**Scientists Believe Cook.**

Washington, Sept. 2.—Scientists interviewed here today are practically unanimous in declaring belief of Cook's feat and his word will be accepted without doubt. He will be accredited with the greatest discovery of modern times. A prominent scientist said, "If a single white man makes the journey his word must be taken to a certain extent. A true scientist would not lie, and Cook's reputation as a scientist is established. Another said, "Fake observations are impossible. There are ways of checking observations in any part of the world. Cook's records will be all the proof necessary."

**At the Orpheum.**

The U. S. Government in its "Pure Food Law" does not "indorse" or "guarantee" any preparation, as some manufacturers in their advertisements would make it appear. In the case of medicines the law provides that certain drugs shall be mentioned on the labels, if they are ingredients of the preparations. Ely's Cream Balm, the well-known family remedy for cold in the head, hay fever and nasal catarrh, doesn't contain a single injurious drug, so the makers have simply to print the fact that it complies fully with all the requirements of the law.

Ran on Wine-Mash.  
Washington, Sept. 1.—Rectifiers are prohibited from making wine-mash and using it in the manufacture of compound liquors, under an order issued.

sued by the internal revenue department which became effective today. It is alleged that the prohibitive practice in the production of home-made wines has been in existence several years. A growing industry has been the result, and there have been many frauds. Officers of the internal revenue service have found that distilled spirits have been put on the market without the payment of internal revenue tax. In the future wine mash will have to be used on distillery premises.

**PROGRAM OF CELEBRATIONS AT THE A.-Y.-P.**

Seattle, Sept. 2.—A large delegation of Wenatchee boosters will leave Thursday for Seattle to take part in the Wenatchee day celebration at the Alaska-Yukon-Pacific exposition, Friday. The Wenatchee chamber of commerce has chartered a special train for the party. Two carloads of Wenatchee fruits have arrived at the exposition for distribution among the visitors at the Chelan county booth in the agricultural building on this day.

The Washington State Fourth Class Postmasters' association will hold its day at the fair, Saturday. Postmasters from all of the small towns of the state will be present at the exercises, which will be held in the auditorium on the exposition grounds.

The central feature of the week's entertainment at the fair will be Japan day, Saturday. Fifteen thousand Japanese from all parts of the Pacific coast will take part.

The feature of Dairy day, Saturday, will be the practical demonstration of ten patent milking machines. The committee has imported ten of the finest milch cows which could be secured in the state for this test. They will be kept on the grounds for several days and then the experiments will be conducted. On this day cheese, milk and sandwiches will be given away at the dairy building on the exposition grounds to all visitors.

**ANGRY WASPS END BALL GAME**

Grooxville, Tenn.—Aroused by hammering of pop bottles about their nest in the grandstand of the park, where the Knoxville and Chattanooga teams of the South Atlantic league were playing yesterday, scores of wasps flew into the grand stand during the seventh inning and divided interest with exciting play.

The wasps took the excitement as an attack on them and answered it quickly, clearing a section of the overcrowded grandstand. The game ended with the angry wasps in possession of the field.

**Close Old Chapel.**

New York, Sept. 1.—Another down town Episcopal chapel ended its career today with the expiration of the terms of the two clergymen engaged in the work. It is located at Avenue C and Fourth street and was conducted by the Sisterhood of St. John the Baptist. It is planned to transform the chapel into a home for friendless women.

Some men would rather be wrong than right if there is more money in it.

**NEWS OF MILTON**

Milton, Sept. 2.—(Special)—The head trimmer in Mrs. Storm's millinery establishment, Miss Katherine Duffy returned yesterday from her summer vacation, which she spent with friends in Denver and Chicago. She will resume her duties in the store within a few days. All the friends of Miss Duffy are glad to welcome her back to this city.

Albert James, recently employed in a barber shop at Weston, has accepted a position with Grover Constock of this city.

Mr. and Mrs. Joe West and Miss Edna Fulton of this city have returned after spending the summer at Seattle and Long Beach. They all report an excellent time, but are glad to be once more at home.

Miss Flossa Bartlett, stenographer in the offices of Godwin and Neal of Freewater, returned yesterday from her summer vacation, which she spent with friends in Dayton.

Sam Niel of Nyasa, Oregon, joined his wife here a few days ago. Mrs. Niel has been spending the summer with her parents, Mr. and Mrs. L. L. Berry and the young people expect to locate here.

City Marshal P. N. Stephens has recently installed several new garbage cans along both sides of Main street in this city. This will help much toward the improvement of the appearance of the street in the future, as all the old paper and other debris found on the streets will be gathered up and hauled away and the streets kept free from all rubbish.

In a very short time Mr. Stephens expects to order some more of these cans and it is only a matter of a short time before they will be distributed all over the city.

Three room suite furnished housekeeping rooms for rent, 1208 E. Webb.

**UNHAPPINESS DISPELLED.**

**Men and Women Unanimous About It**

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

One dollar bottles guaranteed.
