Making Rapid Progress.

Rapid progress is being made with the hearing of the suit of the Allen Ditch company against the Henrietta Milling company. It now appears probable that the case will be completed by tomorrow or next day instead of consuming the entire week. It is understood that another case will be taken up just as soon as the evidence is all in for this one.

LAJOIE ONLY ECLIPSES TY COBB'S RECORD

For a sustained record, "Ty" Cobb's batting the past season sets a new mark in the baseball world. He played 156 games, was 573 times at bat and has a batting average for the season of .377. That has only been surpassed in the American league by the work of Napoleon Lajoie for Philadelphia in 1901, when he hit 422 in 131 games.

In the records of the National league there are many marks that surpass Cobb's, but none of them approach him in the number of games played in a season, so there is no certainty that any of them had anything on the great Georgian slugger. The man who comes the nearest to having it on Cobb is Jesse Burkett, who led the league two years ago while with Cleveland. In 1895 he hit 422 in 132 games and the following year he hit 410 in 133 games. E. J. Delehanty, while with Philadelphia in 1899, hit 405 in 145 games.

The work of Collins, the youthful second baseman of the Philadelphia Athletics, and "Tris" Speaker of Boston, were two of the sensations of the past year. In the official averages just issued, Collins ranks second to Cobb with .346. Larry Jajoie showed that he is still in the walloping class. Larry got a poor start last season, but after throwing up the manager-ship he seemed to be relieved and showed his old-time form. He finished with .324. Heitmuller led the coast recruits in that league with .286 for 64 games.—Evening Tele-gram.

THEIR GAUDY CLOTHES.

Commissioners to Africa Increase Trade in Fancy Vests.

Washington.—The American commission to Liberia accomplished one thing of advantage to this country, at least. Since the distinguished Americans visited the African republic, there has been a great demand for waistcoats of the pattern worn by Emmett J. Scott of Alabama, one of the commissioners and secretary Booker T. Washington. Scott's fancy vest carried a peculiar appeal to his colored brothers in far away Africa and consular reports state that fancy vests from America are eagerly sought in Liberia.

Shoes like those worn by Commissioner George Fale of Georgia, can be sold in Liberia for ten times their value in America and the cravats that adorned the bosom of Commissioner Roland Post Falkner, of Pennsylvania, are regarded as highly as precious stones.

The effort has been to strike an average of the clothes worn by the three men and to secure a tout ensemble composed of the most striking articles in each commissioner's wardrobe.

"The recent visit of the American commissioners has opened a new chapter in the history of the country," says a report to the state department from Charge d'Affaires George W. Ellis. "The demand for American goods has received a new impetus." So great has been this demand, continues the report, that many European merchants have placed orders for goods in Europe in imitation of American merchandise. When an American ship arrives at Monrovia the local merchants rush frantically to purchase the cargo for fear that they will be driven out of business if they allow rivals to secure the American stuffs.

Ellis says that the profits are very tempting and that with better transportation facilities, America could control the market in most lines.

ADMIRING FRIENDS GAVE CAPTAIN ISAAC CHAIR

Bank of Helix Pays Dividend of 7 Per Cent After Erecting New Building—Other News of Little Town.

(Special Correspondence.)

Helix, Dec. 8.—Captain S. T. Isaac, the aged postmaster at Helix, was struck with a chair by Dr. J. Griswold late yesterday evening in the presence of quite a number of the captain's friends. It was the 75th birthday of the captain, he is familiarly called, and his friends in appreciation of his long service as postmaster, bought a fine chair and Dr. Griswold in a nice speech presented him with it. Mr. Isaac asked permission to leave the chair where the presentation was made until morning, but was forced to get into the chair and be carried home by a committee of four appointed for the purpose. Captain Isaac is one of the finest old men in the county and he was much affected by the gift and also by the act of his friends in carrying him home in it.

Bank Is Prosperous.

A meeting of the directors of the bank of Helix was held at the bank Monday evening. Those interested were pleased to find that notwithstanding they had been to additional expense this season through having built an elegant bank building, equipped the same in an appropriate manner and the capital stock having been increased to \$50,000 the bank was still able to pay its stockholders a seven per cent dividend after transferring a small sum to the surplus account.

Other News.

The first dance given by the Helix club on the evening of December 3 was a decided success and was enjoyed by all present. The next dance will be given on the evening of December 17. All well disposed persons are cordially invited to attend.

The people of our burg are making preparations for a Christmas tree and from the interest manifested by every one we may expect a good time for all.

T. W. Barger had the misfortune to get a particle of steel in his eye a few days ago. It was extracted with some difficulty by Dr. Griswold.

T. M. Cook has his brother and family of Salem visiting him. This is Mr. Cook's first visit to eastern Oregon. He will remain until after the holidays.

Mrs. Wilda Smith returned yesterday from Lewiston, Idaho, where she had been visiting her daughter.

T. G. Montgomery, president of the Bank of Helix, was a business visitor to our town Monday evening.

MC CAREY PAYS JOHNSON TRIBUTE AS FIGHTER

Chicago.—Tom McCarey of Los Angeles, one of the unsuccessful bidders for the Jeffries-Johnson fight, passed through Chicago the other day on his way from New York to the coast.

"I consider Johnson one of the most

wonderful men who ever stepped into a ring," said McCarey, "and anyone who thinks he is going into the arena to take the count may revise his opinion. Not that I say that Jeffries is going to lose and Johnson win. I am not picking the winner, but am just giving my opinion of Jack as a fighter. I don't think I ever saw a shifter man in the ring. He is simply a bigger edition of Joe Gans. He is the most wonderful blocker in the world and therein lies his strength. It is next to impossible to hit him."
