FASCINATING LIMP IS LADIES' LATEST FAD

NEW MODE OF WALKING
CAUSED BY NEW DRESS

Parisienne First to Affect Limping
Step and London Fashionables Will
Probably Follow Suit.

London.—Will the new feminine limp become fashionable in London? This is the question women are asking on learning the statement that up to date Parisiennes have affected a fascinating little limp.

Most changes of modes necessitate to a certain degree a new manner of walking. The Directoire gown demanded a slow, gliding step, the wide-bellied petticoats of former days caused women to toddle when they held up their skirts. Now comes the limp, which, it appears, is born of the polonaise.

"Gowns with the polonaise or apron skirt have been the rage in Paris," said a representative of a well known East End firm, "and we have brought over models of these gowns to London. They are wide around the feet but are tied tightly below the knees. The return of the polonaise means many changes as there are so many varieties. Some very short skirts are to be introduced, as worn in Paris, which reach only to the boot tops and display high-legged colored boots.

"The limp is probably the result of the polonaise, which is fastened tightly around between the knees and the ankles.

"Any attempt to hold up this style of dress would necessitate some kind of eccentricity of walk."

A model new evening gown shown in polonaise fashion is quite short in front and with a train at the back. The feet and several inches of stocking are visible, and the wearer of this gown would cause as much sensation as did the mannequins who first donned the slashed Directoire gowns in Paris.

The limp is a refined form of contortion which follows on numerous others to which the fashionable woman has had recently to submit.

First, she was allowed to disclose the possession of hips, then hips became an unacknowledged asset.

Then there was the geographical problem of the waist. From the normal waist the waistline has been moved to under the arms, the low waist has been obtained, and the no-waist fashion also has prevailed.

One might almost say that the adoption of the new gowns may give a woman the appearance of having two waists, one below the knees in addition to the ordinary waist.

A Wild Blizzard Raging.
brings danger, suffering—often death—to thousands, who take colds, coughs and influenza—that terror of winter and spring. Its danger signals are "stuffed up" nostrils, lower part of nose sore, chills and fever, pain in back of head, and a throat-grinding cough. When grip attacks, as you value your life, don't delay getting Dr. King's New Discovery. "One bottle cured me," writes A. L. Dunn of Pine Valley, Miss., "after being 'laid up' three weeks with grip." For sore, lungs, hemorrhages, coughs, colds, whooping cough, bronchitis, asthma, its supreme. 50c and \$1. Guaranteed by Tallman & Co.

PROTESTS AGAINST SLAVERY ON COCOA PLANTATIONS

London, Jan. 26.—Sir Thomas Powell Buxton, one of the most famous of British reformers, today celebrated his seventy-third birthday by issuing another appeal to Englishmen and Americans on the subject of the conditions of slavery in the Portuguese cocoa plantations of West Africa. As chairman of the Anti-Slavery and Aborigines Protection Society of England, Sir Thomas has waged unceasing warfare against those responsible for cruelties practiced in the Congo and West Africa.

Although his large income is derived from a brewery, Sir Thomas is also the leader of the temperance forces of Great Britain.

That Sir Thomas Powell Buxton should be prominently identified with the management of the Anti-Slavery society is wholly in keeping with the traditions of his family.

For his grandfather and namesake, the first baronet, achieved international fame as an abolitionist and succeeded Wilberforce as the champion of the slaves in the West Indies, contributing more than any other one man to their emancipation. He was associated likewise with his sister-in-law, Mrs. Fry, in the reform of the prison management, and the introduction of more humane methods in penal institutions, while another movement which he helped to bring to a successful issue was the doing away with suttee in India—that is to say, the time honored practice of burning alive the widows of deceased Hindoos on the latter's funeral pyre.

"SHOW ME" STATE WILL SHOW ITS RESOURCES

Springfield, Mo., Jan. 26.—A great exposition, designed to "show" the world the possibilities of the undeveloped portions of the "show me" state, was opened in Springfield today by the Missouri Land and Industrial congress. The exhibition and the program of addresses have been divided into sections devoted to mining, agriculture, waterways, live stock, dairying, forestry and conservation, poultry and fruit and good roads and railroads. Governor Hadley and dozens of other prominent men of the state will address the congress, which will continue through three days.

Although Missouri has the fourth largest city in the union, and is one of the few states having three cities of more than 100,000 population, large portions of the state are practically undeveloped. Springfield is

Ask Her This Question

"Do you know of any woman who ever received any benefit from taking Lydia E. Pinkham's Vegetable Compound?"

If any woman who is suffering with any ailment peculiar to her sex will ask her neighbors this question, she will be surprised at the result. There is hardly a community in this country where women cannot be found who have been restored to health by this famous old remedy, made exclusively from a simple formula of roots and herbs.

During the past 30 years we have published thousands of letters from these grateful women who have been cured by Lydia E. Pinkham's Vegetable Compound, and never in all that time have we published a testimonial without the writer's special permission. Never have we knowingly published a testimonial that was not truthful and genuine. Here is one just received a few days ago. If anyone doubts that this is a true and honest statement of a woman's experience with Lydia E. Pinkham's Vegetable Compound write and ask her.

New Orleans, La.—"I suffered with inflammation and ulceration for a long time, and had dreadful backache and a weakness. I had been under the doctors' treatment for six months and they claimed I must be operated upon. I was in bed three weeks and could not turn over on either side the pains were so bad and I was so nervous.

"Then Lydia E. Pinkham's Vegetable Compound was recommended to me by a neighbor, and I had taken it only a short time when I felt relieved and now I am a well woman. I am in fine health and feel like a young girl. I have recommended the Compound to my next door neighbor, and hope that all suffering women will try it."—Mrs. J. Wilson, 4016 Ulloa St., New Orleans, La.

Any woman who is sick and suffering is foolish surely not to give such a medicine as this a trial. Why should it not do her as much good as it did Mrs. Wilson.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

FAIR EXCHANGE.

A New Back for an Old One—How It Can Be Done in Pendleton.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You can not reach the cause. Exchange the bad back for a new and stronger one. Pendleton residents would do well to profit by the following example.

Mrs. Putnam Yeck of Elgin, Ore., says: "I had known of the merit of Doan's Kidney Pills long before I had occasion to use them. When suffering from an attack of lame back, accompanied by pains through my kidneys, I procured a box and began their use. If I sat long on one position the pains were always more severe and I experienced a languid, dizzy feeling upon first arising in the morning. Doan's Kidney Pills banished the backache, regulated the passage of the kidney secretions and helped me in every way. I cannot express my gratitude to Doan's Kidney Pills for the benefit they gave me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Estray Notice.

Strayed from Thompson's ranch on the reservation, one bay mare, about three years old, star in forehead, branded A. V. on left shoulder. Will pay liberal reward for return or information leading to the recovery of above described animal.
