DR. WILEY GIVES SOME ADVICE TO HOUSEKEEPERS ABOUT HIGH PRICES

- "Don't turn food-crank because the things you like have risen in price.
- "Don't boycott meat because steaks are expensive. If you do, you may get sick, because your teeth and your digestive apparatus were built for a mixed diet.
- "Eat more canned goods; they are cheaper than ever before.
- "If combinations continue to control the prices of food products the government may be obliged to enact anti-high-profit laws similar to those aimed against usury."
- —DR. HARVEY W. WILEY, Chief of the Bureau of Chemistry.

Washington.—Dr. Wiley's advice to the housekeeper in the present financial crisis brought about in the family purse by the high cost of living, is to abstain from worry and buy everything she has been buying only not so much of it.

"A ten cent soup bone will flavor half a bushel of potatoes," said Dr. Wiley, "and will, if cooked right, taste just as good as a dollar steak. With the addition of an onion, a carrot and a sprig of parsley, that soup bone can be made to produce good, nourishing soup for a big family. Then, after the soup is made, save a little of the fluid and boil it down in the kettle with the meat. Then you'll have a 'pot roast' which, if made right, will be fit to set before the president.

"Canned goods of all kinds are cheaper than ever before in our history. Beans and peas have not risen appreciably in price, and make the best food for man. Wheat flour at the price it is now selling is the cheapest food that can be bought, and corn meal hasn't changed in price for the last ten years.

WORTH KNOWING.

Simple Remedy That Any One Can Prepare at Home.

Most people are more or less subject to coughs and colds. A simple remedy that will break up a cold quickly and cure any cough that is curable is made by mixing two ounces of Glycerine, a half ounce of Virgin Oil of Pine compound and eight ounces of pure Whisky. You can get these in any good drug store and easily mix them in a large bottle. The mixture is highly recommended by the Leach Chemical Co., of Cincinnati, who prepare the genuine Virgin Oil of Pine compound pure for dispensing.

buying a little more judgment in picking and less worry over the food trucks."

How to Test Eggs.

Dr. Wiley specializes in eggs. He explains says he's an expert on hen fruit, and the other day dropped the game of egg wisdom to the members of the house committee on the District of Columbia, during their consideration of the high cost of living problems at the capital.

The doctor appeared before the committee with about a peck of eggs of varying ages and dubious pasts, a bag of salt and a big glass. In the latter he mixed a strong brine solution.

"If you want to know whether the eggs you are buying are 'strictly fresh' have really been laid this year," he explained, "just take a glass, fill it full of brine, as I have done, and drop the valuable farm yard product therein. If it sinks to the bottom of the glass the egg is fresh and worth the money; if it rises to somewhere near the top of the fluid, it is not as fresh as it used to be, and if it floats well out of the water, it is of the sort that are supposed to be hurled at bad actors and isn't worth anything a dozen."

The committee was interested immediately, and crowded around the doctor as he proceeded to test the eggs he had brought.

"That's a fine, fresh egg," he observed, as one of the specimens dropped plump to the bottom.

"How do you know it is fresh?" asked Congressman Moore (Rep. Pa.).

"Because one of my inspectors was at the hen house this morning and saw it laid," replied the doctor triumphantly.

NEW CHINATOWN TO RISE.

Out of 1000 Orientals in Seattle, 600 are Syndicate Stockholders.

Seattle.—Of the 1000 Chinese living in and near Seattle, more than 600 are stockholders in the syndicate headed by Goon Dip, the Chinese Consul, which is building a new Chinatown near the two railroad stations. A state law prevents Chinese from owning property as individuals. The buildings will be large and modern. There is no cooie Chinese labor on Puget Sound and the buildings will be occupied chiefly by merchants, their families and employes.

Unknown Woman Gives Funds for Salvation Army Work.

New York.—The Salvation Army has just announced the receipt of a \$2500 gift to assist in the work of its bread line here. One night last week while the sandwiches and coffee were being passed over to a long line of hungry persons, a richly dressed woman came up to the officer in charge and said: "Here is something to help along your work," handing him an envelope. She hurried away, declining to give her name. The envelope contained two bills for \$1000 each and one for \$500.
