

# ECZEMA ON HANDS FOR TEN YEARS

Were Raw All Over and the Humor was Spreading to Body and Limbs — Professional Treatment did No Good—Daughter had Eczema, Too.

## CUTICURA A SUCCESS IN BOTH THESE CASES

"I had eczema on my hands for ten years. At first it would break out only in winter. Then it finally came to stay. I had three good doctors to do all they could but none of them did any good. I then used one box of Cuticura Ointment and three bottles of Cuticura Resolvent and was completely cured. My hands were raw all over, inside and out, and the eczema was spreading all over my body and limbs. Before I had used one bottle of Cuticura Resolvent, together with the Cuticura Ointment, my sores were nearly healed over, and by the time I had used the third bottle, I was entirely well. I had a good appetite and was healthier than I ever was. To any one who has any skin or blood disease I would heartily advise them to feel with nothing else, but to get Cuticura and get well. My hands, cured by the use of Cuticura, have never given me the least bit of trouble up to now. I cannot recommend Cuticura highly enough. It has done me and my family so much good. My daughter's hands this summer became perfectly raw with eczema. She could get nothing that would do them any good until she tried Cuticura. She used two bottles of Cuticura Resolvent and one box of Cuticura Ointment and in two weeks they were entirely cured. I have used Cuticura for other members of my family and it always proved successful. I recommend it to any one with eczema. After once using it you will never use anything else." Mrs. M. D. Fallin, Speers Ferry, Va., Oct. 19, 1909.

## RELIEF IS IN SIGHT

Yee & York, Celebrated Chinese Doctors, Can Positively Cure You.

Those who are suffering from disease which many other doctors have pronounced incurable now have relief in sight. Yee & York, the famous Chinese doctors, are now located in Walla Walla. These men, after years of study and research in China, were granted diplomas by the emperor to pursue the practice of medicine.

For centuries the Chinese have been acknowledged leaders in the practice of medicine and many wealthy people annually go to that country in search of relief from ailments which doctors of this country have pronounced incapable of permanent cure.

Yee & York use nothing but powerful roots and herbs of demonstrated medicinal value. These roots and herbs act gently on the system in direct contrast to the medicines usually given.

Their method of home treatment is published in their book, "The historical events of China and treatise on different diseases of human race." People who live out of town, may have a booklet by enclosing a two cent stamp.

**Saloons Are Regulated.**  
South Bend, Wash.—At the last meeting of the city council three ordinances were passed for the regulation of the saloons. The first ordinance closes the saloons from 1 o'clock in the morning until 6 a. m.; the second forbids restaurants or eating places, including free lunches, in connection with a saloon, and the third limits the number of saloons to eight, the present number. The ordinance meets with the approval of the saloonkeepers.

**Farmers Oppose Masliah.**  
Boise, Idaho.—The Idaho State grange, in session at Weiser, recommended a change in the presidency of the University of Idaho. The recommendation was made as a result of the report of a committee appointed to investigate the controversy which last year resulted in the dismissal by the board of regents of the faculty of the Agricultural college, which is a part of the university. The grange champions the cause of the dismissed professors, and charges incompetency on the part of President Masliah.

**Meet to Discuss Normal.**  
Hood River.—Attorney E. C. Smith, chairman of the normal school committee of the commercial club has issued a call for a mass meeting to be held in the opera house, Friday, January 28. Hood River citizens feel confident of securing the state normal. W. W. Williams, principal of the Rose City business college, has expressed a willingness to assist Hood River in any possible manner. If Hood River wins in either debate, the team will debate with a team from Newberg and Tillamook for the championship of western Oregon.

**Quan Foo Ming Converted.**  
Ontario, Ore.—Quan Foo Ming, a converted Chinaman, was Sunday evening taken into the Methodist church in this city on probation by Rev. Miller. Quan was received into the church through an interpreter, Lee Do Yim, a Christian Chinaman, who converted Quan to Christianity. Lee is an American born Chinaman and highly educated, and has converted over 80 Chinese to Christianity. Quan is now taking lessons in English, learning the alphabet. After becoming educated it is his intention to return to China and become a missionary among his countrymen.

**Boycott Mostly Talk.**  
Hoquiam, Wash.—It is not thought likely that the proposed commercial boycott of Seattle, because Aberdeen has been dropped from the Northwest league, will amount to more than a little excited talk. The citizens of Aberdeen having strained hard to raise the required bonus, feel extremely angry at the unceremonious manner in which their city was dropped. They have supported league hull liberally for three years past, winning the pennant once, and proposed to go the limit this year.

Should Aberdeen insist on boycotting Seattle wholesalers in favor of Portland, Hoquiam will not openly join such a plan.

**Roseburg Firm Molested.**  
Roseburg, Ore.—Another bad check artist has made his appearance in Roseburg. Entering Harth's Toggery on Tuesday, a stranger purchased a \$15 overcoat and tendered in payment a sight draft on the Northwest Sales company of Spokane, Wash., for \$50, in favor of Charles W. Hadley. He presented a telegram purporting to be from the Spokane firm giving him permission to draw on them for "any amount." The draft was accepted and the stranger was handed \$35 in change.

Telegraphic information from Spokane brought the information that Hadley "had no authority to draw \$50." Sheriff Penton has a good description of the stranger.

**Oakland May Issue Bonds.**  
Oakland, Ore.—Mayor Hunt has called a meeting of the voters of Oakland to be held on January 22 for the purpose of discussing the issuance of bonds for the installation

of a municipal electric lighting plant. The proposition is to install an electric plant in connection with the waterworks system.

For the past five years Oakland has been furnished with lights by the Calapooia Investment company, which company has a plant located six miles east of town. This plant is now controlled by the Sutherland Land company. It is expected the company will not desire to furnish Oakland with lights after the present contract expires, as the power will be required for lighting the town of Sutherland and the residences throughout the valley for a distance of eight miles.

**Near Beer Case Continued.**  
Ontario, Ore.—In the case before the circuit court at Vale against J. A. Reed of this city to determine whether near beer is an intoxicant the judge disagreed and all of the near beer cases have been continued, and will probably be taken up again at the April term. The jury stood seven for "acquittal and five for conviction. The district attorney was not permitted to introduce in evidence his analysis of the drink labeled near beer because the bottle analyzed had not been purchased at Reed's soft drink establishment.

The case of Joel N. Dull for shooting Coy Dull with intent to kill was called Monday and the defendant pleaded guilty. The two men are brothers and the shooting was the outcome of a difficulty in settling a deceased brother's estate. Coy Dull will be a cripple the rest of his life as the result of the shooting.

**Saved at Death's Door.**  
The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated; emaciated from losing 40 pounds, growing weaker daily. Virulent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine, Electric Bitters—cured me. I regained the 40 pounds lost and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50c at Tallman & Co's.

## GIRL DRESSED AS MAN.

"Sir, You're a Woman." "Sir I Am; What of It?"  
New York—"Sir," said a gentlemanly detective, "you're a woman." "Sir," said the well dressed stranger in trousers, on a business street last night, "I am. What of it?"  
The prisoner was a quiet mannered girl of 19 years, wearing a frock suit of good material, a man's gray felt hat, glasses, spats and a man's street gloves.  
"My name is Marian Hamilton Gray," said the girl composedly, "and I have been wearing boy's and men's clothing for the last ten years. Since I began to pose as a man I have learned to smoke a pipe and cigarettes."

Miss Hamilton volunteered that her arrest was due to the jealousy of a wealthy woman of Newark Valley, N. Y., who had wanted to marry her. In the night court the magistrate held that the case presented no violation of the penal code and she was released.

**A Wretched Mistake.**  
to endure the itching, painful distress of piles. There's no need to listen: "I suffer much from piles," writes Will A. Marsh of Siler City, N. C. "till I got a box of Bucklen's Arnica Salve, and was soon cured." Burns, boils, ulcers, fever sores, eczema, Cuts chapped hands, chilblains, vanish before it. 25c at Tallman & Co's.

**Wants Coast Protected.**  
Washington.—"I do not anticipate any war with Japan, but if such a war should come we would be absolutely at the mercy of Japan or any other invading force, so far as the coast defenses are concerned," declared Representative Humphrey of Washington before the house committee on merchant marine and fisheries. Mr. McKinley of California corroborated this statement. The authorization for an auxiliary fleet to meet exigencies of war was even more important, he continued, than the upbuilding of the merchant marine.

## BONES IN TRUNK THOSE OF SQUAW

Seattle, Wash., Jan. 20.—Experts on Indian burial unraveled the Magnolia Bluff trunk mystery today. As soon as they saw the covering of bark over the trunk they said that the skeleton was that of a Northern Indian girl, which had been buried in the usual way by Alaska and Queen Charlotte Indians.

In the earlier years, when Indians came down from Alaska in great numbers each fall to pick hops, they carried back to the north with them all the cheap trunks their canoes would hold, to be used as coffins. When a death occurred on one of the long voyages the Indians went to the tallest shore in sight, packed the body in a trunk, carried it into the woods and covered the trunk with brush and bark.

The finding of such burial trunks in earlier days was not rare, but not many Indians paddle down from Alaska now. The skeleton was that of a slender girl with fine teeth and brown hair. The bones of the Northern Indians are not readily distinguishable from those of Caucasians.

## A Friendly Talk to Dealers About Advertised Goods

By Seth Brown.

A good many dealers lose opportunities for making money through improper use of advertising forces.

It is very well to talk about "your store," "your trade," and "your customers."

Your trade and customers are only yours after you have done the business—not before.

You want customers and can secure them economically by featuring goods which are extensively advertised.

This is the reason. A national market requires national advertising. The manufacturer who is strong enough to advertise profitably must first solve a good many problems. The most important is right goods.

Next comes right methods of advertising. When Mr. National Advertiser has mastered these two conditions he can produce certain definite results.

His advertising will stamp the importance of his goods on the mentality of the buying public.

Every succeeding ad makes the indentionation a little deeper.

Mr. Dealer, this is your asset, if you make the right use of your opportunity.

If you talk about advertised goods in your local advertising, give them prominent display in your stores and a kindly word from behind the counter; you will find that they can be sold more readily—with less expense—than goods of an unknown brand.

But you may say: "My customers know me and I explain to them the value of the goods sold."

Your trade knows that you don't make the goods. They of course believe in your sincerity of purpose, because you are an honest dealer, but why take upon yourself the unnecessary burden of guaranteeing something you do not make?

Why not leave that part where it belongs—on the manufacturer?

You can find quite enough to do in assisting customers, understanding what is best for them and in taking care of the hundred and one things which "keeping store" involves.

You can just as well make an asset of the national advertising which is being done for goods in your line, and—

Just a minute, Mr. Dealer.

Lean down a little closer. I want to whisper a word in your ear.

Chances are a little more than even that you will serve your customers better by so doing.

Only the best goods can permanently stand the acid test of advertising.

And right goods and decent service is the secret of your ultimate success.

Think it over.
