

MARKET PAYS \$5.35 FOR BEST CATTLE

EASIER FEELING FOR ORDINARY QUALITY

Select Stuff Always Finds Ready Favor—Hogs Again Sold at \$9.10—No Run of Sheep and Market Remains Firm.

Portland Union Stockyards, Stockdale, Jan. 17.—While there is only a fair tone in cattle at this time and the buyers are quite well supplied, sales of extra select Prineville stock was made during the day as high as \$5.35, although the exact transactions could not be secured this morning.

Good steers have sold as high as \$5.10 during the day; a very good price considering the fact that the stuff could not be rated first class. Cows sold during the morning at \$4.25 but it took select quality from local ranches to bring this figure.

There were very heavy arrivals of cattle from California for the opening of the market this morning. In all, 15 cars came from the vicinity of Gallella.

The biggest bunch was shipped in from that point, O. D. Jones of California city sending in 10 loads for today's trade.

Poor Quality Sells Low. While selected quality is finding a demand in the Stockdale cattle market at this time, because good stuff always finds favor with the trade, no matter what the condition of the general market, there is a somewhat easier feeling in ordinary quality, and for this class of stuff fractionally lower prices are in effect today.

"The trade should not get excited," says a prominent livestock seller, "and because one or two loads of selected stuff sells at \$5.35, come to the conclusion that the entire market is ranging in proportion, for it is not. These good prices are being paid at this time only for better quality."

Hogs are feeling better because of the improvement in eastern prices during the past few days. An advance of 10c in the local market this morning at the high price here at \$9.10, sales being made by a Stockdale firm at that figure.

Run of hogs in the yards over Sunday was but \$9 head, comparing with \$9 Saturday, 175 Friday, 528 Thursday, 42 Wednesday, 471 last Tuesday and 176 head a week ago today.

Strong Demand for Sheep. No run of sheep or lambs was shown in the Stockdale yards over Sunday, but the market is in excellent shape.

It is understood that quite a fair band of sheep is coming from Montana and will be put on the Stockdale market during the week.

Today's run of livestock compares with this day in recent years as follows:

	Hogs	Cattle	Sheep
1910	59	766	735
1908	624	765	735
1907	190	75	390
1906	225	46	213
1905	189	150	213
1904	105	240	175

A year ago today there was a firm tone in hogs and sheep, but cattle were weak, 15c to 25c lower.

Those Who Supply the Market. Cattle—Combs & Hotkins from Jefferson with one load of cows, Chas. S. and Co. of Granada, Calif., four loads of cattle. J. C. Mitchell, of Gallella, Cal., one load of cattle. O. D. Jones of Gallella, Cal., 15 loads of cattle. Stewart & Burghard, from Payette, three loads of cattle. THE WHEAT MARKET

CHICAGO WHEAT IS A MASS OF WEAKNESS

Opening Is Lower But Closes 1/8c to 1 3/8c Under Final of Saturday.

Chicago, Jan. 17.—Because of the great weakness abroad wheat started and closed very weak here today. Opening prices for wheat were 1-4 to 3-8c lower and the closing 7-8 to 1 3-8c a bushel below Saturday.

Weakness developed in the cash situation over Sunday, and the premium for cash stuff is from 2 to 3c a bushel lower. Outside of the weakness and lower prices abroad, this had the great effect upon values here today.

Liverpool opened unchanged to 1-8d lower and closed with a general decline of 1-2d.

Miners Begin Session.

Indianapolis, Ind., Jan. 18.—With the recent terrible catastrophe in Illinois fresh in their memories, the members of the United States Mine Workers of America are today more intent upon securing better safeguards for life and limb than upon an agitation of increase in wages. Experienced miners declare that a large majority of the deaths in mines are preventable and point to the comparatively small death rate in the European mines as proof of what may be accomplished toward protecting the lives of miners. While the government experts employed to investigate mine disasters have been of great assistance, officials of the union declare that they are too few to cope with the situation.

Canada Building Railroads.

Toronto, Jan. 18.—Figures for the past year show that the Dominion has passed the United States in the matter of railroad activity, and the building of new lines is going on with unabated energy.

Canada's entire railroad mileage is now 233,000, which is one mile to every 200 inhabitants, as compared with one mile each for 381 inhabitants in the United States.

In 1867, in all Canada there were just 2278 miles of railroad track. There have been constructed in 1909 and are under construction or contract nearly twice as many miles of track as there were in Canada in 1868, or 4327 miles.
