## ACCIDENT WOMAN IN THE TOILS

"QUEEN OF FAKIRS" WILL BE SENTENCED HERE

Maud Baney, convicted in 1905 of Obtaining Money Under False Pretenses, is held in Seattle on Same Charge—Will Probably Go to Oregon Pen—Still Maintains Her Record of Accidents.

Maud Johnston, alias Maud Baney and several other aliases; known as the "accident woman" and "queen of fakirs," may be brought back to Pendleton to be sent to the Oregon state penitentiary. She is now being tried in Seattle on the charge of defrauding the Seattle electric company, but in case the jury there fails to convict her she will immediately be brought back to Pendleton and sentenced on an old charge.

George Carson, the general claim agent of the Seattle Electric company was in the city yesterday to determine for a certainty if the woman now in jail there is the one who four years ago pleaded guilty to the charge of obtaining money under false pretenses in this city. As a result of his visit the circuit judge has issued an order directing that a warrant be issued for the arrest of the woman and that as soon as practical she be brought back here for sentence.

It will be remembered that Maud Baney, as she was known here, arrived in Pendleton in 1905 in company with a man alleged to be her husband and another man giving the name of Hockenschmidt. In the course of events she procured money from C. D. Semple, Tallman & company and R. Alexander. With Semple as the complaining witness she was arrested and finally entered a plea of guilty to the charge of obtaining money under false pretenses. Sentence was suspended during good behavior. Her behavior since then, according to reports, has been anything but good. She is alleged to have visited all the principal cities on the coast and to have taken in several thousand dollars as the result of fake "accidents."

Being able to "spit blood," throw every joint in her body out of place, cause the palm of death to spread over her features and perform many other similar sensational stunts, she has been able to work her game in city after city.

Arrested a few weeks ago in Oakland, California, she is now incarcerated in the county jail in Seattle. Since her arrest in the California city, however, she has been the victim of no less than six "accidents." The last one occurred yesterday when she tripped over her skirt and "broke her elbow." At the same time she caught her earring in her sleeve, tearing the piece of jewelry from the ear.

first degree, was overruled this morning. Immediately thereafter Ryan entered a plea of not guilty and the case was set for trial Sept. 27. Unless something should happen to prevent the case coming to trial on the day set, this will make the third year in succession that there has been a murder trial in progress during fair week.

### AMERICAN AND JAP HAVE A SAVAGE BOUT

Seattle, Sept. 3.—The most savage wrestling match ever seen here was the jiu jitsu match last night between Eddie Robinson of Los Angeles and Takogora Ito, of Japan. A half an hour of rough work began when Robinson put his hand to the Jap's mouth three times, knocking out two teeth. Then Ito dived and grappled his opponent and they wrestled until Ito by a stranglehold choked Robinson into submission. In the second bout the Jap again got the stranglehold, and beat Robinson in three minutes.

**"FARMER PAINTER" POSES AS IBSEN**  
Seattle.—A. Montgomery, known the country over as "The farmer-painter," and whose work at the National Apple show last winter attracted much attention, is appearing in a new role in Seattle. He has consented to sit as a model for the finishing touches on the statue of Ibsen being made by M. P. Nielson, the Beaux Arts sculptor.  
Nielson has been searching for some one whose hair, physique and general characteristics resemble those of the great author. He found Montgomery in his studio in the New England club, Haller building and asked him to pose for him and he dropped his work and complied.  
**Women Fight Prairie Fire.**  
Tacoma.—Women of Orchard Hill, on the Spanaway line, proved themselves valiant home defenders yesterday afternoon, when a prairie fire broke out, gradually spreading until the women realized there was danger of its getting into the dry brush that had been trimmed from the trees, threatening serious damage to their homes. Then they all joined in the effort to stay the spreading fire.  
With boughs cut from the trees they vigorously whipped out the fire in the dry grass covering a tract of about 40 acres before it was finally conquered at 8 o'clock.
