

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without an examination. Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will cure any case. No alcohol and no habit-forming drugs are found in it. Such a scrupulous medicine dealer may offer you a substitute. Don't take it. Don't tangle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

Society

ness and society, and his close friends are taking this opportunity to wish him God speed in his new life. Those who are participating as hosts of the event are the Messrs. Roy W. Riner, George Strand, Henry Collins, W. Roy Saxton, Clark E. Nelson, George Ferguson, Max Baumeister, Mark Moorhouse, J. Roy Raley, W. J. Dedman, Fred W. Lampkin, Roy M. Sawtelle, Ben L. An event of interest to society will be the local talent entertainment at the Oregon theater tonight which will take the form of a minstrel show under the name of "Sunny South Minstrels." The production has been organized and directed by Mrs. Anna Z. Crayne, dean of women at the Pendleton academy, and is for the benefit of the domestic science department at that institution. She has enlisted most of the best talent in the city and immediate neighborhood and the amateur troupe has been practicing very faithfully during the past three weeks and their efforts this evening will undoubtedly be enjoyable and appreciable.

The big social event for the coming week will be the library ball to be given Thursday evening under the auspices of the ladies clubs of the city. Those who remember the highly successful ball given by the ladies last year for the benefit of the public library will appreciate the fact that the coming affair will be something worth while. Committees are now being named to have charge of the different features and everything possible will be done to provide for the comfort and pleasure of those who attend. The ball will be held in the Eagles-Woodmen hall, the Elks having given up Thursday night to the ladies for this occasion.

One of the most enjoyable social events given in connection with the mid-winter graduating exercises of the high school when six young ladies of the city terminated their academic careers, was the dinner given the class last Saturday evening by Mrs. J. S. Landers at her home, 115 Long street. The hostess had decorated the rooms with the class colors, purple and white, and the color scheme was carried throughout all of the arrangements. Violets in profusion were scattered about the table. Unique fashet place cards designated the places. The young ladies who were the recipients of these attentions were the Misses Hazle Means, Lucile Rader, Edna Slater, Hazel Rader, Margaret Lowell and Grace Cole.

FIREMAN IN PEONAGE TO HUMAN VAMPIRES

Los Angeles.—"Half the firemen in this city are in peonage to loan sharks."

This startling statement was made at the meeting of the fire committee by Chief Pips. A committee to investigate the situation and provide a remedy was at once appointed.

"If the committee so empowers us," said Committee Chairman Hawley, "we can free the firemen from this downright peonage. The loan sharks can be given a choice to allow their victims to settle on a fair interest per cent basis. If they refuse to do so, then each fireman can declare himself a bankrupt. I know of a fireman who originally borrowed \$400, but now owes \$600 after paying interest for six years."

"The evil effects of these blood-suckers on the department can easily be inferred. No man oppressed by debt is in a fit mental state for work."

\$100 Reward, \$100.

WHAT WILL IT COST?

The household question—the insistent question everywhere—the question which is oftener in human minds than any other whatever, is; "What will it cost?"

Where to get to best advantage—when—can it be "afforded"—all of these questions, and many more, cluster around the main one—"What will it cost?"

It's the question of questions—and it is the question that gives to the ads. half of their importance. No one, unless an ad. reader, ever knows much about the answer to it.
