## TARIFF FIGHT ON LUMBER WAS FAKE

(By John E. Lathrop.)  
Washington.—The fight over the lumber schedule having ended, a member of the "lumber lobby" who has been here since the tariff discussion began has admitted that it was largely a "tempest in a teapot," so far as the duty on rough lumber was concerned. The real essence of the stiff fight put up by the lumber interests on this schedule was inspired by fear that the demand for free lumber would be so strong that both rough and dressed grades would be placed on the free list.

"We are satisfied with the outcome of the lumber schedule in the bill as it emerged from the conference committee," he said. "We are not hurt at all, and will continue to command the market as we have in the past."

The real concern of the lumbermen was over the duties on dressed grades, as little Canadian rough lumber is shipped any distance from the Canadian border, owing to the poor economy of paying freight on the shavings which are cut off when the lumber is dressed.

Lumbermen Wrote the Rates.  
It is known that the lumbermen's committee personally fixed the rates

on dressed lumber. This was done at a meeting at the Willard hotel, the members of which were told by Mr. Aldrich to figure out what they absolutely needed to give them command of the market and insure that they would not be injured by Canadian competition. This meeting finally worked out the schedule of dressed rates and handed it in, and it was adopted without change, not only by the senate, but also by the conference committee.

The Dressed Lumber Schedule.  
So that the wide difference between the rates on lumber dressed on one and that dressed on four sides really is archaic, old fashioned and based on planing methods obsolete years ago. These rates are:  
Planed on one side, \$1.75 per thousand, or 50 cents more than duty on rough.  
Planed two sides, or planed one side and tongued and grooved, \$2 per thousand, or 75 cents more than duty on rough.  
Planed four sides, \$2.75, or \$1.50 \$1.12½ more than duty on rough.  
Planed four sides, \$2.75, or \$1.50 more than duty on rough.

Practically no rough lumber enters eastern markets. In the yards here rough lumber brings the same as planed. A lumber dealer explained this by saying:  
Hand Planing All Gone Now.  
"Of what use is rough lumber in these days to the builder? No carpenter finishes his lumber any more. The day of the man-pushed plane has gone far into the past. Then, again,

to ship rough lumber means freight on the shavings. That doesn't pay. So the trade that supplies this country peels off those waste shavings, saves the freight on them, and the builder gets his lumber ready for the joiner, and uses a plane very seldom. It is a day of millwork. The carpenter of the old time belongs to a museum nowadays."

It is the general view here that the lumbermen of this country will not be affected by the changes in the lumber duties.

## PHILIPPINE WAR VETERANS MEET

### NATIONAL SOCIETY SESSION BEGINS TODAY IN PITTSBURG

Will be the Tenth Annual Reunion of the Army of the Philippines—Will be in Session Until Friday—Prominent Men Expected to be Present at the Sessions.

Pittsburg, Pa., Aug. 10.—Battle-scarred veterans who chased the Tagalogs over the hills and through the jungles of far-away Thingumbob swooped down on Pittsburg today and before—long before—the smoke had cleared away sent this message to the old folks at home:  
"We have met the Pittsburgers and they are our'n."

Occasion for the aforesaid sweeping is the tenth annual national reunion of the Army of the Philippines, which began this afternoon with the registration of the swoopers at the Hotel Schenley, followed by a business meeting and a session of the credentials committee and other red tape, and which will wind up the day's program with a public meeting at Carnegie Music Hall this evening.

Tomorrow's program includes two business meetings and a reception and smoker in the evening, with a visit to Forbes Field to witness the Pirates walley the Beaneaters sandwiched in between. Thursday the grizzled and other veterans will do a "Seeing Pittsburg" stunt in motor cars and take a boat ride up the Monongahela. Friday they will evacuate the city. President Taft and Admiral Dewey have been invited to address the benevolent assemblies, and both have promised to come if possible.

Immediately after his return from the Philippines, Brigadier General Irving Hale, U. S. N., who was brigade commander of the Tenth Pennsylvania Volunteers during a portion of their service in 1898-99, conceived the idea of a society, to be made up of men who saw service in the Philippines. He called a meeting at Denver, August 13, 1900, the anniversary of the taking of Manila. One thousand men responded to the call, and the National Society, Army of the Philippines, was born. Everywhere, where there were volunteer regiments that had been sent to Uncle Sam's Island possessions in the Pacific, local camps of this society were formed, and all affiliated with the National Society.

The commanders of the National Society have been as follows: 1900, Denver, General Francis V. Greene; 1901, Salt Lake City, General Hale; 1902, Council Bluffs, Ia., General Hale, re-elected; 1903, St. Paul, Minn., General Charles King; 1904, St. Louis, Brever Brigadier General Wilder S. Metcalf; 1905, Chicago, Colonel Alfred S. Frost; 1906, Des Moines, Ia., General Arthur McArthur; 1907, Kansas City, Captain H. A. Crow, of Connelleville, Mo.; 1908, Galesburg, Ill., Major P. J. H. Farrell.

That was four years ago and there has been no return of the symptoms since that time." This remedy is for sale by all Good Dealers.

### CHORUS GIRLS MEET FOR CHICAGO CONVENTION

Chicago, Aug. 10.—Casual inspection of the registers of leading hostilities of the Windy City reveals the presence today of no less than a score of Pittsburg men, presumably millionaires.

Probably it is nothing more than a coincidence that the Smoky City plutocrats should come to Chicago on the same day that the National Association of Chorus Girls convened at the Saratoga hotel. Such, however, is the fact.

The session of the copyhees will occupy four days. Lobsters, automobiles, diamonds, costumes and lingerie are among the subjects to be considered. "How to tell whether a stage-door Johnny is a millionaire or a ribbon clerk," is the subject of a learned paper by an authority.

It is alleged that the hotel where the delegates are meeting has appealed to headquarters for a force of policemen to prevent rioting among the would-be male guests who are swarming into the lobby, demanding accommodations.
