GIRLS WILL HAVE GREAT BASKETBALL BATTLE TONIGHT

Without doubt the best game of basketball ever played in the city of Pendleton will be witnessed at the high school gymnasium this evening when the local girls' team will meet the girls from the Walla Walla high. It will not only be the closing game of the season but it will be a battle royal from start to finish.

The local ball tossers have lost but one game this season and that to the team from the Garden City. For that reason the Pendleton young ladies the more than anxious to win the victory tonight. They will have their entire line-up, a thing they did not have when they were defeated in Walla Walla at the opening of the season. The locals have also greatly strengthened themselves in the matter of team work and goal shooting and those who watched the recent game with the strong team from the academy can see nothing but victory in sight for Pendleton.

Never since the game became popularized in this city has there been so much interest displayed in a girls contest and the crowd tonight will probably be the largest ever seen at a similar contest in eastern Oregon.

Newsy Notes of Pendleton

Thomas E. Pruitt Arrested.
Thomas E. Pruitt, the victim of the attempt at murder on Main street, Saturday evening was arrested this morning on the charge of assault and battery. The warrant was sworn to by Thomas Lair, the man who is alleged to have made the attempt on Pruitt's life.

Returns With Prisoner.
Sheriff T. D. Taylor returned last evening from Portland, where he had been to arrest Jim Carter, the young man wanted in connection with the Simpkins forgery. Carter had been arrested in Portland at the request of Sheriff Taylor after Simpkins had made a confession implicating Carter.

Program at Library.
Tomorrow a "Washington Day" program will be given at the public library. At 10 o'clock, the regular children's story hour, Mrs. John Halley, Jr., will entertain the little ones and at 10:45 Miss Viva Warren will talk to the older juvenile patrons of the library. The "Washington Day" program will be held at the library tomorrow because the teachers will be busy Tuesday.

Good Roads Committee.
According to C. C. Conner, county president of the farmers union, the committee on good roads appointed at the recent meeting of the union in this city, consists of A. R. Shumway of Milton, R. W. Campbell of Holdman, John Cresswell and Frank Snyder of Pendleton. This committee will not make its report until the April meeting while the committee on state normal school is expected to report at the next meeting.

Heavy Storm Across Mountains.
According to reports received in this city today, the worst snowstorm of the season has been in progress on the outside of the Blue mountains. Word from La Grande and Baker City is to the effect that both the Grande Ronde and Powder River valleys have been held in the grip of a severe snow and wind storm. The snow is said to have piled in great drifts along the railroad tracks and to have seriously delayed traffic for several hours. On this side of the mountains, however, the weather has been exceedingly mild today and there is every indication of an approaching chinook.

Protest School Election.
A protest against a school election held in school district No. 67, which is located on the south fork of the Walla Walla river, near the power station of the Northwestern corporation, has been filed with the county school superintendent. The protesters are Harry Huber, W. L. Hill, Arthur Kelley and M. C. Wallace. They allege that Chairman C. W. Jared erred when he ruled that Hill, Kelly and Wallace were not entitled to vote and when he ruled that L. Holstein and George Harris were entitled to vote. The contention of the protesters is that had the chairman not so erred in his ruling that Harris would not have been elected director and Rollin Robinson would not have been elected clerk. So far County Superintendent Welles has taken no action on the protest.

RULE AGAINST CRETE.

Powers Say Greek Assembly Can Get Along Without Them.
Paris.—The Foreign office announced today that the four protecting powers—France, Russia, Italy and Great Britain—had reached a complete agreement as to the representations to be made to Crete concerning the participation of the island in the forthcoming Greek parliament.

Canea (Crete), Feb. 12.—The consensus of the protesting powers today presented identical notes to the Cretan executive committee prohibiting the elections of Cretans to the Greek national assembly or chamber and warning the committee that in the event of the prohibition being disregarded effective steps would be taken to enforce this decision.

BAN JOHNSON GIVEN AN ENORMOUS SALARY

Chicago.—President Ban E. Johnson of the American league, was re-elected president, secretary and treasurer of the organization for a term of 20 years. This term is coincident with the life of the new agreement adopted by the magnates to govern the affairs of the league for that period of time.

The salary of the president was not announced, but it is believed to have been set at \$25,000 a year. It is known that Charles Comiskey, of the Chicago club, presented a motion to make the president's salary that figure.

The league went on record as opposed to "syndicate baseball" and adopted a schedule of 154 games for the approaching season.

Members of the Western league decided on a schedule of 168 games, opening April 29 and closing October 1.

German Evangelical Lutheran Church.

Chicago Hogs Reach \$9.50.
Chicago, Feb. 18.—The price of hogs jumped to nine fifty today, making a high record. The price was forced up by "scalpers." Towards the close there was some weakness.

In New York last week the Interstate Commerce Commission took testimony on the complaint of R. E. Sundberg of Kennedy, Minn., that the four large express companies have an agreement to keep up prices.

Democrats Will Meet.

New York, Feb. 18.—Coincident with the growth of rumors that William J. Connors of Buffalo will resign from the chairmanship of the Democratic state committee came last night a call for a special meeting of the committee in Albany on February 24. Mr. Connors is spending the winter at Palm Beach, Fla., and did not sanction the call. It did not come as a surprise however, for there has progressed for some time a movement to call a meeting at which his opponents hoped to oust him.
