BIG FIRE IN BAKER CITY

Flames for a Time Threaten Destruction of Entire Business Section.

PROPERTY LOSS EXCEEDS QUARTER MILLION DOLLARS

Fire Breaks Out at Midnight in Store of Baer Mercantile Co. and Quickly Spreads—Big Store Completely Destroyed—Well Company's Store Also Reduced to Ruins—Loss Approximately \$200,000—Firemen and Citizens Fight Valiantly.

Baker City, Ore., Jan. 27.—Fire which for a time threatened the destruction of the entire business district of this city broke out at midnight last night and before it was gotten under control, four hours later several of the town's most substantial buildings were in ruins.

The fire started in the basement of the Baer store and before it was discovered the building was a mass of flames. Fanned by a high wind the blaze spread rapidly to adjoining buildings.

Firemen were almost prostrated from their work. The Morning Democrat office on Main street was on fire two or three times and it was thought for a time it could not be saved. So great was the heat that pieces of tin were hurled out of sight into the air.

All of Baker City was awake last night and the police force and entire force of the sheriff's office were on the scene trying to hold the crowds in check.

New York, Jan. 27.—Telephone subscribers are greatly interested in a suit set for hearing today in which Thomas Hart asks for \$3200 damages because the local company refused his telephone and refused further service. The company alleges that Hart owes \$79.02 for calls in excess of a contract number, and made him for that amount. Hart retorted by bringing his \$3200 suit against the company.

Bulliness to Talk. Providence, R. I., Jan. 27.—Great interest attaches to the address to be delivered here tonight by the Hon. Richard Ballinger, secretary of the interior, since it is hoped that he may take advantage of the occasion to express some opinions regarding our country and his followers. A joint meeting of the Economic and Conservative clubs is the occasion of Ballinger's prospective address.

GAY PARIS IS LAID DESOLATE

Second Great Reign of Terror in Capital of Care-Free Republic.

THOUSANDS DRIVEN FROM HOMES BY GREAT FLOOD

People Suffering from Cold and Hunger While Relentless River Continues Its Work of Devastation—Houses and Streets Undermined by Turbulent Waters—Soldiers and Firemen Struggle Desperately Against Oncoming Tide—Scenes of Terror and Misery.

Paris, Jan. 27.—With the thermometer below freezing point, the relentless Seine is continuing on its fearful progress toward the top of the sealing wall, and all Paris is a shiver with the cold and grim with terror.

The suffering among the poor is intense. Women and children, driven from their cheap lodgings by the water, and bitten by the bitter wind, seek shelter in doorways, and congregate in great waiting groups about the public buildings that remain comparatively safe.

Hundreds of Millions Damage. It is estimated today the damage caused by streets collapsing about the vast subway system alone, aggregates more than a hundred million dollars.

Extremely critical conditions threatening life and the utter destruction of property prevail in Bellecour, Antoinette, Passy, Javel, Grenelle, Ivery and Charreton. The public works buildings caught fire today and firemen stood waist deep in the icy water fighting the flames with desperate determination.

When the work of soliciting for the traction fund closed last evening the fund was within \$100 of reaching the \$20,000 mark. This is in spite of the fact that some of the heavy property owners of the city have yet staid up.

At this time the members of the soliciting committee are figuring various ways and means of enlisting further support for the movement. It is especially desired to get the big property owners interested. Whether or not these efforts will meet with success remains to be seen.

MIXED MARRIAGE WAR. Jewish Ministers Urge Followers to Take Mate of Own Race.

London.—Mixed marriages between Jews and Christians were denounced at the conference of Jewish ministers held in London. The Rev. Paris, Jan. 27.—Thousands of flood refugees are in actual danger of starvation on account of governmental red tape. It is estimated this evening the damage will reach five

Although the principal witness for the defendant, the star witness in proving the alibi which is now being outlined to the jury, the wife of the defendant this morning took the stand and after swearing that she saw the defendant in the kitchen of the hotel at Echo on the afternoon of the murder, and either denying having made certain contradictory statements or of having no recollection of the same, yet on cross examination this same witness admitted that she accepted \$50 of the reward money paid by the county court for the apprehension of Arnold.

It was a session full of surprises all around. After the woman had given her direct testimony, Mr. Phelps took her for cross examination. Time and again he asked her if she did not make certain statements to Sheriff Taylor or Mr. Gillette or others and time and again she either denied them point blankly or had no recollection of them.
