NORTHWEST NOTES

45 Days for Stealing Chickens.

The Dalles. — Fifty-five days in jail is the penalty Tom Maloney will pay for stealing half a dozen chickens. Maloney was arrested yesterday and pleaded guilty to larceny of the chickens, whereupon he was sentenced by the justice of the peace to serve 45 days in jail. Maloney is an old resident of The Dalles, and was formerly a railroad brakeman.

Advertisers to Build Church.

Forest Grove, Ore.—The Seventh Day Adventists have purchased ground in this city and will erect a church edifice thereon in the near future. The plans for the building are now in the hands of a Portland firm of architects, and the building committee will proceed with the work as soon as the blue prints are received.

Robbers Caught With the Goods.

Chehalis, Wash.—Caught with the goods with a few hours after their arrival in Chehalis was the fate of two men who are lodged in the county jail here. They are accused of robbing a man named Johnson who was a passenger on train 302 last night. A watch and \$30 in money were taken. The watch was recovered and \$27 in cash was found on the men. They made the cleanup between Winlock and Chehalis and will be tried in this county.

Buy Thoroughbred Cattle.

Kalama, Wash.—Enough apple trees have been sold here during the past 15 days to plant 1000 acres of land next spring. The varieties ordered are Spitzenbergs, Yellow Newtowns, Pippins and Winter Bananas. It is said that a Spokane concern that recently purchased 350 acres north of town will plant 75 acres to apples and 50 acres to pears and plums next year. Dr. E. C. Suter of Walla Walla, has bought 50 acres of fruit land near here for \$17,500. R. E. Drain of Chehalis, has bought 25 acres for \$400 per acre. An effort is being made by fruit-

growers in this section to organize and secure the appointment of a competent inspector. Fruit pests are not troublesome now, and by proper care no difficulty should be encountered from that source.

\$1000 for 1910 Boost Fund.

Eugene, Ore.—There remains nearly \$1000 in Eugene's 1909 publicity fund. It will be applied to the 1910 fund, which has reached the sum of \$13,000. The board of governors has not yet selected a successor to John H. Hartog, the publicity manager who recently resigned. The board has elected the following officers: F. M. Wilkins, president; W. A. Bell, vice president; R. McMurry, secretary and treasurer. The other members of the board are: P. L. Campbell, E. Schwarzschild, W. J. Hill, L. R. Flint, F. R. Wethrebee, and F. W. Osburn.

C. E. of Two Counties to Join.

North Yakima, Wash.—The Christian Endeavor societies of Yakima and Kittitas counties are to form a union on the occasion of the visit here on February 19 of President Francis E. Clark and International Treasurer William Shaw of the Christian Endeavor society. Arrangements already are on foot to have delegates present from every society in the two counties. It is proposed to form a strong united organization, by which effective work can be done throughout the entire Yakima valley.

Flax Factory for Chehalis.

Chehalis, Wash.—Word has been received here that two carloads of the flax machinery that is to be installed here by the United States Flax Twine Manufacturing company has been shipped from Renton, Wash. The plant will be installed in the old flax fiber factory in the south part of the city and when the concern is once installed it is expected that it will employ about 25 or 30 people. Twine will be one of the first products to be made, but later as the business develops, it is hoped to work into the weaving lines. It

has been demonstrated that the fiber from flax grown in this section is the equal of any grown elsewhere.

Business Changes in Albany.

Albany, Ore.—H. C. Chamberlain has bought the Royal restaurant and hotel on First street from "Dad" Williams, and took charge last evening. Mr. Chamberlain is an old Albany resident.

G. E. Nichols, proprietor of the Royal bakery, will move his business from its present location on Second street to the building now occupied by Mrs. Nichols' millinery store on First street. Mrs. Nichols is now selling out her stock. The building now occupied by the Royal bakery has been leased for a number of years to a Portland restaurant man.

Foley's Honey and Tar is the best and safest cough remedy for children. At the first symptoms of a cold, give as directed, and ward off danger of croup, bronchitis, sore throat, cold in the head and stuffy breathing. It brings comfort and ease to the little ones. Contains no opiates or other harmful drugs. Keep always on hand and refuse substitutes. Koepfen Bros.

RABBIT SKINS WILL COVER BOY'S BODY

Kansas City.—One of the rarest surgical operations in the world has just been performed here as a last resort in an attempt to save the life of Johnny Herren, 14 years old, who is at the General hospital.

One hundred square inches of the boy's burned flesh was covered with the skins of young rabbits. This is but a third of the total surface to be covered with rabbit skin and Johnny will be upon the road to recovery. For several months the child has lain in agony almost with the entire right side a mass of raw flesh. On May 7, he was badly burned when a playmate put some powder into his hip pocket and touched a match to it. Nearly all the skin from the boy's shoulder to his knee on the right side was burned.

After exposure, and when you feel a cold coming on, take Foley's Honey and Tar, the great throat and lung remedy. It stops the cough, relieves the congestion, and expels the cold from your system. Is mildly laxative. Refuse substitutes. Koepfen Bros.

CALIFORNIA WILL FIGHT MOSQUITOES

Sacramento.—A campaign for the extermination of mosquitoes in the great inland valleys of California is being planned by the state board of health. The establishment of the fact by microscopic tests that malaria is conveyed by mosquitoes and in fact spreads in no other way, and the practical stamping out of the disease where the mosquito pest is controlled, have led to the determination on the part of the health board to commence work.

Dr. Snow, secretary of the board, announces that ranchers and property owners will be instructed to drain all small pools of stagnant water about their premises. Town boards will be lined up to cooperate with individuals in forcing the reforms. Patients suffering with malaria will be screened from mosquitoes.

Instructions will also be given in the use of quinine, the natural specific for malaria.

Hexamethylenetetramine.

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities and avoid a serious malady. Koepfen Bros.

"UNCLE DAN'L" NEXT ATTRACTION AT "OREGON"

Uncle Dan'l or the Messenger from Jarvis Section, will be the offering at the Oregon tomorrow night.

This is the play in which Barney McCauley and Mrs. Fiske first won such marked popular success for so many years. It tells a simple domestic story of New England life and has not a few genuinely effective dramatic situations. Several high-class specialties are introduced throughout the piece. Special attention has been given the scenic and electrical effects. They do not write as good songs now-a-days as the old songs and Uncle Dan'l is proof that the real good plays of a few years ago were the "real goods." At the following prices, 75c, 50c, 25c. Uncle Dan'l should pack the Oregon theatre to capacity.
