PORTLAND ASKED TO AID RECLAMATION

COMMERCIAL BODY WILL DISCUSS UMATILLA PROJECT

At Request of Pendleton People Citizens of Metropolis Will Act on Resolutions Favoring Extension of Project—Dr. C. J. Smith Points Out Advantage to Portland.

The Portland Evening Telegram of yesterday contains the following article relative to the attempt which Pendleton citizens are making to line up Portland in the fight for the extension of the Umatilla project:

Commercial bodies of Portland have been asked by the citizens of Pendleton to exert themselves in obtaining aid for the reclamation projects in Umatilla county. The Commercial club will act upon the following resolution at its annual meeting, to be held next Saturday evening:

"Whereas, There remains in the national reclamation fund the sum of \$2,235,000 unexpended, to which the state of Oregon is justly entitled, and the reclamation service has established and equipped, at great cost, the Umatilla project located in Umatilla and Morrow counties with all necessary offices and plant for the successful and economical reclamation of several thousand acres of arid land lying within its boundaries, and made the necessary preliminary surveys and estimates for the continuation of the work of reclamation, and whereas, the experiments made upon the land of the said project since the application of water to the soil have demonstrated that these lands are fertile and productive and so geographically, climatically and commercially situated as to remove all doubt of the success of this project; therefore be it

Resolved by the Portland Commercial club that we endorse the further extension of said project and the immediate appropriation of funds for that purpose and that it is the sense of this body that our senators and representatives in congress should earnestly urge the secretary of the interior and the director of the reclamation service to make the necessary appropriation of funds for continuing the development work upon this project."

The preamble had resolution were prepared by Dr. C. J. Smith of Pendleton, who avers that this city should take immediate action, because that portion of eastern Oregon is in Portland's immediate territory. "While Central Oregon, Klamath and Lake counties are not," he says all of Umatilla and Morrow counties' products will find a market through Portland and the growing population there has always recognized Portland as its base of supplies. The officers of the club spoken to on the matter aver that the reclamation resolution will go through by acclamation and that the Oregon delegation in congress will be asked to co-operate.

ARRIVES TO VISIT BROTHER DEAD FOR FOUR YEARS

There formerly lived in Baker county a rancher by the name of Herman Burgtorf, says a Baker exchange. In 1906 he died, leaving an estate valued at \$4500. The property was sold and the money distributed to six heirs who lived in Germany. F. M. Saxon acting as administrator. It was known at that time the deceased had a brother by the name of Theodore Adolph Carl Christian Burgtorf and diligent search was made for him, but he could not be located. It was stated that he was supposed to be dead. Yesterday the missing heir and brother arrived in Baker City to visit his brother Herman Burgtorf, who had died in 1906. After making a few inquiries for his brother he was told that Herman was no longer living.

Mr. Burgtorf left home several years ago to make his own way in the world and went to Washington, where he owns a big ranch and is quite prosperous. He corresponded with his relatives for a few years but of late years had not heard from any of them and did not know that his
