Silent Auction

at The Gift Room, next door to Koepkens Drug Store.

Every article in the Gift Room included in this sale, excepting gold band dinner ware, which is sold under a different plan as stated below.

Everything in new annex will be sold to the highest bidder regardless of cost--Koepkens gets the first bid, (which will be one-half the regular price), and the first bid after that must be a 10 per cent. advance above the half-price bid, and after that a bid for any amount will be allowed.

The sale begins Saturday, Jan. 1st, and continues ten business days, ending Wednesday evening at 5 o'clock, January 12, 1910.

Remember this sale will be a genuine silent auction sale, and means just what it says--"a silent sale"; none but the person in charge will know who does the bidding, but the amount will be placed on a card attached to the different articles and at the close of the sale, Wednesday, January 12th, the bids will be opened by a committee of three and the successful ones notified at once.

Example of sale plan:

For instance the regular price of the article is \$4.00, Koepkens' bid would be \$2.00; the first bid at a 10 per cent. advance of the half-price bid would be \$2.20, then any amount is allowed.

Full particulars at the Gift Room on Saturday at the beginning of the sale. Be sure and

investigate this plan as you may have the opportunity of buying some article that you wish at about half-price.

The sale includes cut glass, hand-painted china, brass goods, jardineres, umbrella stands, comb and brush sets, manicure sets, unframed pictures, traveling cases, etc., etc.

White and Gold Dinner Ware will be on sale on our half giving away plan--that is, we give you half as much free of charge as you buy. For instance: if you buy \$1.00 worth of china at regular price, we make you a present of 50c worth of china absolutely free of charge.

We do not think it necessary to explain any further, as you undoubtedly are acquainted with the plan, as we inaugurated and conducted a most successful half giving away plan last spring, and judging by the popularity and amount of goods sold under this plan, it certainly must have met with the approval of the buying public.

KOEPKENS NEW ANNEX, The Gift Room, where the best gift articles are served for all occasions, next door to KOEPKENS, the drug store that serves you best.

DISSOLUTION NOTICE.

By mutual consent, the firm formerly existing and known as Baker & Folsom, doing a general furniture, carpet and undertaking business in the city of Pendleton, has this day been dissolved. John S. Baker will continue the business at the same old stand in the Smith-Crawford building opposite the postoffice, collecting all accounts and paying all bills outstanding against the firm.

Mr. Baker will continue the business as in the past, handling only the highest class merchandise in the carpet, furniture and undertaking line, and cordially solicits a continuance of the same pleased patronage that the old firm enjoyed in the past from its hosts of patrons.

Dated this 31st day of December, 1909.
JOHN S. BAKER,
RALPH FOLSOM.

Since the country pulled through to prosperity, a sane celebration will be the proper cut.

CHARGES IT UP TO THE FRISCO QUAKE

Fort Wayne, Ind.--A romance growing out of the San Francisco earthquake disaster of April 18, 1906, will have a fitting ending when William Campbell, a young attorney of this city arrives in San Francisco to claim as his bride Miss Gertrude Albrecht, of that city. The marriage will take place next Tuesday.

Campbell and Miss Albrecht were students at Stanford university at the time of the earthquake. Although slightly injured when the tremor partially filled his room in Encina hall, the men's dormitory, with bricks from a demolished chimney, he escaped from the building.

With Miss Albrecht, Campbell started for San Francisco in an automobile. The car broke down, and the couple were compelled to walk the greater part of the distance. Late that evening they arrived at the home of the girl's mother, Mrs. Lillian Albrecht. It was on this trip that the romance had its conception.

Campbell left Fort Wayne for the Pacific coast today.

GIRLS' "RATS" BLAMED AS STUDY HINDRANCE

Reading, Pa.--Closely following up the order dispensing with sauerkraut from the menu of the noonday lunches served at the boys' high school, the question of "rats" worn by the students at the girls' high school in arranging their hair came up for consideration. Recently some of the girls complained to their parents that their instructors were not thorough enough in their explanation of the lessons. Anxious fathers called the attention of the matter to several of the controllers, and they in turn made mention of the matter to Professor Charles S. Foss, superintendent of public instruction. After a thorough examination Superintendent Foss came to the conclusion that the girls themselves were to blame. Girls are kept busy shifting their rats to keep them in position, he says, and pay so much attention to the arrangement of their hair that they do not hear the instruction given them.

INGRAM'S GROCERY IN NEW QUARTERS

Commencing Monday, January 3, Ingram's Grocery, for 15 years located in the Betz building on Main street, will open in their new, large and more commodious store room in the I. O. O. F. hall formerly occupied by the men's department of Livengood & Co.

This popular grocery intends handling only the highest class of staple and fancy groceries, fruits and vegetables and will be in a better position than ever to cater to the particular grocery trade of Pendleton.

The phone number will remain the same, Main 37, and to our old friends and patrons who will call and find us missing from the old stand, we request that they step just two doors south where they will find us in our more spacious quarters, bigger, busier and better than ever--that's Ingram's the grocery that tries at all times to give you the best the market affords and cares for your trade.

With the further information that their store will be closed all day Saturday, January 1, thanking all for past favors and hoping for a continuance of the trade during the year just started that we have enjoyed from you during the year just closed, we wish you all a happy and prosperous New Year--that's all.

We shall soon be in the proper frame of mind to read Brother Rockefeller's maxims on "How to Be Poor and Happy."

BIG SHEET AND PILLOW CASE DANCE

To Be Given by Pendleton Aerie No. 28, on New Year's Eve, December 31, 1909.

Ten Dollars in Prizes to Be Awarded--Good Time for Everybody.

The fraternal order of Eagles who have always been known for never doing anything by halves, are to give a grand sheet and pillow case dance on New Year's eve, December 31, 1909. This will be something new for Pendleton. All Eagles are making a combined effort to make this the hewing success of the season and know of no better way to spend the last few hours of 1909 than by having the biggest dance of the year.

In order to make the dance more complete the committee has decided that no one without a sheet and pillow case will be permitted to dance until the prizes are awarded.

For the best sustained character a cash prize of \$5 will be given; for the second best, \$2.50, and to the most awkward a prize of \$2.50.

Admission charges will be as follows: \$1 per couple; ladies masked free; ladies unmasked, 50c.

This will be possibly the last dance of the year. Watch for the novel parade on New Year's evening at 7 o'clock.

FRENCH ARMY TO HAVE LARGE AIRSHIP FLEET

Paris--The relative practicability of dirigible balloons and aeroplanes in the future, is the theme of intense discussion following a letter from Baron d'Estournelles de Constant, senator and president of the parliamentary group favoring international arbitration, to General Bruin, minister of war.

The letter calls attention to the fact that France is far behind other countries in the development of military aeronautics. The senator's warning has been taken up by the National Aerial league, which has pointed out to the aerostatic commission of the chamber the pitiful position of France as compared with Germany. France's solitary "Ville de Paris" contrasting

markedly with Germany's ten dirigible balloons.

The minister of war says dirigibles would be augmented so that in 1911 France would have "a satisfactory fleet."

It is understood that the war department is convinced that the aeroplane will be the most serviceable unit in the future and it plans to strengthen the army in that direction more than with dirigible balloons.

New Lodge Hall.

Clatskanie, Ore.--The new lodge hall is finished and is the most complete hall ever built here. The main lodge room is 40 feet square, finished in natural wood. In the rear are a property room, an anteroom, which is also fitted up for a kitchen when necessary, lavatory, toilet, etc. A stair hall runs across the back, with both inside and outside stairways for entrance and exit.
