ALL FOR LOVE.

Love laid down his bow and quiver. Thinking he while All the world began to shiver.

All the roses quickly faded. All the music died away; All the world at once grew jaded. Hope surrendered to Dismay.

All the world forgot to smile.

Every soldier, doubting, haited, War was glorious no more: Hearts who had been exalted Scorned the medals which they wore.

Men no longer sighed for riches. & Fame lost all the charms it

Stupid tollers in the ditches Dropped their shovels and 4 were sad.

Love took up his bow and 4 plain;

Proud swans floated on the 4 river. War was glorious again.

WHY MURPHY WON.

The recent battle for the mayorality was not fought on moral lines. The efforts of the organ of the vanau shed and are derogatory to the city. Such utterances seek to place Pendieton in the light of being sinful and satisfied with sin. Pendleton has had too much of that class of notoriety already. Let's have no more of it.

There was a time several years ago ! when morality was the big and live issue in this town. At that time gambling was wide open and some 28 or 30 saloons were running night and day and Sundays. Vice and immor- leture, and judicial and state offices allty were rampant and good citizens were ashamed of the town. A cleaning up crusade was started and the East Oregonian led that fight. It was a red hot fight as many well remem- time forth and every day and every ber for the monster of immorality was hour that if they yield to the clamor well entrenched. The fight meant toss for holding political assemblies for of much money to the East Oregonian and it meant personal danger for the they have gained in the way of great men upon this newspaper. Many of fundamental reforms in Oregon." the recent Swinburne leaders were then loud in cursing the East Oregenian and in trying to boycott this "rough sledding." The utterance or paper. The Tribune was a journalistic the Coos Bay Times is one of them. swamper for the saloon interests.

But that fight is over and it was won. The gamblers and the macques were driven from this city and the saloons forced to take on a measure of decency. Then the county voted dry and the sale of liquor was made Hegal. Since that time the proposition has been one of adjustment more than anything else. There are problems still to be worked out. The East Oregonian favors working them out in accordance with common sense and regardless of the interests of saloonmen or of any one else directly or indirectly connected with the liquor bus-

The attempt of the recent opponents o/ Mayor Murphy to raise a moral issue was ridiculous. The records of the Swinburne leaders were against them. If they wanted to do something for morality they should have gotten busy when the fight was on several years ago. The East Oregonian beheved and believes yet that they made poses only.

The big subject of interest in Pendieton now is how to promote the material advancement of this city. Though the town is in a very prosperous condition it is not growing as it should and it has not grown to any extent for several years. It is up to the people of this city to get into the harness and to work hard and in unison for the upbuilding of this city. We en make Pendleton grow if we want to. Cities are what their people make

It was because Mayor Murphy stood

WORKERS NEEDED.

Newspapers must fight and they must work for their towns. The East Oregonian has done some of both in its time and it is willing to do either for Pendleton whenever the occasion demands. Just now however, this city is in need of workers more than anything else. The call is for patriotic and public spirited men who will lend their influence and put up their money in order to forward the advance. ment of this city.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations. It's only a "tenderfoot" farmer that would try such
