

Attention Boys and Girls! Draw a Picture of the Famous "Red Goose" and Win a Prize.

The makers of the Red Goose School Shoe for children, of which we are sole agents, desire to secure a number of good pictures of the famous RED GOOSE. They have decided to offer through our Shoe Department a number of prizes for the best drawings made by the school children of Pendleton. There are fifteen big prizes, for the fifteen best drawings, but in addition to this, every boy and every girl who draws a picture will get a prize. The fifteen big prizes offered are as follows:

- First Prize \$10 in Gold
- Second Prize \$5 in Gold
- Third Prize \$3 in Silver
- 12 Prizes, ea. \$1 in Silver

This makes 15 big prizes for the 15 best drawings. In addition to these, every boy and every girl who makes a drawing of the RED GOOSE, and brings it down to the Children's Shoe Department, will get a prize. This will be a copy of "The Red Goose Story Book" and one of the RED GOOSE souvenirs. There are very few rules to govern the drawing contest. Any boy or girl under 16 years of age can enter the contest. You may draw any kind of a picture you like, either serious or humorous (the real red goose is shown in accompanying illustration.) You can make the drawing of the RED GOOSE only, or it can be a scene in which the RED GOOSE is a prominent character. You can draw the picture in black and white, with pen and ink, or pencil or crayon, or it can be drawn in colors with crayon or your water colors. You can draw one picture or as many as you like. There is no limit to the number you can enter. (Our advice is to draw only a few pictures to enter in the contest, and make these as good as you can.)

Requirements of the Red Goose Contest

First, the drawing must be made on a good clean sheet of drawing paper or drawing board, about the same size as those used in the drawing classes in your school. Second, your name, your parents' or guardians' names, your home address, your age at your nearest birthday and the name of your school must be plainly written on the back. Third, the drawing must be brought by yourself and handed in at the Children's Shoe Department. (An exception will be made for those children who through illness or misfortune cannot come down in person.) The contest will close Mar. 10, and on or before that date all of your drawings must be presented. You can bring them as much earlier as you like. The prizes will be awarded three weeks later, as the committee will require this amount of time to select the best. The committee to make the awards will be composed of an artist, an advertising man, a newspaper man and a shoe man—four men, whose names will be announced later. Now, all you boys and girls, let's see how well you can draw. Make a picture of the RED GOOSE and bring it as soon as you have it finished. And come down and see the big RED GOOSE exhibition. This is something every boy and girl should see. Shoe Department.

ALBEE NEWS BREVITIES

FARMERS THREATENED WITH FEED FAMINE

Severe Weather Still Continues—Much Snow in the Hills—Other News Notes.

(Special Correspondence.)
Albee, Ore., Jan. 16.—The high winds that prevailed Wednesday night and Thursday drifted the snow pretty badly in many places of the valley and made it difficult to drive over the roads. About two inches of new snow fell during the week and it looked like the backbone of the long cold spell had broke until yesterday evening the wind switched to the north-west and the mercury dropped to 6 above this morning. The question of feed to get the stock through is becoming serious. Some of the stockmen are running very short and there is no hope they can buy. There will undoubtedly be some loss of stock before grass comes. The snow is about 18 inches deep here in the valley, while it is much deeper in the hills and timber. Old settlers say this has been like the winters were here 25 years ago.

Quite a number are complaining of bad colds, otherwise the health of the people is good.
There was a dance in the Albee hall and a basket supper at A. S. Quant's Friday night. Everything passed off quiet and orderly and everyone had a jolly good time. The next dance will be next Saturday night by the ladies of Albee and vicinity.

The Rev. Warrington of Pilot Rock filled his regular appointment here this afternoon at 3 o'clock and returned to Ukiah to preach tonight.

Mr. and Mrs. W. A. Craft will leave here next Wednesday for Clatskanie, Wash., to make their future home. We regret to have them go, but wish them every success in their new home.

Mr. and Mrs. Unsbau and Mr. and Mrs. Quant were out for a sleigh ride today behind Mr. Unsbau's hay steppers.

A. S. Paul and family visited with Mr. and Mrs. W. A. Craft today.

Wm. Scott of Hildway Springs, butchered a nice beef here Friday, which he found ready sale for at seven and eight cents per pound. Mr. Scott returned to the springs yesterday afternoon.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. It invigorates the entire system and strengthens the kidneys so they eliminate the impurities from the blood. Backache, rheumatism, kidney and bladder troubles are all cured by this great medicine. Commence taking at once and avoid Bright's Disease and Diabetes. Koepfen Bros.

Clothing Trade Slack

New York, N. Y. — Clothing jobbers who have opened lines of suitings for the fall of 1910 state that few of the initial orders compare with those of last year. The trouble seems to be that clothiers are undecided as to what class of goods they want for next fall. At any rate, they are not making purchases in the usual way. Agents declare that it has been several seasons since the opening of fancy men's wear suitings has been deferred until the middle of January. Up to the present time the lines that have been shown to early buyers include the products of several of the largest New England organizations. It is said by other large factors that they will have their lines in readiness to show during the next few days. Orders on staples for men's and boys' clothing in heavyweights are about up to the average.

Simple Remedy for La Grippe

LaGrippe coughs are dangerous, as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough, but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Koepfen Bros.

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half a million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases. Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever upon them. Write without fear as to your fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

COOK'S PRIVATE SECRETARY DESERTS HIS STANDARD

Copenhagen.—Walter Lonsdale is the most recent of the former associates and employes of Dr. Frederick A. Cook to admit a distrust of the man whose claim to the discovery of the north pole was rejected by the University of Copenhagen.

Lonsdale was private secretary to United States Minister Egan up to the time of the arrival here of Dr. Cook, with whom he then associated himself in a similar confidential capacity.

He accompanied the explorer to the United States, made the typewritten duplicates of the polar records and brought the data here for examination by the university committee. He

has remained loyal to his employer until now, when he says he is beginning to doubt him.

Lonsdale states that he received a letter from Cook under date of December 24 and mailed from a city in southern Spain. According to this letter Cook was on the sea from December 14 to December 24, and therefore was not acquainted with the decision of the examining committee when the letter was written. Since the receipt of this letter Lonsdale says he has heard nothing from Cook though he has addressed several telegrams to him at a point where he thought the explorer could be reached.

Lonsdale estimates that Cook cleared \$50,000 from the exploitation of his arctic reputation.
