THE HEALING STRENGTH OF MINERAL WATERS

In Cases of Dyspepsia, Rheumatism, Gout and Nervous Breakdown, Is Marvelous.

Upon recent investigation by eminent physicians, chemists and scientists it has been demonstrated that natural, earth flowing mineral waters are the most beneficial means for the cure of organic maladies.

Paso Robles Hot Springs are at this time the point of interest to most investigators, as recent occurrences have attracted the attention of the thinking world to these springs.

One of their chief points of interest to medical men is said to be that which proves that a pre-eminent chemical action rests in the waters which flow from the earth at Paso Robles, California.

Paso Robles Hot Springs is making cures daily of rheumatism, gout, stomach trouble, neurotic disease, kidney trouble and general breakdown, which proves almost beyond question to medical men that there is some quality in these waters superior to any in this country and probably in the world.

It is also claimed for Paso Robles that the air conditions are perfect. It lies in a small valley protected by mountain ranges; is 720 feet above

sea level and is not assailed by too much sea moisture or an abnormal temperature from the hot land winds.

This air condition is thought by some to have almost as much to do with its cures as the waters themselves.

The town, like all health resorts, is filled with boarding houses of all kinds so that every purse will be pleased. There are hotels for the rich, where any luxury may be had. Private baths for exclusive patrons who wish to be to themselves.

These springs have been known for centuries, for they were used by the Indian to cure his sick and later the Franciscan fathers performed wonderful cures here, but it is only recently that the really marvelous powers of these waters were made known to the world at large.

Nearly every form of organic trouble is treated at these hot springs, for the authorities welcome all except those who have tuberculosis or unclear diseases. For the man who suffers from over-eating or from alcoholic excesses there is nothing in the world to equal a week spent at Paso Robles. It straightens him out with a rapidity that is wonderful, and the best recommendation is that they do away with the nerve-craving for stimulants because of their peculiar soothing effects upon the nervous system.

Truly speaking, the study of Paso Robles Hot Springs is one which is giving the medical fraternity abroad and at home much interest, and is probably directing more attention to California than any other of her natural gifts to man.

A small book, neatly illustrated, has been recently published by the management telling the story of the Hot Springs in a most interesting manner and giving to Wm. McMurray, General Passenger Agent of the O. R. & N., Portland, Ore., or Dr. F. W. Sawyer, Manager, Paso Robles, Cal.

Rich Men's Gifts Are Poor beside this: "I want to go on record as saying that I regard Electric Bitters as one of the greatest gifts that God has made to woman, writes Mrs. O. Rhinevault of Vestal Center, N. Y. "I can never forget what it has done for me." This glorious medicine gives a woman buoyant spirits, vigor of body and jubilant health. It quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting, ailing and sickly. Try them. 50c at Tallman & Co.

UTAH'S GOVERNOR SAYS NAY TO FIGHT

San Francisco.—Tex Rickard, who with Jack Gleason, landed the proposed Jeffries-Johnson fight, is said to be on his way to this city.

Further, it is rumored that Rickard will consult with certain local capitalists and sportsmen concerning the big fight, and that if sufficient financial backing is guaranteed, it may be settled definitely and immediately that the mill will be pulled off in this city.

Governor Spry of Utah, according to a dispatch received here today, has intimated that the fight never will be held in Salt Lake City, which place is reported to have been favored by Rickard.

In view of the reported gubernatorial objection, it is hinted that Rickard will head the importunities of Gleason and settle upon San Francisco.

O. R. & N. PAYS \$6000 TO INJURED ENGINEER

JAMES GAVIN HAS BEEN IN HOSPITAL 14 MONTHS

Young Employee Had Piece of Board Thrust Through Body—Company Settles For \$6,000 Besides Paying for Medical Treatment.

A dispatch from La Grande says: Jas. Gavin, an engineer of the O. R. & N. company, is home from the hospital in Portland where he has been confined for over a year following injuries in an accident at the stock yards in the western part of town. Just before his release from the hospital the railroad company settled all claims for damages arising from the accident by the payment to Mr. Gavin of the sum of \$6,000. A further part of the stipulation is the agreement on the part of the company to pay all the expense incurred for medical treatment and hospital charges during the long period of the young engineer's confinement.

Mr. Gavin was the engineer on a train which started out for the west and at the stock yards there was a car which did not "clear" the main line. The engine crashed into the car and a piece of board split through the side of the car was thrust through the lower portion of the engineer's body. He was removed to the hospital and has been at the institution for a period of nearly fourteen months.

Although severely crippled Mr. Gavin is able to travel on the streets and he has been receiving the greetings of a large number of friends since his return home. Mr. Gavin has been in the employ of the company several years and at the time of the accident he was one of the youngest men on the roll of engineers. He is a son of Mr. and Mrs. John Gavin, of this city.

How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by all good dealers.

A. EKLUND.

The Correct Time. To stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running for sometime the treatment will be longer, but the cure is sure. A. C. Koepfen & Bros.

Often The Kidneys Are Weakened by Over-Work.
Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.
