HIGH SCHOOL TEAM KEEN FOR REVENGE

LOCAL TOSSERS WOULD VINDICATE LOST HONORS

Walla Walla High Defeated Pendleton in Garden City, But Boys Have Great Hopes of Retaliation Friday Night When They Meet Their Rivals on Their Own Floor.

The high school basket tossers are putting in some hard practice in preparing for their return game with Walla Walla high on Friday of this week. The Walla Walla team has already defeated the local team on their home floor by a small margin and the locals are determined to wipe out this defeat on Friday evening. Walla Walla has one of the strongest teams in the inland empire and this was proven by defeating Whitman college. Pendleton undoubtedly has the fastest team in eastern Oregon and has lost to no high school except the Walla Walla team and they hope to regain their lost laurels.

It might be remembered that last year Walla Walla defeated the locals in Walla Walla by an overwhelming score, but when the return game was played in Pendleton, the locals won in one of the fastest games ever played in this city. Coach Brown sees no reason why this should not be repeated as Pendleton has a much stronger team than last year. In fact the team is exactly the same as last year with the one exception and the players are now experienced and work together like machinery. The lack of an individual star proves the good team work of the quintet.

Pendleton has not a one man team as many schools and can win games with three of the regular players out of the game. This was shown last Friday night when Columbia College Junior of Milton was defeated by a large score with the absence of Captain McDill, Dudie Devine and Nat Kimball.

The lineup for Friday evening will not be known until the whistle blows.

lar gold piece and a big roll of greenbacks.

This morning's session was devoted by the state to tracing the defendant's movement while in Echo on the day of and a few days prior to the murder. And it was in this testimony that defense got in their first lieks. Mr. Gillette who runs a hotel at Echo testified that the defendant and the murdered man had registered at his hotel and occupied the same room. The register was introduced in evidence showing their signature. It was also shown by the register through the attorneys for the defense that two other men, one named Paul Lewis and one named Louis Ryan registered at the hotel about the same time and that on one night the defendant and Paul Lewis occupied a room together.

Some pyrotechnics were set off just about here. It seems that some one had cut one of the important names out of the register. Mr. Phelps demanded that the defendant's attorneys produce this slip. The defense came back with the statement that they didn't have the slip but that the prosecution had it had they demanded the prosecution to produce it. Mr. Phelps called Mr. Gillette to the stand and he testified that Attorneys Peterson and Watts came down there one day and were looking over the register and asked permission to cut this slip out and he said he didn't care, and just then he was called to dinner and went away leaving Peterson and Watts in possession of the register.

Hotel Clerk Testifies.

Another thread of two was put into the web of circumstantial evidence against the defendant. McCloud, the night clerk at the Gillette hotel testified that on the night of the day the murder is alleged to have taken place the defendant came into the hotel about three o'clock in the morning and registered. He had been there the night before with the murdered man and they had occupied the same room. On this particular occasion the clerk told the defendant he could have the same room he and the other man had had the night before and he said the defendant remarked to the effect, "My friend has not come in yet but he will be in pretty soon."

Mrs. Longneck of Echo, was the last witness before noon. She said that on the day of the alleged murder she was taking a horse back ride in the afternoon and she saw the defendant ride a horse from Barker's livery barn over to the hotel Echo, and then later she saw the defendant on the same horse and another man on a sorrel horse riding out past the mill race on the road toward the government reservoir.

Defendant to Take Stand.

Attorney Peterson in making his opening statement to the jury declared that the defendant himself was going to take the stand and tell all he knew about the case. It is freely predicted in court circles that if he does there will be some surprises.

Just what use the defense intends to attempt to make out of the fact that there were two other men at the hotel at the same time the defendant and Rabel were there is not known, unless it is to substantiate the defendant's story as told to Barker that he got the horses for two other men and not for himself. But many are wondering where the defendant is going to show that he turned the horses over to the other two men if he was seen riding one of the horses out on the road toward the government reservoir.

The case continues to draw a crowd of house. A large number of people from Echo are in court and many of them are witnesses.

It is expected that the case will go to the jury some time tomorrow unless the argument of counsel are too long. The evidence will probably be in by noon tomorrow.

"JOYRIDERS" TRY TO KILL MAN WITH AUTOMOBILE

Tacoma, Jan. 25.—Despite a systematic search, the police have not secured a clue to the identity of the drunken "joy riders" who early yesterday tried to murder John Menar, a laborer, after they had accidentally knocked him down. Menar declares the driver then deliberately forced the wheels of the big automobile back and forth over his prostrate body twice despite his pleadings for mercy. Then believing him dead, they sped away, leaving him lying in the muddy street.

DANCING A FEATURE OF "SUNNY SOUTH MINSTRELS"

Much joy was occasioned in the ranks of the "Sunny South Minstrels" yesterday when they were informed that Mr. McLennon, the popular traveling man had agreed to act as inter-locutor in the coming show and to also assist in the direction of the rehearsals. Since the withdrawal of Mr. Ferguson from that position, owing to the sad news of the death of his brother, the pseudo-darkies who hold down the end positions have been without an assistant in their funmaking. However, that vacancy has now been filled and Mrs. Crayne is indeed fortunate in securing such an able man as Mr. McLennon. He has had a great amount of experience during the last ten years, and his first rehearsal with the boys last night proved that he has lost none of his old ability.

Not the least important among the features of the performance will be the dancing in connection with the songs. Several of the young ladies and gentlemen in the cast have been in close communion with the muse Terpsichore for the past two weeks, and as a result they have something entirely new in the line of fancy stepping to show the connoisseurs of dancing.

Snow Blockade Broken.

Cheyenne, Wyo., Jan. 25.—The central Wyoming snow blockade was broken last night when Casper citizens dug out a train which was the first to reach Lander in 11 days. Three snow plows were disabled and drifts were higher than the cars. The train carried 300 sacks of mail, two cars of express and many passengers. Stock near Lander is suffering from lack of feed, and the second train in carried sufficient feed to save many head of cattle and sheep.
