## BIG AUTO TOUR WAS A SUCCESS

### CHICAGOANS WERE WELL ENTERTAINED HERE

#### Whirl Through Wheat Section Was Enjoyed by Visitors and Local People Alike—Over 20 Machines Met Party at Athena Depot—List of Those in the Expedition Together With Guests.

The big auto tour of the wheat belt of this county made yesterday for the entertainment of the Chicago business men's party was undoubtedly the largest and most successful event of that kind ever pulled off in eastern Oregon.

From the start of the trip to the time the last auto reached Pendleton in the afternoon there was not an accident or a single unpleasant incident to mar the pleasure of the occasion. Visitors and local men alike were unanimous in declaring the trip a complete success and much credit was given President Wilcox and others of the creditmen's association for the efficient manner in which the affair was handled.

When the Chicago men's special train reached Athena at 12:40 between 20 and 25 autos were lined up at the depot waiting to escort the strangers to this city. W. E. Brock, A. L. Knight and J. H. Gwinn, all of the local association, had met the party in Walla Walla and introduced the men to the local people at the depot. The autos were then filled and the start homeward made.

After leaving Athena each auto followed a course of its own, so as to avoid dust, and the trip was a very pleasant one. After a detour through the wheat country each auto headed for Pendleton and the last of them reached the city just in time for the occupants to catch the train at 3 o'clock.

The following is practically a complete list of the auto owners who participated in the trip and helped entertain the visitors: H. J. Taylor, J. T. Llewellyn, D. Streckman, William Temple, W. J. Stockman, John Crow, Sam Thompson, William Caldwell, James Sturgis, T. C. Taylor, Dave Nelson, Ike Christopher, Col. J. H. Raley, whose car was driven by Mr. Tuttle, Jesse Hales, John Hagen, Carl Hales, E. A. Snyder and Walter McCormack. The last named had three autos, from his garage, in the expedition.

Aside from the above the following local people were with the party: R. H. Wilcox, president of the credit men's association, G. M. Rice, Charles Bond, E. F. Schuyler, A. W. Robinson, Harry Gray, Fred W. Lampkin, E. B. Aldrich, T. J. Tweedy, Major Lee Moorehouse, Ed Kirkpatrick, Thomas Thompson, F. E. Livengood, M. A. Rader, T. C. Warner, A. L. Shafer, Will Moore, W. L. Thompson, R. Alexander, J. V. Tallman, G. I. Ladow, W. R. Withee, Clint Buzan and Mr. Longergan.

Several Athena autos also joined the party at that point, among the number being Rep. C. A. Barrett.

A total of 425 angling licenses had been issued at the county clerk's office before noon today, and from the way applications were being received it is evident that the number is to go above 500 before the close of the season, possibly before the close of the day. Mrs. Anna Z. Crayne, late of the eastern Oregon normal school, has been chosen to have charge of the domestic science course and of the girls' hall at the Pendleton academy. B. from the Bentley Institute of Richmond, Va., and also took two years' work at the St. Louis Medical college. She was an instructor at Whitman college for six years and had been at the E. O. E. N. ## PORTLAND PORCH CLIMBERS ROB SEVERAL HOMES

Portland.—Porch climbers raided the residence of W. S. Miller at 450 East Seventeenth north early Tuesday evening and made off with property to the value of about \$250. The same burglars presumably broke into the Curry residence next door to that of Mr. Miller and ransacked the house.

Both the Miller and Curry families were on the west side taking in the Rose Festival when the burglars made their raid.

When Mr. Miller returned home about 11 o'clock he found everything in the house turned topsy-turvy, and while not having checked up his loss has so far missed valuables worth between \$200 and \$300, which consisted for the most part of watches, rings, silverware, souvenir coins and several dollars in silver. Mr. Miller also found he had lost two medals won by him when at college. Considerable money that had been kept in the house was banked yesterday afternoon. A valuable lot of solid silverware was overlooked by the burglars, although a number of pieces that were scattered around the house are missing.

Immediately upon returning home last night Mr. Miller reported the robbery to police headquarters, but it was fully an hour and a half before an officer responded to the call. Every indication points to the fact that the burglars climbed up the front porch and entered the house through the second story windows, as the whole lower floor was locked and no evidence was found of their breaking in.

Entrance to the Curry residence was made by breaking in the kitchen door.

"That which is worth having is worth advertising for."

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today. The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocketbook—is obtained readily through advertising, and with difficulty, or not at all, through other means.
