New Orleans, Dec. 11.—Zelaya's army, strengthened by several hundred interior recruits, is marching upon Bluefields today, according to Bluefields dispatcehs. The cunning of the former president is illustrated by his strategic move upon Bluefield. Couriers have been dispatched to Rama bearing the news of the impending altack. It is deemed doubtful if they will be able to break through the line Zelaya is reported to have thrown in the van of his main
