. Della Stacey and S. V. Knox, the two principal witnesses for Mrs. Warner. Knox's name appears as a witness to the will, while Mrs. Della Stacey has been called to prove that her father, whose name appears as the other witness, actually did place his mark on the document. With their testimony impeached the work of proving the will a forgery will be greatly simplified. Mrs. Stacey Makes Admissions. Mrs. Stacey was compelled to admit while on the stand that she was twice arrested in the city of La Grande on the charge of adultery. She also made other damaging admissions concerning her life in recent years which will be used against her.

DIAMONDS AGAIN

If we could we would whisper this into the ear of every person in town—"You don't need to be 'up' on diamonds when you buy here."

We expect you to go slow of course, for you are buying for a lifetime—but after you have decided upon styles and settings and things, you may safely leave qualities to us.

Some new arrivals in Ladies' and Gents' Rings—diamonds singly and in combinations. We want you to see them. No matter whether you spend \$20 or twenty times that amount, we promise you that you will carry away as much for your money as you could get anywhere in the land. Seeing is believing.

DIPLOMAS FOR 116 AT OREGON AGRICULTURAL

Corvallis, Ore.—The largest class in the history of the state college will be graduated this year on June 16. There will be 116 who will receive diplomas, 105 of whom will take the degree of B. S., the remainder having completed work for advanced degrees. The department of electrical engineering heads the list with 28 graduates, the departments of commerce, domestic science and art and agriculture follow with 19 each, and the department of civil engineering, mechanical and mining will have, respectively, 10, 7 and 5 graduates.

A great deal of preparation is being made by the committee in charge for the commencement exercises. On Friday, June 11, the final of the inter-society debates for the Gatch cup will take place. The following evening the junior prom, which is always a main feature of commencement week, comes off in the armory, and the next morning at 10:30 Dr. Dyott, pastor of the First Congregational church of Portland, will deliver the baccalaureate sermon. Monday, the 14th, has been set aside as class day. That evening the school of music will present the opera "Mikado." June 15 will witness a grand military parade, at which all orders for promotions in the department will be read. The evening of this day will be given over to the O. A. C. alumni banquet to the graduating class. The grand finale comes on Wednesday, June 16, at 10:30 a. m. when the 116 graduates will receive their diplomas. W. W. Cotton of Portland had consented to deliver the commencement address, but business in New York about the middle of June caused him later to decline. As yet a speaker has not been secured.

NEGRO SOCIETY SAYS TAFT IS RETROGRESSING

Columbus, Ohio.—The national negro american league adopted resolutions condemning what the negroes call the policy of retrogression advocated by President Taft.

Appointments made by the president are criticised, especially of democrats with alleged ante-bellum tendencies. The attitude of the president has had an effect prejudicial to the negro in industrial life, it is declared inasmuch as membership in labor unions, which they have held for years, is now seriously objected to. The "executive color line policy" of the president is denounced and it is demanded that he square his policy with the Chicago platform so far as the 14th and 15th amendments are concerned.

The league adopted an address to the nation that was read at a John Brown memorial meeting here tonight, John Brown, aged 36, of Arkron, O., son of the famous John Brown, and W. F. Cook, of Baltimore, son of John Brown, made addresses.

It is stated that there are 17,000,000 children in Russia who are unable to get any education whatever.
