One Marriage License.
A marriage license was issued today to Martin P. Allen and Florence Mae Armstrong. Allen is from Spokane.

Judge Marries Two.
At his home Thursday evening, Judge Gilliland united two couples in marriage. They were Elmon M. Morris and Stella E. Gould, and Herbert Stredwick and Precious Adkins. All were from Milton.

To Reopen Old Blacksmith Shop.
Charles Richmond and A. D. Siebert, both of whom were formerly with the Sloan blacksmith shop, have rented the old Folsom shop at the corner of Court and Vincent streets. They will open a general blacksmithing and woodwork shop at that location, having purchased the equipment of the old shop. Mr. Richmond is a skilled woodworker while Mr. Siebert is an expert blacksmith.

Horses Stampede on Street.
A band of horses being driven through the city this morning, stampeded on Main street and created considerable excitement for a few minutes. Several of them lost their footing and for a short time it looked as though there would be a general pile up and broken bones. Fortunately all escaped without apparent injury, though many of them were badly shaken up. Some of the animals slid along on the pavement for 15 or 20 feet after losing their footing.

CONFERENCE FIXES TARIFFS IN WOOL

Washington, July 17.—The tariff conferees today reached an agreement on wool schedule. Yarns valued at thirty cents a pound or less are reduced five per cent below the existing law. Wooltop, meaning the stage of manufacturing between the scoured wool and the yarn, is materially reduced. A special rate will be made. The rest of the schedule remains the same as the existing law.

YOUNG CORBETT WILL FIGHT FRAYNE TONIGHT

San Francisco, July 17.—Young Corbett, despite long training, is unable to get down to the stipulated 135 pounds, for his fight with Johnny Frayne at the Mission street arena this afternoon at 3:15. Frayne does not mind a pound or two, and will fight Corbett anyway. The betting is 10 to 7 with Corbett on the short end.

LONGWORTH SAYS TAFT'S SPEECH WILL LOWER TARIFF

Washington, July 17.—Congressman Longworth said today that President Taft's statement yesterday regarding the tariff revision downward was made a psychological moment, and would result in lowering many schedules. He said he was almost certain that free hides would be one of the results.

GREAT NORTHERN TO EXTEND ROAD TO MONTANA

Helena, July 17.—The Great Northern has filed papers in this state declaring their intention to build a line from Hinsdale, Montana to the Canadian line, 90 miles.

JAMES HAZEN HYDE ACQUITTED OF MANSLAUGHTER

Paris, July 17.—James Hazen Hyde the former insurance magnate of New York, was today acquitted on a charge of manslaughter, because his automobile killed a boy here recently.

DIES A HERO.

Oregon Boy Gives Life in Trying to Rescue Companion.

Portland.—News was received by his sister in Portland yesterday of Albert J. Elton in Goldfield, Nev., Sunday. Mr. Elton was a mining engineer in charge of the work. There was an explosion of gasoline in the shaft and two men were fatally injured. He climbed down the ladder to their rescue and was overcome by the fumes before assistance could reach him.

Albert J. Elton was the son of John Elton, of The Dalles. He was born in Wasco county and was 27 years old. He graduated from The Dalles high school and also from the University of Oregon, where he qualified as mining engineer, getting his degree last year. Last fall he went to Nevada to follow his profession. His untimely death in an attempt to save the lives of his fellow-men closes a career that had brilliant promise. He was a forceful boy and man and would have made his mark in the world if he had been spared. Active and industrious, he had never an idle moment. His vacations were spent in work to provide the means to attend school, and his ambition was to qualify for the best.

He is survived by his father, residing at The Dalles; a sister, Miss Minnie Elton, teacher in the Center Addition school; a brother in Alaska and another in Idaho, and two young sisters now in The Dalles. He was a member of the Knights of Pythias, under whose auspices the funeral will be held when the body arrives, and interment will take place at The Dalles.

No More Logs on River.
It is the purpose of the Booth-Kelley company to run no more logs on the Willamette river, says the Eugene Register. It is a treacherous logging stream and they have lost many logs during the many drives and now that they have railroad connections, they will be able to supply the Wendling and the Springfield mills by rail.

CHICKEN THIEVES MAKING RAIDS

MANY HEN ROOST ROBBERIES REPORTED TO THE POLICE

No Arrests Have Been Made but It is Reported That Several are Suspected by the Officers—Owners Reported to be Cleaning up Their Paddocks and Shot Guns.

The chicken thief is abroad in the land, according to reports, and the owners of feathered bipeds are keeping paddocks on their doors and loaded shot-guns ready for use. Though no arrests have been made it is said the officers have some persons under suspicion and arrests may be made later.

A few nights ago Mrs. Anton Nolte drove a couple of roost robbers from her chicken yards and still more recently Mrs. Clyde Finch detected a couple of thieves in the act of helping themselves. She fired a small pistol in their direction to frighten them and was successful in this undertaking for they both made their get-away in record breaking time, one going over the front fence and one over the back. This had evidently been their second visit that night, however, for the next morning it was discovered that eight fine fries were missing. She says that next time she will shoot to hit. Mr. Finch is with Company L at the summer camp.

Other instances have been reported in which hen roosts have been visited by the night prowler and from the tenor of remarks made by the owners of chickens, the coroner may soon be called upon to act in an official capacity.

WALLA WALLA LADIES OBJECT TO BEING SPRINKLED

Walla Walla, Wash.—The young ladies of Walla Walla are up in arms unless all signs fall, the next meeting of the city council will be well attended by the fairest of the Garden city's residents. They are angry because the owners of lawns in the city will pay no attention to the rights of passers-by, and from early morning until 10 o'clock and from 5 o'clock in the evening until 9 the

sprinklers are busy throwing water on lawns and sidewalk with equal favor, and no discrimination because the sidewalks won't grow.

The trouble has been brewing for some time, but yesterday, when a bevy of girls coming from an afternoon tea, had to walk in the street for two blocks to avoid having their dresses soaked, matters came to a climax. The girls are out with petitions and will bring the matter before the councilmen at their next regular meeting.

TROUT PLANTED IN MOUNTAINS NEAR SUMPTER

Sumpter, Or.—Several thousand young trout from the government fish hatchery at Oregon City are being planted in streams near Sumpter today. The shipment of the young fish is in charge of a man from the hatchery, and every care is being taken to make the stocking of the stream a success.

Three thousand will be turned loose in the headwaters of Deer creek, another 300 in Downie lake, a land locked lake about seven miles from Sumpter; 6000 are for Trout creek, a small tributary of Burnt river, and 6000 more for some suitable trout stream near Austin.

The trout fishing in streams near Sumpter is hard to beat in any part of the state, and every effort is made by local sportsmen to preserve them. The movement of planting the trout at this time is in the hands of C. J. Johns, Findley McDonald and H. J. Reilly.

WARNER CASE WILL LAST ANOTHER WEEK

At least one more week must elapse before the Warner-Young will contest hearing can be brought to a close in the county court. Then there is no assurance that the decision will be rendered immediately, but on the contrary, there is every indication that Judge Gilliland will take several days to consider and weigh the testimony which has been taken before him.

The cross-examination of Mrs. Warner was completed yesterday afternoon and her side of the case was thereby ended. The attorneys for the contesting heirs were given until Thursday to prepare their rebuttal testimony. The introduction of this will require about three days, thus consuming the balance of next week. In the meantime some testimony will probably be taken at Walla Walla, before Court Reporter Beckwith, as referee.

YAKIMA INDIANS' CREDIT IS GOOD

North Yakima, Wash.—Perhaps the most enthusiastic visitors from this section to the Seattle exposition are Yakima Indians from the reservation who are making the trip in surprisingly large numbers. Especially are they lured by the Pay Streak, and once there they stay with it until they are "broke." Superintendent E. J. Haaze of the Yakima county building, is acting as "father" to the native Yakimans these days. Sooner or later they show up at the county building with a tale of temporary embarrassment and intimate that a loan would be acceptable. If Mr. Haaze doesn't recognize them, he calls in Mrs. Gilman, the matron, a Yakima pioneer, and if they pass muster with her they get the money. The other day a man and his wife, both Indians, asked for \$25 to get home, and Mrs. Gilman recognized them as "home folks," and thought it was "safe."

"Safe!" laughed a Wapato man to whom Superintendent Haaze told the incident and the names. "I should say so. Those Indians hold my note for five thousand dollars."

CITY STABLES UNDER NEW OWNERSHIP

A change has been made in the proprietorship of the City Livery Stables, County Treasurer G. W. Bradley having purchased the interest of W. C. Kennedy, who therefore retires from the firm. The deal was closed this morning, the money paid over and the new firm is now in control. M. J. Carney and W. C. Kennedy have been associated together as proprietors of the big stables for a number of years, and have conducted the largest business of this kind in eastern Oregon. Mr. Bradley, the new member of the firm, in addition to being custodian of the county's funds has always been a horse fancier and

at the present time is the owner of one of the best driving teams in the city.

The new firm assumes all the obligations of the old and will also collect all bills. The proprietors say the business will be conducted in the future as in the past and promise the best of treatment to all their patrons.
