

Heat or Smoke Which?

Do you want a fuel to fill your home and lungs with smoke and nasty odors, or with clear heat, as and when you want it?

Then use gas, the fuel that answers every demand made upon it quickly, conveniently, cheaply and with cleanliness.

You're Losing Money

every time you fill that old stove up with coal --the cost per degree of warmth from coal is vastly more than heating with gas, and what a difference in convenience, cleanliness and results!

It heats perfectly the cold corners; is cheerful and clean.

CAMPAIGN TO GET WOOLMEN IN 1911

MOVEMENT STARTED HERE MEETS FAVOR IN PORTLAND

Portland Commercial Club Has Taken Up Fight to Secure National Convention of Sheepsraisers—Delegates to Visit Ogden—Many Will Go.

In connection with the Oregon Wool Growers' association, the Portland Commercial club has launched a campaign to secure the annual convention of the National Wool Growers' association in 1911, says the Sunday Portland Oregonian. The next session of the wool growers will be held in Ogden, January 6, 7 and 8. A strong delegation will attend this convention prepared to bring the sheepsman to the beaver state the following year. Oregon is the second wool growing state in the union and it is believed her claims to recognition will be successful.

Oregon Growers Active.
At the recent convention of the Oregon Wool Growers' association at Pendleton it was decided to send a delegation to Ogden next month with the purpose of capturing the next annual gathering of the wool men. This convention will be a very important one, bringing together, as it will, the men actively engaged in one of the most important industries of the country. Secretary Dan P. Smythe of the Oregon association, has called at the Commercial club and asked its cooperation to secure the convention and this was readily given. The Commercial club will send a delegation to Ogden. This will consist of B. H. Trumbull, commercial agent of the Illinois Central and D. O. Lively, manager of the Portland union stockyards, who will cooperate with the sheep men in attendance from this state, and will bear the official invitation.

A. L. Mackintosh, a member of the executive committee of the Oregon Wool Growers' association, called a committee meeting at the Commercial club, at which the matter was talked over and plans outlined for bringing the wool men here in 1911. Plans of entertaining the convention are already being discussed and it is said the attention to be shown the wool growers here will surpass the hospitality they have been accorded by any of their convention cities.

Low Rate Offered.
A rate of one and one third fare has been offered by the railroad for the Ogden convention and there is every reason to believe that there will be a very large attendance from this state. It is expected there will be a special train of four Pullmans, with dining and baggage cars, that will rendezvous at Pendleton on the morning of January 5, returning after the convention. A Pullman will leave Portland on the night of the 4th and cars from other points will meet at Pendleton. If a special train is secured it will mean that there will be at least 75 delegates from this state at the Ogden convention and very likely this number will reach 125. With such a large delegation it is said there would be no trouble in securing the convention for Portland.

Manager Tom Richardson of the Commercial club has had appropriate badges printed that bear the legend: "Portland 1911." These will be taken by the Ogden delegation and used in the campaign to bring the 1911 gathering here. The Commercial club has communicated with

IS A BASEBALL PLAYER SLAVE TO OWNER?

Wilkesbarre, Pa.—"Is a baseball player a slave?" This question was brought out forcibly in the Luzerne county court today in an action which resulted from the selling of a player from one club to another club and it is alleged that such a sale is in direct violation of the Thirteenth amendment of the constitution of the United States. The case is attracting great attention in the baseball world. Last July the owners of the Wilkesbarre club of the New York State league purchased from the Allentown club of the Atlantic league, Joseph Pelekun, a pitcher, for \$500. Of this amount \$200 was given in cash and the other \$300 was given in a note which was allowed to go to protest and suit was brought for the balance. A justice gave judgment. Today Manager Climer of the Wilkesbarre club filed his defense to the action, holding that the sale of a player was in violation of the federal laws covering slavery and that therefore the note was void. The court will take action in the matter next month.

A Policeman's Testimony.
J. N. Paterson, night policeman of Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Koepfen Bros.

FORTUNE FOR BIG FIGHTERS.

Jeffries' and Johnson's Earnings Compared With Others.

The winner of the Jeffries-Johnson fight will receive a larger income for the three hours spent in the contest—assuming that the fight lasts ten minutes—assuming that the fight lasts a rest of one minute between rounds—than that of any man in the world for a similar period. Calculations do not include the rich profits that will accrue from the moving picture concessions. The winner's hourly profit will compare as follows with other hourly incomes:

Name.	Income per hour.
Jeffries or Johnson	\$333,000
John D. Rockefeller	3,640
Czar of Russia	2,165
King Edward	270
Caruso	650
Mary Garden	500
Harry Lauder	330
Henry Miller	60

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily recommend it." Koepfen Bros.

HERO OF FOUR WARS DIES AT AGE OF 103

Dover, Del.—Captain John Downing, 103 years old and active to the last, died at his home in Little Creek. He was known as the hero of four wars, his military record being as follows: Creek-Seminole war in Florida, term of active service, 70 days, 1832; Mexican war, 1845; Crimean war in Europe, 1855-56-57; United States war of the rebellion, full term of enlistment, three years and nine days.

Foley's Orino Laxative is best for women and children. Its mild action and pleasant taste make it preferable to violent purgatives, such as pills, tablets, etc. Cures constipation. Koepfen Bros.

Old Clothes Wanted.
The young peoples society of the Presbyterian church is soliciting old clothes for the purpose of distributing the same among poor people of the city who may desire them. Parties having such clothing to offer the society will confer a favor by leaving the garments at the Power harness shop or by notifying Carl Power at that place of business.
