Newsy Notes of Pendleton

Goes Into Bankruptcy.
Philander C. Scott of Helix, has gone into bankruptcy. He only has three creditors, but his liabilities amount to more than \$2500, while his assets are practically worthless.

William Boynton Very Sick.
William Boynton, a well known resident of this city and county for many years, is critically ill and not expected to live out the day. He is suffering from a complication of troubles which started off with a serious attack of rheumatism.

Will Have Washington Day.
Preparations are already in progress at the public library for the observance of the anniversary of Washington's birth which occurs next Tuesday. A plan, similar to the one worked out with reference to Lincoln day will be observed Tuesday.

Preparing for Revival.
The cottage meetings conducted by the Baptist church of this city will be held tonight at the homes of Pastor Storey, Prof. F. K. Welles and Mrs. P. O. Elliott. These meetings are preparatory of the series that will begin under Evangelist Ledford on February 27. All interested are asked to come.

The Usual Daily Snow.
The usual morning snow fell this forenoon to the depth of nearly three inches. The fall stopped, however, before 10 o'clock and since that time the mantle of white has been rapidly disappearing. The snow that fell this morning contained more than the usual amount of moisture and for that reason was doubly welcome to the grower of grain.

District Attorney Phelps Is Home.
District Attorney and Mrs. G. W. Phelps arrived this morning from a short trip to California. The district attorney had gone to Sacramento for the purpose of taking depositions in the Echo water cases and following this, he and Mrs. Phelps went to Berkeley, Oakland and San Francisco for a brief visit. They report no snow but lots of mud in California.

Praise for Public Library.
Dr. T. L. Elliott, chairman of the book committee of the Portland library was in Pendleton for a brief stay last evening while on his way to Walla Walla. He visited the local library and had many favorable things to say regarding the system employed and the character and number of books on the shelves and tables. He says that right now the Pendleton library is in a better working condition than was the Portland library a very few years ago.

Mothers' Meeting at School.
At the Hawthorne school tomorrow afternoon a "Mothers' Meeting" will be held. It will be for the purpose of bringing the mothers of the Hawthorne school children into the work of the school and all mothers having children in that school are invited to be present. Other ladies, too, will be most welcome. The program will begin at 2 o'clock and the regular school work will be suspended for that part of the day. Miss Viva Warren is the principal of the Hawthorne school, which is situated in the west end of the city.

Judge Knowles on Local Bench.
Circuit Judge Knowles of Union county is sitting on the local circuit bench today in the place of Judge Bean, who is one of the parties to a suit now on trial. It is the suit brought by Judge Bean to compel the Western Land & Irrigation company, as successors to the Hinkle Ditch company, to furnish water for the reclamation of his desert claim in the west end of the county. When the judge took up his land he made a contract with the Hinkle Ditch company to get water and he is now seeking to compel the successors to the Hinkle company to carry out the terms of the contract. Bean is being represented by Attorneys D. W. Bailey and J. P. Winter, while the Western Land & Irrigation company is being represented by Attorney W. G. Drowley of Baker City.

O. A. C. TO CELEBRATE QUARTER CENTENNIAL
Portland—Celebrating its quarter centennial as a state institution, the Oregon Agricultural college will hold the most elaborate function ever given at the institution at the close of the college year. President W. J. Kerr and the regents have taken steps to prepare a suitable observance of the achievements of the past quarter century and the faculty, student body and alumni will join in the demonstration. During the past 25 years the institution has increased its holdings of land from 5 to 235 acres; the buildings from one to 20; faculty from nine members to 94, and the student body from 97 to approximately 1400. The great good to this state resulting from the work of the institution can hardly be over-estimated.

King and Premier Confer
London—The invitation from King Edward changes the plans of Premier Asquith, who proceeded to Brighton this morning and had an audience lasting an hour with his Majesty. The Premier presented the proposed text of the speech from the throne, the Cabinet appointments and the opening of Parliament next week.

Japan's Budget Passed.
Tokyo—The budget was passed after slight additions by the House of representatives. The passage of the budget was assured through the recent compromise whereby the land tax was reduced 5 per cent, involving \$4,000,000, and the appropriations were proportionately decreased.

LICENSED BUSINESSES GROWING DELINQUENT

CITY COUNCIL HOLDS ITS REGULAR WEEKLY MEETING

Cabbies, Expressmen and Three-Ball Merchants Remiss in Paying Licenses—Fire Alarm System may be Installed—Building Permit Ordinance Proposed.

Cabbies, expressmen and owners of pawnshops who have not been paying up their licenses on time had better hurry or the policeman will get them if he has not already done so. It was complained by Councilman Sharon at last night's meeting of the council that out of five licenses had been collected during the month of January and that the men named above were in the habit of going for months at a time without paying licenses. After a very brief discussion the mayor announced that the police committee would take the matter up with the chief of police today and intimated that action would be had immediately.

Fire Alarm System Recommended.
That there is still a remote possibility of Pendleton having a modern fire alarm system became evident last night when the fire committee recommended that the council take steps to install about a 15-box system. Unfortunately the members of the committee had not gone far enough into the investigation of the matter to satisfy the mayor and he reported the recommendation back to that body with the suggestion that the members of the committee make a further investigation and take into consideration the fact that an alarm system could not be installed without provision being made for the stationing of a paid man at the fire station at all hours of the day and night.

Building Permit Ordinance.
Hereafter no building can be constructed, torn down, altered or repaired within the city of Pendleton without a building permit for that purpose having first been secured, if the measure introduced last evening becomes a law. It was referred to the ordinance committee with instructions to report at the next meeting. As no opposition to the proposed ordinance manifested itself last evening it is presumed that the measure will have easy sailing.

The purpose of the measure is not only to regulate the building business within the city but also to provide a plan by which valuable statistics can be secured. At present there is no way to keep tab on the amount of business being done in the city and as this is one of the best advertising features in which the city can indulge, the members of the council have decided to take advantage of the opportunity.

No Barns Near Dwellings.
Another ordinance was introduced last evening. This provides that no barns or stables shall be built within 40 feet of a dwelling house and provides that a violation of the ordinance may be punished by both a fine and imprisonment in the city jail. This measure was also referred to the ordinance committee with instructions to report at the next meeting.

Preparing for Flood.
Mayor Murphy announced that in view of the large amount of snow in the mountains and the danger of high water in case it should go off with a rush, he thought the levee should be

looked after. He accordingly appointed a levee committee, consisting of Joseph E. A. L. Knight and W. E. Brock. These men will be expected to make immediate investigation of the levee and see what repairs, if any, are necessary in event of a flood.

The concluding business of last night's session was the announcement by Mayor Murphy that the next meeting, the proposition of the extension of the time limit in the Washington and Oregon company's franchise would be taken up. There was no discussion of the matter last evening.

MEMORIAL SERVICE FOR LATE MRS. WILLARD

The ladies of the Pendleton W. C. T. U. will hold a memorial service tomorrow evening in honor of the late Mrs. Francis E. Willard. The service will be at the Presbyterian church and an appropriate program will be rendered.

The following selection relative to Mrs. Willard is from the Union Signal:

We shall ever bear in mind the tender, sacred significance of the date selected for the Frances E. Willard Commemorative Meeting. But our truest love for Frances E. Willard, our sincere gratitude for all she has been and ever will be to our organization, lead us to so observe the day that the work of the Woman's Christian Temperance Union may most helpfully be strengthened and extended.

We urge all home loving people in this city to become members of our organization, to subscribe for our National and state papers, and also to aid us in the circulation of campaign and other temperance literature that will win thousands of new adherents to the principles of total abstinence.

BARBER SHAVES ON WITH BULLET THROUGH BODY

San Francisco, Feb.—Calling casually at the office of Dr. John Hickey, E. E. Mitchell, a barber, today had the physician dress a bullet wound in his breast 24 hours after the missile had entered his body.

In the 24 hours Mitchell shaved many patrons at his shop and went home to enjoy a quiet rest. Then, after a refreshing sleep, he called upon the doctor to have the bullet removed and the wound dressed.

Dr. Hickey discovered that the bullet had pierced the body above the left breast, ranged downward, been deflected by a rib and emerged at the back.

"There was no use worrying over little things," said Mitchell. "It was a busy day at the shop and I was tired afterward."

Mitchell explained that he had been scuffling with a fellow barber and that his finger caught in the trigger guard of a revolver, causing the discharge of the weapon.

Even a person who is too deaf to hear what others say, may take many things by hearsay.

WHITMAN NOTES.

Activities of Students of Missionary College in Walla Walla.
Whitman College, Walla Walla, Wash., Feb. 17.—At the chapel on Friday morning students had the pleasure of listening to a talk on Lincoln by the Rev. Alexander Blackburn, D. D., who, as a boy, had been honored by a personal greeting from Lincoln and who saw him a number of times when a soldier in the war.
Track athletics have received special recognition by the Associated Stu-

dents, the emblem now being distinctive. It is a W of blue on a white ground.

In the declamation contest held on Thursday evening Mr. Henry W. Rehorn of the freshman class, received first place and Mr. George Cole received second place. Mr. Rehorn, who is a resident of Walla Walla, is also a member of the successful debating team which defeated Pullman.

The dedication exercises of the new Whitman Conservatory of Music will be held on Thursday afternoon, February 17. The color scheme of the interior of the building is old ivory, green and mahogany and has been highly commented upon.

Saturday morning a special course in child study, given by Dr. J. T. Williams, Ph. D., began with a good attendance of students and public school teachers.

A debate of the freshman class with members of the freshman class of Idaho college, at Caldwell, Idaho, has been arranged for. The try-out, which is open to girls as well as boys will take place about the first of March.

On Wednesday evening the Whitman Choral society, under the direction of Mr. Elias Blum, gave a very successful concert, consisting of the three cantatas, "Lelawala," "Light as Air," from the opera Faust, and "Fair Ellen."

A. W. Douglass and wife returned to Athena this morning after attending the Roby-Thompson nuptials at the Hotel Pendleton last evening.

Koeppen Bros.

Cordially invite the ladies to step into their store and be taught free of charge how to make the very best Vanilla Flavorings, and they may take home with them a free sample to see how good it is. Fifty cents worth of material will make one quart of flavoring and we sell nothing less than that amount, but you can make it up in small quantities and the balance will keep for future use. The process is new, the flavor supreme, expense subnormal.

KOEPPEN'S

The Drug Store That Serves You Best

FOUR FACTS Every Range User Ought to Know

The Monarch Malleable

- 1—Is the only Range with a Logical draft system. THE DUPLEX DRAFT works wonders.
- 2—Its Malleable construction prevents the excessive waste of fuel inevitable with steel Ranges of the common type.
- 3—Is the only Range with triple walls at every point exposed to the heat, there is no chance for the damage from rust which ruins other steel Ranges.
- 4—Its top needs no blackening saving all of the disagreeable work necessary with other Ranges.

This Great Range Has Many Features That Other Ranges Do Not Have

Investigate, we will be pleased to show you. We guarantee. You are safe in buying a Monarch.
