NORTHWEST NOTES

Bond Election at La Grande.

La Grande, Ore.—A \$40,000 bond issue will be voted on at the regular election on March 14, according to action taken by the council the other night. It is proposed to build a sewer system along the lines already adopted. While this improvement is going on the first two miles of bituminous and macadam pavement will be started.

Baker Fur Dealers Fined.

Baker City, Ore.—Max Elias and Max Tieman, fur dealers, were fined \$25 each in police court here for keeping raw furs. Max Sachs was also in court, but secured a continuance of his case. The dealers were repeatedly notified of their violation of the law and the city physician finally brought them into court to enforce the city ordinance.

Hermiston Will Celebrate July 4.

Hermiston, Ore.—Echo, Stanfield, Hermiston and Umatilla organized a four-team baseball league Tuesday evening to play 24 games. F. A. Phelps of Hermiston was chosen president. He is an old-time league star. Thompson of Erie, Pa., manager of the Hermiston team, has a record as a ball player.

Jap Not a Citizen.

Olympia, Wash.—Governor Hay will refuse to appoint H. Ohnisk, Japanese merchant of Seattle, a notary public, even though Ohnisk is a naturalized citizen. The refusal is made on the ground that Ohnisk, being a Mongolian, is not a citizen of the state, though he may be naturalized. This is based on the decision of the state supreme court, which barred a Japanese named Yamashita of Tacoma from practicing law, though he had been granted his citizenship paper, the court ruling that his naturalization was illegal.

Bubonic Rats in Seattle.

Seattle.—Final tests on a supposed bubonic plague infected rat are being completed at the government plague laboratory on Lake Union today. For the first time in a year and a half a plague infected rat has been found by the department of health and sanitation. So positive are the authorities that the rodent died of the plague that without awaiting the final report they have ordered extensive changes in the wooden buildings on Pike street between Third and Fourth, where the rat was found. The previous discovery of a plague rat in Seattle was made on September 25, 1908.

Judgment for \$22,500.

Portland.—Judgment for \$22,500, the largest sum ever awarded in a similar case in Multnomah county, was given by a jury in the circuit court Wednesday afternoon in the case of Miss Ada E. Blue against the Portland Railway, Light & Power company for injuries received on the evening of Decoration day last year, when she was dragged 60 feet by a Mt. Tabor car at East Thirty-ninth street.

The jury was out a little more than five hours, with one hour for dinner. All of the jurors were in favor of a verdict for the plaintiff, and the only

hitch was on the amount. Some wanted to go up to \$50,000, others holding that such a sum would be excessive.

Went Quickly Tied.

The Dulles, Ore.—Records for quick wedding ceremonies were broken here Wednesday afternoon when Louis A. Sorg, an electrician of White Salmon, and Miss Laura M. Lee were made husband and wife.

Mr. Sorg and Miss Lee applied to the county clerk for a license, and told the clerk they were in a hurry to have the knot tied, as the lady wanted to catch the westbound train which was due to leave the depot in 15 minutes.

Justice of the Peace Douthitt changed to be in the courthouse and his services were solicited. Within three and one-half minutes from the time the license had been granted the marriage ceremony had been performed and the certificate of marriage filed with the county clerk.

Mr. Sorg and his bride caught the train.

Dorman Is Chosen.

Walla Walla, Wash.—Democrats of this city are beginning to prepare for the elections, to be held next fall. It is probable that the county organizations will be perfected at an early date.

From all indications, Orr's Dorman of Spokane, will be the democratic candidate for congress from the third district. Dorman has many friends. He is a former Whitman county farmer, a Ritzville newspaper man, and at present is in business at Spokane.

Dorman married a girl from Walla Walla, and is well known here. Although several others have declared themselves, Dorman will probably be given the chance if he cares to make the race.

Jefferson day, April 13, will be made the occasion of the first get-together meeting of the democrats of this city.

Commission Plan for Baker.

Baker City, Ore.—That Baker City will adopt the commission form of government is the general belief here. The Citizens' league has appointed W. G. Drowley, F. P. Bodinson, N. C. Haskell, C. L. Palmer and Carl Adler a committee to act in conjunction with a committee named by Mayor Pollman to investigate the new plan of city administration and report to the people.

Councilmen A. Hansen, W. H. Shoemaker and M. F. Bennett will represent the administration in looking into the new plan. Mayor Pollman is strongly in favor of the commission form of government, and if his efforts are successful the question will be submitted to the people at a special election this summer.

Orchard Brings \$500,000.

Medford, Ore.—Paying \$500,000, Mr. Speck and associates of Spokane, have purchased the famous Burrell orchard tract near this city from Captain Gordon Voorhies, a prominent business man and club man of Portland. The deal was consummated late yesterday afternoon and was handled by John D. Otwell of this city.

The tract consists of 605 acres of commercial orchards, all of the standard varieties of apples and pears being grown. The sale is of the direct result of the benefits derived from

winning the sweepstakes at the Spokane national apple show, H. J. Neely, the vice president of the show, being one of Mr. Speck's associates. The orchard holds many splendid records, one of last year being the harvesting of 43 cars of fruit from 40 acres, which netted the orchard over \$40,000.

\$100 Reward, \$1000.

The results of this paper will be passed to him that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh of the Bladder. It is the most common disease, and is the cause of many of the most serious ailments of the human system. It is a constitutional disease, and requires a constitutional treatment. Hall's Catarrh Cure is the only medicine that acts directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting the nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Sent for list of testimonials.

ENGLAND FORMING AN ARMY OF BOYS

GEN. BADEN-POWELL HAS CHARGE OF FAMOUS LEGION

Hero of Mafeking Resigns From British Army in Order to Take Management—Boy Scouts Are Hope of the Nation—Already 130,000 Youths Enrolled.

London.—To be able to devote all his time to the management of the boy scouts, an institution he hopes will in time lead to general military conscription, General Baden-Powell, the hero of Mafeking, has decided to resign from the British army. Interviewed as to the future plans, the general said:

"The Boy Scouts have been established as a distinct body a little less than two years, and already we have somewhere about 130,000 scouts on the roll in Great Britain alone. The movement has 'caught on' finely in our colonies. In Toronto we have 5,000 members, while at Winnipeg and, indeed all over Canada, Boy Scouts are very numerous. We are sending a big party of our boys over to Canada next August for a five weeks' tour in a measure a return of the visit of the Canadian boys last year.

"In South Africa, New Zealand and Australia the movement has also spread with great rapidity. The governments of Canada and New Zealand have paid me the greatest compliment of adopting my scout handbook for use in the training of cadets, and the government of South Africa has started communication with me for the same object.

All Europe Taking Notice.

"The movement has also obtained a strong hold of the youth of Serbia, and even of Smyrna. In Asia Minor, while I received some time ago a letter from the Czar, asking permission for the translation of my book on scouting in Russian. Of course, I consented and I have just received the work so translated. I am rather pleased to notice they have kept to my illustrations as originally produced.

"What gives me the greatest satisfaction is the number of letters I am receiving containing particulars of plucky or helpful acts performed by our boys. Nearly every day I receive at least one such letter, and very often two or three. Some record a plucky achievement, others merely give evidence of the boys' willingness to help any one in distress whom they may find; but all testify alike to the same manliness which the boys are finding from their scouting.

"We have given three of our Bronze Medals—our Victoria Cross, awarded only to boys who have saved life at the risk of their own—we have also given thirty-two silver medals for saving life, thirty-two orders of merit for gallant actions stopping runaway horses, etc., and twenty certificates for meritorious conduct.

"All these things naturally make me feel very proud of the scouts, and it is, therefore, a source of gratification to me to know that our organization is so improved, and is really now on a sound working basis. We have a board of management which numbers among its members Lord Roberts and Lord Charles Beresford, and the good work that the movement has so far accomplished seems likely to be considerably extended in the near future."

POOR LO LAUGHS AT STEEP LIVING COST

Washington.—The only good Indian is a dead Indian" is a theory relegated to the failures of the past. The Bureau of Indian Affairs is rapidly extricating him from the throes of savagery and teaching him to a point of civic usefulness.

A letter received by Assistant Commissioner of Indian Affairs Abbott today from one of America's aborigines on the Crow reservation in the wilds of Montana depicts in glowing praises the result of his dry land agriculture at the very time when the National Congress contemplates an investigation into the high cost of living.

With the appropriate signature "Rides a White Hip Horse," the Indian informed the bureau that his farm had yielded, during the last season 100 sacks of wheat, 125 sacks of oats, a plentiful crop of potatoes and other vegetables, adding that he could do more if his land was irrigated.

Eight years ago Rides a White Hip Horse was a blanket Indian, living in camp with all the accoutrements of his tribe. Like many others of his race, he is ministering under the tutelage of Commissioner of Indian Affairs Valentine, the art of agriculture as a means of support.

A Little Cold

He caught a little cold— That was all— So the neighbors sadly said, As they gathered round his bed, When they heard that he was dead.

He caught a little cold— That was all— (Pack.) Neglect of a cough or cold often leads to serious trouble. To break up a cold in twenty-four hours and cure any cough that is curable, mix two ounces of Glycerine, a half ounce of Virgin Oil of Pine Compound pure and eight ounces of pure whisky. Take a teaspoonful every four hours. You can buy these at any good drug store and easily mix them in a large bottle.
