

PRINEVILLE COWS TAKE HIGH HONORS

SELL IN STOCKYARDS AS HIGH AS \$4.85

Figure Above Market Prices—Prineville Shippers Get As Much for Cows as Good Steers Bring—Independent People Are Doing the Buying.

Portland Union Stockyards, Stockdale, February 3.—Fact that one lot of cows brought \$4.75@4.85 in the yards during the past 24 hours, is not the slightest indication that the market has really reached that figure.

The sale was simply excessive quality; the best cows in fact that have entered the Portland market during the past year. The same shippers, the Prineville Land & Livestock company, annually secure from 1-2 to 10 a pound more for their cows and steers than do other shippers.

Stock sent in by the Prineville concern this year was unusually good even for the land company and the fact that as high a price was obtained for cows as is generally offering for steers in the local market shows in itself that the stuff must have been far above others in quality.

The sale was made by the Benson Commission company and occasioned not the slightest surprise even though the price received was out of reason with the rest of the market. "I am perfectly satisfied with the sale," says Henry Hahn, president of Wadhams & Co. and a partner in the Prineville Land & Livestock. "I believe, however, that we would have obtained fully a quarter more for the stock if the big loads of stock had not glutted the market during the past few days."

Independent People Take the Stuff.

The high priced stuff was purchased by independent packers and naturally this gives them considerable favor with the trade. One lot of 27 cows was taken at \$4.75 for Birkenfield & Lewis of Clatskanie, another, the highest priced lot of 27 head at \$4.85 by M. J. Gill, a prominent local butcher. Another lot of 27 head was taken by an Aberdeen packing company, at \$4.75 and an equal number by Swartzchild & Sulzberger of this city at \$4.50.

General market for cattle was not good during the past 24 hours and the big buyers were therefore able to clean up at their own figures. That this is exactly why they were holding off their purchases in the belief of the commission handlers as well as shippers in general who say that they should have been given better treatment. Even with all the talk of big prices, the general market for steers does not range above \$5, and some exceptionally good cattle, although light, sold 15c under that figure yesterday.

Only One Car in Today.

Only one car of cattle came into the yards today and if shippers will keep their stuff back for awhile it will allow those who cleaned up the yards at low prices to sell their low priced cattle at high prices, and after that help the general situation. No sheep or hogs arrived in during the day.

Today's run of livestock compares with this day in recent years as follows:

Table with columns for Hogs, Cattle, Sheep and rows for years 1910, 1909, 1908, 1907, 1906, 1905.

A year ago today there was weakness in hogs with a loss of 25c strength in cattle with no change in prices and a strong tone in sheep with an advance of 25c.

THE WHEAT MARKET

LOSS ABROAD IS BEAR FORCE IN PIT TRADING

Chicago Market Opens With Sagging Disposition—Liverpool Closes Nearly a Penny Down Today.

Chicago, Feb. 3.—Weakness abroad in the wheat market forced a lower opening and closing here today.

At Liverpool there was an opening decline of 1-4d and a closing of 1-2@7-8d below yesterday.

This market took its cue from Liverpool and May started at \$1.09 7-8 and sold down to \$1.09 3-8 before its slump was stopped. There was a fractionally better feeling toward the closing and May went to \$1.10 1-4.

Most of today's loss was in the May the bear interest being centered in that option. July and September closed at the same figures as yesterday.

A leading grain house official said this morning:

"From personal messages and reports to the firm I am led to believe farmers have been large borrowers of money from country banks against cash grain so as to enable them to hold. The disturbing of confidence by failures such as Elske and Robinson is likely to attract the attention of the banks, making such advances and bring them to a realization of the fact that compared with everything else farm products are still selling at very fancy prices and a cutting down of such loans is by no means unlikely."

"If such process should begin a liberal marketing of stuff will follow. I understand heavy advances have been made on oats and that the farmers' reserves are record breaking."

ALASKA CAN MAKE A MILLION MEN RICH

New York.—Alaska is the richest mining country in the world, and has wealth enough to make a million Americans rich, according to Colonel John H. Conrad, who has a town in Alaska named after him and who has just come east to urge the government to develop the northern territory.

"If congress will help the railroad builders to open up the country, the nation will soon get the money back a thousand fold," said Colonel Conrad. "There is a disposition in public opinion to cry 'Wolf, wolf' when Alaska is mentioned, but while we are delaying action, the Canadian Northwest is getting a tremendous start on us. I have helped for 40 years to develop various western states, and I know that the government rights in Alaska are much better protected than they were out west. There is untold wealth in Alaska, simply awaiting development."

CHICAGO PROFESSOR IS TITLED OF HEARING BRAGS

Chicago.—The United States is a nation of braggers, Professor J. Paul Gould, of the University of Chicago, told members of the Woodlawn Women's club yesterday. "As a member of the commission which recently showed a delegation of Japanese about, visiting every city of size in the country," said the professor, "of the 25 or more, each boasted of some feature which could not be duplicated in the land."

"Chicago can boast of many things, but it must admit with deep regret that it has the worst slums in the world. I have investigated those of New York, London, Paris and other great cities, but none is quite as bad as ours."

Sarah Bernhardt may come to this country again this year for another farewell tour. She'll be welcome, if she makes a farewell tour every year till she is 100.
