COMMERCIAL TEAM WILL START THINGS

PLAYS ACADEMY TONIGHT HIGH SCHOOL TOMORROW

Older Basket Ball Men Will Give the Youngsters Practice—Contests Will Be Interesting—Club Team Is Stronger Than Last Year.

The Commercial association basketball team will open its season this evening and then follow it up with a second game tomorrow evening. The academy five will be taken on tonight while tomorrow evening's contest will be with the fast high school team.

The Commercial association players say they are not anxious for two games in succession, but they are willing to sacrifice their own personal desires for the accommodation of their younger opponents. Both games will probably be played on the floor of the Commercial club gymnasium and they will thus be much more accessible to the general public than if they were played in the high school gymnasium.

The club team is said to be much stronger than it was last year when it defeated the academy five and went down to defeat at the hands of the high school by a narrow margin. The two opposing teams are also said to be stronger this year than last, so that both tonight's and tomorrow night's contests bid fair to be exceedingly interesting.

The lineup of the academy and high school teams will be the same as it has been in their former contests this season. For the game tonight the club boys will line up as follows: Hartman and Nelson, forwards; Dr. Hill, center; McKinney and Chessman, guards. Tarbet, Drake and Marsh will act as substitutes and will be available for any position. In the game against the high school, Greenwald of the academy, will take tither Hartman or Nelson's place.

THE WHEAT MARKET

ARGENTINA BEAR STORIES FAKED TO BOOST MARKET

Yields Fully Materializing—Constant Prices Are at Highest Mark This Season.

Argentina Works Market. Chicago, Dec. 20.—Private cables just received from Argentina state that recent cables from there has been misleading, simply to work the market. Yields are materializing and the locust invasion has been stopped.

Chicago, Dec. 20.—Bear forces were surprised today and the price of December lost 2 1-2c a bushel before the onslaught of the bears was stopped.

Argentina was the card that the bears played and they found little obstruction in forcing the price down. It now develops that recent cables from South America has been manipulated in order to affect the market.

A drop of 2c a bushel was shown in the December at the opening when it dropped to \$1.17 and before the low point was reached it had lost an additional 1-2c. Other options closed 5-8@7-8c under Saturday.

Liverpool opened higher but closed lower.

Cash sales: Wheat—No. 2 red, \$1.27@1.29; No. 3 red, \$1.20@1.25; No. 2 hard, \$1.17@1.20 1-4; No. 3 hard, \$1.10@1.16 3-4; No. 1 northern, \$1.18@1.20 1-4; No. 2 northern, \$1.16 1-2@1.19; No. 3 spring, \$1.10@1.13.

Corn—No. 3 white, 60@61c; No. 3 yellow, 60@61 1-4c; No. 4 white, 56@59c; No. 4 yellow, 57@59 1-2c.

Wheat Higher; Flour to Rise.

Portland, Dec. 20.—Wheat prices are up from 2c to 3c a bushel over the prices formerly quoted. Purchases of bluestem are being made in the interior on the basis of \$1.20 @1.21 a bushel, track Portland. The former price is being quoted here today. This is 2c a bushel above previous prices. Club has advanced to \$1.10 a bushel.

Predicted advance in flour is drawing very close here. If the local wheat market should remain high for several more days, it will cause an advance in flour. This assertion is made by a prominent interest. "We will be forced to advance our price of flour," he says, "if the wheat market remains firm. The advance should be 25c a barrel, but no decision has yet been made what the rise will be. Everything depends upon the wheat market."

So great is the demand for oats at country points that tidewater markets are receiving very little attention from that branch of the trade. Highest price that oats can be sold at in tidewater markets is \$33 a ton, and as high as \$35 basis tidewater delivery has recently been paid in the country. Therefore oats holders are not inclined to look to the city for a market at present.

Barley is firmer but unchanged in price locally.

O. R. & N. TRAIN HELD UP BY BALKY TEAM

Says the Walla Walla Statesman: Passengers on O. R. & N. train No. 8 yesterday afternoon experienced the novel sensation of being held up in broad daylight, and in the Garden City of the northwest, when a team driven by Dave Wareham became firmly established on the track and refused to move. In an effort to frighten the animals from the track, the engineer drove the pilot of the huge machine to within a few feet of the dumb brutes and gave several angry blasts of the whistle, but the horses, quivering with fright, held the fort, and defied the iron monster. Efforts to push the wagon up on the animals, and thus force them from between the rails proved fruitless, and it finally became necessary to detach the wagon and roll it to one side in order that the driver and members of the train crew might lift the horses bodily from the right-of-way.

The holdup occurred at the crossing just above the new O. R. & N. station.

The fishing party headed by Bill Johnson returned yesterday fishless. Bill says the only fun they had was drinking Folger's Golden Gate Coffee.
