FORTUNES OFFERED FOR BIG BATTLE

PROMOTERS BID FOR JEFF-JOHNSON BOUT
Fighters Will Accept One of Offers Today—California Will Be Scene of the Scrap—Berger Favors McCarey's Bid.

Hoboken, Dec. 2—After opening the bids for the Jeffries-Johnson fight yesterday afternoon, the managers decided to wait until this afternoon to decide which will be accepted.

"There is no need to hurry; we will not sign today," said Johnson, and Berger, representing Jeffries, said the same.

The bids practically make it certain that the fight will be held in California. Only one of the bids under consideration suggested that the fight might be held elsewhere. This was the bid of "Tex" Rickard, who specified that it must be held in "California, Nevada or Utah."

The bids with the liberal offers of the lion's share of receipts and profits of the moving pictures of the fight in addition to the guarantees are the greatest ever offered for a prize fight. It is evident that Johnson does not consider the bids offering per centage of picture receipts as good as those guaranteeing real money.

It is believed that Berger is inclined favorably to the bid of Tom McCarey of Los Angeles of a guaranteed purse of \$110,000 and 50 per cent of the picture receipts or all of the gate receipts and 60 per cent of the picture receipts. Berger also is said to be much impressed with Rickard's bid of a guarantee of \$101,000 and 66 per cent of the picture receipts.

As the impression got around that Berger favored McCarey or Rickard, the wise ones "winked the other eye."

The following propositions were considered:
By Tom McCarey, for the Pacific Athletic club of Los Angeles, 100 per cent of the gross receipts, with 60 per cent of the moving picture receipts or a guaranteed purse of \$110,000 and 50 per cent of the picture receipts.

By Tex Rickard, who did not state the place where he would hold the fight, other than that it would be "in California, Nevada or Utah," offering a guaranteed purse of \$101,000 and 66 per cent of the moving picture receipts.

By Gleason and Coffroth, stipulating that the fight be held on July 4, 1910, at Colma, Ocean View or San Francisco, offering \$125,000 for all the privileges, with a deposit of \$30,000; or a purse of \$75,000 and 66 2-3 per cent of the picture receipts; or 80 per cent of the gross receipts and 66 2-3 per cent of the picture receipts.

By Eddie Graney, for the Tuxedo club of California, offering 80 per cent of the gross receipts and a guarantee of \$75,000 and all the picture receipts; or 80 per cent of the gross receipts; or 80 per cent of the gross receipts and \$70,000 and \$20,000 in addition to pay for a third interest in the pictures; or 90 per cent of the gross receipts and the entire picture receipts, but without guarantee. He stipulated that the fight must be held within five miles of San Francisco.

In addition to these the bid of Hugh McIntosh of Australia was received but it is considered so preposterous that it is hardly received with seriousness.

MOVING PICTURES CAUSE OF MUCH YOUTHFUL CRIME

Los Angeles.—William Pinkerton, head of the Pinkerton detective agency, who was here recently, declared that the problem of the day in criminal detection work is to suppress the youth whose mind teems with bandit novels and the "thrills" of crimes depicted in the cheaper moving picture shows. In discussing the classes of criminals with which the officers of the law are compelled to cope, Pinkerton said:
"The problem of the day is the amateur—the young man with no record by which he may be traced, and with a desperation born of trashy study of crime. He is the fellow who uses the revolver, often without the slightest provocation, except that he had read that robbers always shoot recklessly and promiscuously. He does not know that the old professional of past days often never carried a weapon and certainly did not use it until he was forced to do so. Crime always will exist until legislation banishes the dime novel and the train robber display."

How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." AMERICAN MONEY ATTRACTS ENGLISH MANAGERS

London.—Not only is America robbing England of its art treasures through irresistible financial deals, but she is winning some of her best men of business ability. Quite unusual is the latest coup of American thrift resulting in the taking of Henry Puger from the management of the Hotel Savoy, London, for the same position in the new Cafe de l'Opera, New York, which is to occupy a spectacular position on Broadway from Forty-first to Forty-second street, opening December 15. M. Puger has been known to thousands of Americans during his seven years' management of the Hotel Savoy, but could not resist the offer of \$50,000 a year to become general manager of Gotham's newest feasting palace.

For a Lame Back.

When you have pains or lameness in the back bathe the parts with Chamberlain's Liniment twice a day, massaging with the palm of the hand for five minutes at each application. Then dampen a piece of flannel slightly with this liniment and bind it on over the seat of pain, and you may be surprised to see how quickly the lameness disappears. For sale by all good dealers.

AMERICA WILL CROSS GOLF CLUBS WITH ENGLAND

New York.—A number of professional American golf players will be sent to Great Britain this winter for the international championship match. The eastern professional golfers' association is preparing a challenge to the British professional golfers' association and Alec Smith, champion of the eastern body in this coun-

try, has been chosen captain to perfect details.

Well known resident professionals who intend to sail shortly include Alec Smith of Wykayl; H. H. Barker of Garden City, Isaac Mackle of Fox Hill; James Madden of Nassau, Gilbert Nichols of Wilmington; Dave Hunter of Essex county and Peter Robertson of Pittsburg.

TACOMA CLUB WANTS OREGON'S BIG CAPTAIN

University of Oregon, Eugene.—Dudley Clarke, this year's captain of both the varsity football and baseball teams, is in receipt of a flattering offer from Manager Blankenship of the Tacoma Northwest League team. Blankenship wants the big Oregon captain to play outfield for him next season.

Clarke is an unusually hard hitter for an amateur. He stands six feet, and as he weighs 190 pounds he has enough beef to make the ball go. He is an ideal outfielder and should have little trouble in making good with Tacoma, as he has a good head for the game and is unusually fast on the bases.

Last year's varsity team was handicapped for lack of men and Clarke played infield, where he made a good showing at third. Curtis Coleman, also infielder on last year's varsity team, was with Tacoma last season and made good. He is signed for next season.

In spite of the good offer Clarke will probably not accept, as he is captain of the varsity this year and wishes to finish the season with the college team, which would make it too late to start in with Tacoma.

In addition Clarke is a senior and would be compelled to give up graduating with his class.
Clarke played three years with the Portland academy nine and since entering Oregon has been the mainstay of the varsity nine in addition to his conspicuous work on the eleven.

Chicago.—Automobile drivers of Chicago are forming an organization which according to the promoters has for its chief object fighting of the police who arrest chauffeurs for speeding. The members of the association are to be furnished legal counsel free of charge in case of arrest and bond will be at the command of the scorcher the minute they reach the police station.

The new organization is called the Automobile Drivers' Protective association. The articles of incorporation were filed for record yesterday.

Members say that the association will take care of those who are unable to pay them. The membership is now 100, the promoter says.

COMMERCIAL MEN DEFEAT CO. L BOYS

WIN BASKET BALL GAME BY DECISIVE SCORE

Lack of Practice and Poor Condition Cause of Militia Boys' Defeat—Play High School Team Friday Night.

By the score of 16 to 0 the Commercial association gymnasium basketball team administered a decisive defeat to the Company L team in a practice game on the former's floor, last evening. It was clearly a case where greater experience and better condition won over lack of practice and poor condition of players.

The game was a rough and tumble affair from start to finish, both sides being equally guilty. This was due partly to the fact that it was the first game of the season, but largely to the carelessness of the players. An official is needed who will by his decisions eliminate much of the roughness which has characterized the game as it has been played in this city, before it will attain the popularity to which the game is entitled. Such an official has not yet appeared on the local floor, with the possible exception of the Walla Walla man who officiated at the game last season between the Weston normal and the local high school teams.

In the lineup for the soldier boys last night there were some exceptionally clever players and with practice the team may yet give the high school a hard game Friday night and keep in the running for the city championship.

The Commercial association men showed up much better last evening than they did any time last season, and the aggregation is undoubtedly a stronger one. From present indications it would seem that the race for the championship would be between the high school and Commercial club teams, but a few days of practice may put a different aspect on things. Next Friday night's game will also determine to a large extent the ability of the soldiers to profit by experience.
Alexander and Shaw played forward, Farnsworth center and Webster and Ruppe guards for the soldiers while Hartman and Nelson were forwards, Hill center and McKinney and Chessman guards for the victors.
