

STOCK HOGS ARE SENT TO NEBRASKA

HIGHER PRICES HERE, SO TRADE IS WONDERING

Buyers At Loss to Understand Singular Action—Hog Market Is in Excellent Condition—Cattle Stand in Very Good Condition—Sheep and Lambs Firm.

Portland Union Stockyards, Stockdale, Dec. 23.—Owing to the lack of a sufficient amount of hog feed in the interior, shipments of stockers and feeders are being made to the outside. A number of loads were received in the Stockdale yards during the past 24 hours from northern Idaho, and several loads went from the same point to the Nebraska market. This is looked upon by the trade almost in the light of a calamity, for if ever feeder stuff was needed in the Pacific northwest, it is required at this period. Everyone is making an effort to build up the stock industry here, and therefore the shipment of feeders to Nebraska is not looked upon with favor.

Better Prices Obtainable Here. Just why anyone could be so foolish and lose sight of their own interests so much as to ship hogs to the middle west when Portland is today the highest hog market in the entire country, and is itself receiving many carloads of hogs from Nebraska because the local territory has been unable to supply more than a fraction of the demand to date and killers have therefore been forced to pay the heavy freight charges to bring in supplies from Nebraska.

While there was a very liberal run of hogs in the Stockdale yards yesterday, only one car arrived today. The market itself is in an excellent position, with fancy stuff easily disposed of around \$8.75. This seems to be the top at the present time, although it is quite probable that hogs could be good enough to bring a few fractions over this sum.

Cattle Market Is Helped. Just four head of cattle arrived in the yards today and these were driven to the yards from the country. While there is no clamor for cattle from killers at this time because of the holiday season—and this dullness is usual for this period of the year—the market stands in a very good position, especially for first class quality, and there is little doubt that prices can be maintained at the present standing.

Sheep and Lambs Holding Firm. Sheep and lambs held firm during the day's trading at Stockdale and former prices were maintained. Therefore no change is shown in the values quoted by the newspapers. First-class sheep and lambs have been scarce for some days and stock that will grade top is invariably picked up in a few moments of being unloaded from the cars.

Those Who Supply the Market. Sheep—S. I. Hibbs was in from McMinnville with a load of sheep. E. P. Johnson drove in 102 head from the country.

Horses—Winston Bros., of Centralia had in one carload on today's market.

Hogs—A. S. Milne of The Dalles, with one load.

Today's run of livestock compares with this day in recent years as follows:

Hogs, Cattle, Sheep.	
1909	65 4 219
1908	227 30
1907	65 135
1906
1905

A year ago today there was a firm tone in all lines of livestock, with no change in values.

The following is the general range

AWAY GOES ALL STOMACH MISERY

NO INDIGESTION, HEART-BURN OR GAS IN 5 MINUTES

A Little Diapepsin Now Will Make Your Out of Order Stomach Feel Fine—Digests All Your Food, Leaving Nothing to Ferment and Sour.

If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out of order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heart-burn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

of livestock values in the yards: Cattle—Best steers, weighing 1200 pounds, \$4.75@4.80; medium steers, \$3.50; best cows, \$3.75@3.85; fancy heifers, \$3.75@3.85; medium cows, \$2.50; poor cows, \$3@2.50; bulls, \$2@2.75; stags, \$2.50@3.
Hogs—Best east of the mountains, \$3.75; fancy, \$3.65; stockers, \$6; pigs, \$6@7.
Sheep—Best wethers, \$5.25@5.50; ordinary, \$5; spring lambs, \$6; straight ewes, \$4.75; mixed lots, \$4.75@5.
Calves—Best, \$5.25@5.50; ordinary, \$5@4.50.

THE WHEAT MARKET

SHORTS RUN TO COVER AND WHEAT GOES HIGHER

Chicago Has Closing Gain of 1/4 to 1 c —Liverpool Market is Sharply Lower.

Chicago, Dec. 23.—The wheat market started with the wrong foot forward but closed bullish, 3-4 to 1 1-2c advanced over yesterday. A slight concession was made in the price after the opening, but the market's tone changed and all at once everyone wanted to buy. Short covering was the next thing and this forced the December to 116 1-4 where it closed, 1 1-2c above yesterday.

Foreign markets were not encouraging. Liverpool opened 3-4 to 7-8d lower and closed with net losses of 1-2 to 3-4d.

Corn and oats received their support and higher prices from the late advance in wheat.

Pork products were higher because of the advance in corn. January closed 12 1-2c above yesterday.

It is announced that the grain exchange will close at the noon hour tomorrow.
Cash wheat—No. 2 red, \$1.25@1.26 1-2; No. 3 red, \$1.10@1.25; No. 2 hard, \$1.15@1.18; No. 3 hard, \$1.10@1.15 1-2; No. 1 northern, \$1.15@1.18; No. 2 northern, \$1.14@1.17; No. 3 spring, \$1.10@1.15 1-2.
Cash corn—No. 2, 61c; No. 3 white 61c; No. 3 yellow, 61c; No. 4 common 58@59c.

Alone in a Saw Mill at Midnight. Unmindful of dampness, drafts, storms or cold, W. J. Atkins worked as night watchman, at Banner Springs, Tenn. Such exposure gave him a severe cold that settled on his lungs. At last he had to give up work. He tried many remedies but all failed till he used Dr. King's New Discovery. "After using one bottle," he writes, "I want back to work as well as ever." Severe colds, stubborn coughs, inflamed throats and sore lungs, hemorrhages, croup and whooping cough get quick relief and prompt cure from this glorious medicine. 50c and \$1. Trial bottle free, guaranteed by Tallman & Co.

NEW YORK WILL SOON HAVE MONSTER SKYSCRAPER

New York—New York's largest, although not the highest, sky-scraping office building will soon cast its shadow over the Battery. Old buildings on the site are now being demolished and active work will soon commence on the giant building, the largest of its kind in the world. Rearing its heights thirty-one stories above the ground, it will contain 11,000,000 cubic feet with a rentable area of 550,000-square feet. In it will be ten miles of plumbing, twenty miles of steam pipe, sixty-five miles of conduit and wiring and 3,000 electric fixtures.
From curb to roof it will measure 415 feet. In building it will use 14,000 common bricks, 900,000 face bricks, 45,000 barrels of cement, 535,000 square feet of floor arches, 268,000 cubic feet of clinder fill, 125,000 square feet of girder covering, 459,000 square feet of partition tile, 129,000 square feet of column covering, 210,000 square feet of wall covering, and "other articles too numerous to mention."

PEARY IS FETED BY HIS COLLEGE FRAT

New York.—A dinner with more than 1,500 "Dekes" in attendance, the largest college fraternity banquet ever given was tendered to Commander Robert E. Peary the other night at the hotel Astor by the Delta Kappa Epsilon fraternity.
Peary, in addition to nailing Old Glory to the Pole, planted a handsome D. K. E. flag, which was given to him for that very purpose at the "Deke" dinner in New York in 1907. This event the fraternity is going to signalize. Commander Peary joined the fraternity in 1877 while at Bowdoin College, Maine.

An Elastic House.

Harry Reichenbach, advance agent for "The Third Degree" company, lately visiting New England, while interviewing a local manager, brought to light this contribution: "What is the capacity of your theater?" inquired Reichenbach. "Elastic," replied the local manager. "What do you mean?" said Reichenbach. "Well," said the local theatrical manager, "it all depends upon the weather. If it is clear, 432; if it rains, 300—you see, we have a leaky roof."
