

STEERS REMAIN FIRM AT \$4.75

ENTIRE LIVESTOCK MARKET IS GOOD

Sheep Market Shows Better Tone—No Good Cows Coming Forward—Fancy Hogs Bring High As \$8.25.

Portland Union Stockyards, Stockdale, Dec. 8.—Sheep market shows a better tone here. More attention is being paid to this branch of the market, and prices are practically showing an advance of 25c over former movements. Extra good wethers could be moved as high as \$5 at this time, and fancy ewes would range around \$4.50. To get these prices, however, quality must be better than the average.

Local trade has somewhat neglected the sheep trade for the past few weeks, but there are indications of an improved feeling from this time forth. Surplus stocks that sellers have carried are well high exhausted, and especially for good stuff they are showing interest even at this moment.

Good Call of Steers Arrive.
A very good class of steers have arrived in the local yards during the past 24 hours, and for extra select stuff the market is very firm at \$4.75. Good cows are bringing \$1 less than this amount if the quality is there to offer, but the trade is not disposed to pay a fancy value for stuff that is not so good.

Some very poor cows have recently been received in the yards, and one sale was made at \$1.50, and the buyers needed much encouragement to take hold even at that figure.

One load of very poor heifers was likewise moved at a low figure. The lot consisted of 12 head, averaging 622 pounds, and brought \$2.50.

Sales of Hogs at \$8.25.
Fancy hogs are firm in the yards, and several sales were made during the early day as high as \$8.25, the recent top notch. Trade is disposed to take on all the good hogs it can get at this price. This would scarcely be possible a short time ago, although one transaction was then made at a quarter. However, at that time the sale was simply for one extra fancy lot that always brings above the general market.

Those Who Supply the Market.
M. M. Hoctor brought in three loads of cattle and one load of hogs from Goldendale.

Percy Hughes had a load of cattle offering from Heppner.

U. S. Grewell sent in a car of hogs from Shaniko.

C. M. McAllister brought forward a car of hogs from the Lewiston country.

J. P. McCann, another Lewiston shipper, brought in four loads of cattle from the Idaho point this morning.

P. J. Brown of Baker City was offering three cars of cattle on today's market.

C. D. Davis came in with a load of hogs from West Seio.

J. R. Ford shipped four cars of sheep from North Yamhill and two loads from McMinnville.

Those Who Favor the Shipper.
Those who give their livestock sales regularly to the newspapers and thus want to put the shipper in closest touch with actual conditions, are: Burke Commission Co., Turner & Strickland, Hunt & Lacey, Gould Commission Co., Lomergan & Co., Moke & Bruce, T. C. Mahone and the Portland Commission company.

FORBES QUILTS.

Oregon Coach Decides to Give up Football for Business.

University of Oregon, Eugene.—Coach Robert W. Forbes, the great Yale end, has practically decided that business interests calling him away from Eugene will prevent his coaching the Oregon football squad in 1910. Heretofore Mr. Forbes has been interested in the timber business near Wendling and coaching did not entail any great sacrifice of business. He will probably be located out of the gate hereafter and gave that as his reason for declining to sign a contract with the athletic council for next season.

For the last two seasons the big All-American end has been the idol of the campus and although in neither season Oregon won the championship, the players and entire university have confidence in Bob Forbes and would like to see him back next year. It is admitted that his system of using many men in many positions requires at least three years to perfect, but after that would bring large returns because of the number of players developed. As it is Forbes leaves his successor a heritage of 18 men, all of whom are capable of playing varsity ball and all of whom have had considerable experience on the first team. These men have been drilled in the fundamentals of the game by playing all positions, which will give next year's coach quite an advantage.

The Yale system is popular here and the athletic council has started negotiations with Howard Jones, brother of the famous "Tad" and the man who was head coach at Yale this year. He turned out the wonderful team that routed the Grison and with the Yale system well established here, should j wonderers for the varsity with the material Forbes has left him.

Mr. and Mrs. Forbes are popular in university circles and will be missed.

INVESTIGATION PROVES NOTRE DAME TEAM O. K.

Notre Dame, Ind.—Several hours were spent by the athletic board at Notre Dame in going over the question of the eligibility of members of the football team. The investigation was conducted by a representative of Collier's Weekly, who made a special trip to Notre Dame to look into the charges of Coach Fost that several of the Notre Dame players had exceeded the time limit allowed by conference rules.

Collier's man interviewed the president of the athletic board, the director of studies and several university and athletic officials and secured statements as to the standing of the men and of the number of years they have played football. He also went over the files of the scholastic, the university publication, and verified the identity of the men by means of names, pictures and athletic and scholastic records and secured from Dummick, Philbrook, Dolan, Matthews, Miller and Hamilton signed statements as to their football careers from the time they first took part in a game up to the present time.

The reporter was shown the utmost deference by the Athletic officials, who halted the investigation with delight, believing, as they evidently do, that every player will be exonerated from the unfounded charges against them.

SPokane POULTRY SHOW.

Largest Show in Inland Empire is Scheduled for January.

Spokane, Dec. 9.—Inland Empire Poultry and Pet Stock association, of which H. J. Fuller is secretary, will have 1000 entries at its second annual show in Spokane, January 11 to 15, at which valuable prizes will be awarded. The judges named are J. C. Clipp of Salt Lake, Ind., and W. S. Purdy of Ferry, Wash. The pet stock department will be under the direction of William J. Moore, who has arranged for entries of cats, rabbits, pigeons and parrots.

Frank Bolton of Great Falls, Mont., formerly superintendent of the Montana Poultry association and the poultry division of the Montana state fair at Helena, will be floor superintendent. The association was incorporated with M. B. Watkins, J. D. Belmont, H. E. Bacon, J. L. Smith and H. J. Fuller as directors, and there are 100 stockholders, thus assuring a successful show. Spokane merchants have become interested in the show and offer premiums of merchandise, also cups and other trophies in the various classes. The entries are open to all and no fees will be charged for exhibiting fowls during the week.

PRINCETON STUDENT FINDS NEW COMET IN HEAVENS

Princeton, N. J.—Zachary Daniel, a graduate student in astronomy at Princeton University, announced today that he discovered a new comet the other night from the Princeton University observatory. The position of the comet, he says, is in right ascension, six hours 16 minutes, and declination north about 34 degrees. It is in the constellation Auriga. Mr. Daniel describes the comet as round, and says it is moving almost directly north, and is visible through a three-inch telescope.

THE WHEAT MARKET

BLUCESTEM SELLS ON BASIS OF \$1.20

Interior Trading Still at High Market—Argentina is Harvesting Wheat Crop.

Portland, Dec. 8.—Recent sales of bluestem wheat in the interior have been on a basis of \$1.20 a bushel, track, Portland, but still there is an entire absence of trade here.

Wheat market continues of an excited frame of mind at interior points with nearby millers the principal operators. More wheat has been taken out of the interior than most of the trade had anticipated, and this is likely to result in a resumption of tidewater business in the near future.

Oats market is especially firm at eastern Washington points, and a good degree of strength is reported in eastern Oregon. According to the larger buyers, oats cannot be purchased in the interior at less than \$35 a ton, track, coast, but so far as known, no transactions have been above \$32. Several lots were taken at this figure recently by a large cereal house, and when an attempt was made to secure more, the price was boosted to \$35.

Strength in barley is again apparent. Most of the barley in the interior is said to be in the hands of a prominent local party, who is holding out stiffly for \$32, and says he is not anxious to let go at this figure. Barley short sellers are not yet offering this figure, but they are disposed to waver over the lack of offerings at a lesser price.

Argentina Harvesting.
Chicago, Dec. 8.—Wheat opened unchanged to 1-4c lower, and closed 1-2c to 1 3-4c bushel higher.

Action of the December indicated that the price of futures has been too low in comparison with the price of cash stuff, and as December is practically a cash delivery at this time, its quotations are naturally put in line with what cash is selling at.

Latest advices from Argentina were

favorable to both sides of the market. A cable from there said: "Weather in the north is warm and harvesting is progressing. Southwest reports now being received are showing the damage resulting from recent frost as more serious than was earlier expected."

After the opening the market drifted into a spell of dullness, but values were generally maintained. Toward the close of the day the advance was rapid, especially in the December, and short covering was on an extensive scale. While the May opened 1-8c higher than the December, it closed 1-2c under that option. Nevertheless it made a net gain for the day of a fraction less than a point.

From Minneapolis came the report that local millers there were paying 2 1-2c to 3c a bushel above the December for No. 1 northern. Cash demand was reported good at all milling centers.

Liverpool market was firm with an opening 1-2d higher and a closing 1-8d to 1-4d above yesterday.

A Policeman's Testimony.
J. N. Paterson, night policeman of Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Koepfen Bros.

CONFIDENCE QUEEN AND ACTRESS UNDER ARREST

Chicago.—Donna Seymour, an actress, theatrical manager and alleged confidence woman, indicted by the May grand jury on a charge of operating a confidence game, have been arrested here. She is wanted, the police say, in other cities. They assert that she has swindled many persons out of amounts ranging from \$300 to \$500 in the last five years. Her method of operation is to advertise for a man to "act as manager and treasurer of a theatrical troupe," get him to put up all the money he wishes to risk, take the money and disappear.

FATHER 80-MOTHER 76

The aged father and mother of a prominent Boston lawyer safely carried through the last two winters by

Vinol

The son says: "My father and mother owe their present strength and good health to Vinol. During the last two trying winters neither of them had a cold, and were able to walk farther and do more than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood-making, strengthening tonic for old people I ever heard of."

We want every feeble old person in this town to try Vinol. We will return their money without question if it does not accomplish all we claim for it.
