FAIR EXCHANGE.

A New Back for an Old One—How It Can Be Done in Pendleton.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You can not reach the cause. Exchange the bad back for a new and stronger one. Pendleton residents would do well to profit by the following example.

Mrs. Putnam Yeck of Elgin, Ore., says: "I had known of the merit of Doan's Kidney Pills long before I had occasion to use them. When suffering from an attack of lame back, accompanied by pains through my kidneys, I procured a box and began their use. If I sat long on one position the pains were always more severe and I experienced a languid, dizzy feeling upon first arising in the morning. Doan's Kidney Pills banished the backache, regulated the passage of the kidney secretions and helped me in every way. I cannot express my gratitude to Doan's Kidney Pills for the benefit they gave me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

SPokane's Wealth IN HANDS OF FEW

LESS THAN ONE PER CENT OWN EIGHTY MILLIONS

Seventeen Millionaires Among the List of Wealth Controllers—Fortunes Have Been Made in Inland Empire.

Spokane, Wash.—One hundred and twenty residents, or less than one per cent of the population of Spokane, own \$80,000,000 of the wealth of the inland empire, and of these 19 men and one woman control more than 45 per cent of it. There are 17 millionaires in Spokane, according to a carefully prepared compilation just completed; 32 with \$500,000 or more and 70 with \$250,000 or more. These fortunes have been accumulated in mining and real estate operations, railroad building and banking, timber and real estate operations, railroad building and banking, timber and hotel business since 1889. The millionaires are:

J. J. Brown, banking and real estate; A. B. Campbell, mine operator; F. Lewis Clark, real estate and railroad; Patrick Clark, mine operator; D. C. Corbin, railroad builder and operator; Austin Corbin, mine operator; William H. Cowles, newspaper publisher and real estate; Louis M. Davenport, restaurant, real estate and banking; Graham B. Dennis, real estate and mine operator; Mrs. Victor Dessert, hotel and real estate; John A. Finch, mine operator; Jay P. Graves, railroad builder and mine operator; Governor Marion E. Hay, real estate and capital; Levi W. Hutton, mine operator and real estate; O. G. Labaree, railroad and mine operator; James Monaghan, mine operator and real estate; August Paulsen, mine operator and real estate; Patrick Welch, railroad builder.

"Hundreds of fortunes have been made in the inland empire in the last 10 years," said J. J. Browne, "and at the undeveloped resources have scarcely been touched. There is untold wealth in our mountains and forests, agricultural and orchard lands and power streams and millions of dollars are within reach of many. The coming five years should make as many rich men as became wealthy during the last fifth of a century."

Alone in a Saw Mill at Midnight, unmindful of dampness, drafts, storms or cold, W. J. Atkins worked as night watchman, at Banner Springs, Tenn. Such exposure gave him a severe cold that settled on his lungs. At last he had to give up work. He tried many remedies but all failed till he used Dr. King's New Discovery. "After using one bottle," he writes, "I went back to work as well as ever." Severe colds, stubborn coughs, inflamed throats and sore lungs, hemorrhages, croup and whooping cough get quick relief and prompt cure from this glorious medicine. 50c and \$1. Trial bottle free, guaranteed by Tallman & Co.

REAL DEMOCRACY.

Jefferson Still Occupied Foot of Table at Boarding House After Inauguration.

Washington.—A party of senators and H. P. F. Macfarland, chairman of the board of District of Columbia Commissioners, were in a committee room discussing the question of moving inauguration day from March into April.

"What would you think of a plan to have the incoming president follow the example of Jefferson, who rode to the capitol, tied his horse to a post and took the oath?" asked Senator Frazier, of Tennessee.

"That is a fine old Jefferson story," said Macfarland, "but unfortunately history does not bear it out. Jefferson had an escort on his trip to the capitol."

"Yes, I know it is a legend, but it is good enough to be true," observed Frazier.

"The real Jeffersonian simplicity," added Macfarland, "was exemplified when Jefferson had taken the oath of office and returned to his boarding house. His seat had been at the foot of the dining room table and there he sat even after the honors of the presidency had come to him. A lady near the head of the table offered her seat but the men present held firmly to their chairs and showed no inclination to yield precedence to the head of the republic."

"That was real democracy," exclaimed Frazier, and all joined in the verdict.

WOULD TAX MEN WHO PREFER SINGLE BLESSEDNESS

Washington.—A discussion of a tax on bachelors, according to reports received here from American consular officers in the dual monarchy, and every club in the empire is agog with the possibilities of the new budget proposed by the government.

The proposed tax would fall on bachelors who have only themselves or one other person to care for, and also upon childless married couples. The estimates submitted to the Austrian parliament with the budget declare that at least \$5,000,000 annually will be raised by this unique new tax. The bachelors and society people are unanimous in condemning the plan.

The Correct Time.

To stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running for sometime the treatment will be longer, but the cure is sure. A. C. Koepfen & Bros.

MASONS HOLD ANNUAL INSTALLATION AT ATHENA

(Special Correspondence.)
Athena, Ore., Dec. 28.—The annual installation of officers of the Masonic lodge and the attending banquet, was held in the Masonic hall last night before an immense crowd. Only Masons, their relatives and immediate friends were invited, but these filled the hall by 8 o'clock when the meeting was called to order by the retiring master, Mr. A. V. McEwen. After the newly elected officers took the oaths of office and were conducted to their respective places the audience listened with interest to the annual address delivered by Prof. Case. The address was thoroughly interesting, giving the origin, history, purpose and accomplishments of Masonry.

The banquet which followed was the most elaborate of the season and the toasts and solos by the ladies and gentlemen were exceptionally interesting. The social hour was entered into by all and the affair from beginning to end was a grand affair.

This evening at 8 o'clock the Athena boys will meet for the second time this season, the fast basketball team from Weston. The first game proved a complete victory for Weston, but since the last game the Athena boys have had the advantage of the coaching of Coach Blanchard, of Whitman college, and the game no doubt will be a close one. Interest in the game tonight is intense and practically everybody in Athena will turn out to see the game.
