County Judge T. P. Gilliland returned last night from Denver, where as a delegate from Oregon, he attended the sessions of the Trans-Mississippi congress. The Judge greatly enjoyed his visit and found many changes and transformations had been wrought during the many years since he moved away from Colorado.

Two Drunks; One "Vag."

Stella Williams, the well-known Indian woman whose appearance in police court though irregular, is frequent, took her place before Judge Fitz Gerald this morning, alongside of a couple of drunks. She had been arrested on a vagrancy charge for roaming the streets at night and availed herself of the opportunity to leave town without delay. The two drunks were John Jurdles, the well digger, and Little Sam, the Indian. Both paid fines of \$5 each.

Six Boys Arrested.

SIX boys were taken into custody this morning by Chief of Police Gurdane and later turned over to Judge Gilliland of the juvenile court. The arrests were made on complaint of Will Moore, the boys having been accused of entering the local elevator building of the Pacific Coast company and perpetrating more or less serious depredations. Among other things it is alleged that a bicycle was removed from the buildings and some books torn up. The boys will be given a hearing before Judge Gilliland.

Pendleton, a Horse Town.

Now that Frank Frazier of Pendleton is going to make quite an extensive campaign through the northwest race circuit with the great Westfield filly, Leola, that drew the attention of horsemen from all parts of the globe when she worked a mile over the local fair grounds track last October in 2:07 1-4 pulled up and the last half in 1:02 flat, interest has been revived in Pendleton as a horse town. Leola is a nice big bay filly by Westfield, 2:22, the sire of Ollie M., 2:11, Hassalo, 2:11 1-4, and several others that were game race horses along the coast. Leola was not raced last season

owing to her big growthy form, and Mr. Frazier decided to lay her over until this season.—Walla Walla Bulletin.

Honors for Boy Orator.

Seattle, Wash., Sept. 1.—Local democrats are preparing to give William J. Bryan a rousing reception when he comes to Seattle in October to visit the Alaska-Yukon-Pacific exposition. A banquet at one of the large buildings on the fair grounds, a trip on the sound and an automobile ride through the country contiguous to Seattle are among the amusements planned for the distinguished Nebraskan. It is likely also that a monster democratic parade will take place in honor of the visitor.

That the democrats propose to get into the political game early and take an active hand in the next congressional and state campaigns emphasized by the activity of the National Democratic League of clubs, which is agitating and influencing club organizations all over the country.

Strike is Settled.

Pittsburg, Pa., Sept. 1.—The dispute between the miners and operators of the Pittsburg district, involving 15,000 miners, was settled tonight at a conference between the operators, the national executive board of the United Mine Workers of America and President Thomas L. Lewis. A notice will be posted in all the mines in this district telling miners that the recent order of the coal companies that black powder must be used in mining coal, is rescinded for the present.

To secure this concession on the part of the operators, President Lewis appointed a committee from the miners' organization to confer with Chief Mine Inspector James E. Roderick of Pennsylvania, asking that a thorough investigation of the use of black or "safety" powder be made by the state.

WAR DECLARED ON BILLBOARDS

COUNCIL TAKES INITIAL STEP IN ABOLISHMENT

Ordinance Is Introduced to Eliminate Public Nuisance—Committee Will Report On It at Next Session—Joe Sullivan's License Revoked—Will Regulate Building of Sidewalks.

War has been declared on the billboard nuisance in this city, the first gun of the campaign having been fired in council meeting last evening. This consisted of the introduction of an ordinance which, if it becomes a law, will eliminate a few of the unsightly billboards and cause all of them to be moved back from the sidewalks a short distance. The ordinance was read the first time and then referred to the ordinance committee which will probably report on it at the next regular meeting.

The full text of the document is as follows:

The Proposed Ordinance.

It shall be unlawful for any person, firm or corporation to erect, build, construct or maintain, or to permit to be erected, constructed or maintained upon any property by him owned or controlled within the city of Pendleton, any billboard, fence, building or other structure for the purpose of advertising thereon any sign or advertisement for advertising purposes or attaching thereto or thereon, any bills, signs, placards, cards, posters or other advertising matter for advertising purposes, at a height greater than the distance of such bill board, fence, building or other structure to the nearest street, such distance to be measured from the portion of such billboard, fence, building or other structure nearest to such street.

Section 2. Any person violating the terms of this ordinance shall upon conviction, be fined not more than — dollars or confined in the city jail not more than — days, or shall

be punished by both fine and imprisonment, in the discretion of the city recorder, and each day that such billboard, fence, building or other structure shall be maintained shall be deemed a separate offense under this ordinance.

Sullivan's License Revoked.

Because Joe Sullivan, the former well-known saloon man and property owner of this city, failed to live up to his agreement with the council, his near beer license was revoked last evening. It seems that Sullivan had assured the council that if granted a license he would move back to Pendleton and conduct the place himself. This he has failed to do and the license was revoked.

An ordinance was also introduced last evening tending to systematize and regulate the building of sidewalks in the future. The document undertook to specify the width of the walks in certain districts, but after a lengthy discussion the measure was referred to the street committee. It will probably reappear at the next meeting, in an altered form.

The contract between the city and H. H. Harvey, for the improvement of portions of Lewis, Church and Patent street, were approved by the council and has now been signed up.

SPECIAL FARES FOR THE FAIR

O. R. & N. GRANTS ONE AND THIRD RATE FOR FAIR WEEK

Exhibits Will Be Hauled Round Trip for One Fare—Much Interest Is Being Manifested in Annual Exhibition—Local Exhibitors Are Selecting Space.

Rates of one and one third for the round trip for all points on the O. R. & N. as far west as The Dalles and as far east as Baker city and extending to all branch lines in between, have been granted for the benefit of the Morrow-Umatilla county district fair to be held in this city the last week of this month. This was the announcement received by Secretary Fitz Gerald this morning. The same rates on the N. P. from as far as Yakima will also prevail. He was also informed that the same rates as last year prevailed will be in effect relative to exhibits for the fair. This means that the full rate must be paid for all exhibits coming to the fair and that they will be returned free of charge, making a one-fare rate for the round trip.

That the fair is to be really the biggest ever held under the auspices of the fair association is evident from the increased amount of interest being manifested by people from a distance and those living in Pendleton and vicinity, alike. Local exhibitors are already selecting their space, room having been reserved this morning for the booth of the Nissen Implement company, it having been declared by the officers of the company that its exhibit will excel in completeness and attractiveness anything of the kind ever attempted here before.

The office of the secretary in the fair pavilion is being papered and repainted within and as soon as the paperhangers and painters are through the office will be occupied and opened up. It will be kept open until after the fair is a thing of the past.

The town is being billed today and everywhere may be seen posters calling attention of all to the fact that the time for the biggest eastern Oregon district fair is rapidly approaching.
