THE PEOPLES WAREHOUSE

WHERE IT PAYS TO TRADE

AUSTRALIA WILL SHOW AT DRY FARMING CONGRESS

Spokane, Wash.—John T. Burns, secretary-treasurer of the fifth Dry Farming congress, which will meet in Spokane the first week in October, has received official advice from Senator James H. McCall, vice president of the congress from Australia, that an exhibit of farm and orchard products will be sent to this city by the government of Australia to compete for trophies and premiums at the dry farming exposition. Mr. McCall writes that he has secured the support of the federal department of agriculture for a collection of the various state exhibits into one consignment, which will be forwarded in representative of the government. The several state governments have taken up the matter of a more extensive practice of dry farming in Australia and good results are looked for. Mr. Burns announces there will be \$5000 in prizes for displays.

A Safeguard to Children. "Our two children of six and eight years have been since infancy subject to colds and croup. About three years ago I started to use Foley's Honey and Tar, and it has never failed to prevent and cure these troubles. It is the only medicine I can get the children to take without a row." The above from W. C. Ornstein, Green Bay, Wis., duplicates the experience of thousands of other users of Foley's Honey and Tar. It cures coughs, colds and croup, and prevents bronchitis and pneumonia. Koeppen Bros.

Doctors Say He Would Die

A FRIEND'S ADVICE SAVES LIFE.

Rosalie, Wash. Dr. Killmer & Co., Binghamton, N. Y. Gentlemen—I wish to speak of the wonderful cure that I have received from your noted Swamp-Root, the great kidney and bladder cure. Last summer I was taken with severe pains in my back and sides. I could not breathe without difficulty and was nearly wild with the desire to urinate. Was compelled to do so every ten minutes with the passage of pure blood with the urine. I tried all the different doctors from far and near, but they said it was no use to doctor as I would die anyway. I was at the end of my rope and was so miserable with pain and the thought that I must die that words cannot tell how I felt. One day a friend told me of the wonderful help she had received from Swamp-Root. She gave me one of your pamphlets which I read and determined to try Swamp-Root. After taking half a bottle I felt better. Have now taken ten bottles and am well as I ever was, thanks to Swamp-Root. I wish to tell all suffering people that have kidney, liver or bladder trouble, that Swamp-Root is the best medicine on the market.

All persons doubting this statement can write to me and I will answer them directly. Yours very truly, CLYDE F. CAMERER. Subscribed and sworn to before me this 23rd day of July, 1909. VERNE TOWNE, Notary Public. Prove What Swamp-Root Will Do for You.

Send to Dr. Killmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention this paper.

LEAVES FOR OLD IRELAND TO BRING BACK COLONISTS

Spokane, Wash.—Stephen W. O'Brien, a mining man of Spokane, who is backed by a syndicate of local capitalists in a project to irrigate 20,000 acres of fruit and vegetable lands near Northport, Wash., 90 miles north of here, has gone to Ireland to organize a colony of 3000 families to make their homes along the Columbia and Kettle rivers in Stevens and Ferry counties. O'Brien has filed on numerous water rights on the two streams between the international boundary and Northport, and engineers now on the ground making the preliminary surveys for the canals and laterals say he has control of sufficient water to supply moisture to more than 60,000 acres of land. It is reported here that it is planned to have the Irish immigrants work the land on shares until they are familiar with modern tillage, when they will be permitted to buy the acreage at actual cost. A trained horticulturist will teach them the principles of irrigation.

Worn Out. That's the way you feel about the lungs when you have a hacking cough. It's foolishness to let it go on and trust to luck to get over it, when Ballard's Horehound Syrup will stop the cough and heal the lungs. Price 25c, 50c and \$1 per bottle. A. C. Koeppen & Bros.

SPOKANE WOMAN WAS BLIND AND NOW SEES Spokane, Wash.—Mrs. C. F. Uhis, a pioneer resident of Spokane, living at Fifth avenue and Crestline street, has regained her sight following an operation for glaucoma, one of the difficult diseases of the eye with which oculists have to deal. The operation performed at the Deaconess hospital in this city consisted of raising the eyeball and making an incision to permit the fluids to escape. The disease is caused by hardening eyeballs and usually results in total blindness. The first stage is a so-called smoky vision then periods of blindness, following visions of iridescent light. A sudden shock, and frequently without cause, is followed by blindness. Mrs. Uhis was under hospital treatment less than a week and is now at her home. The operation was the first of its kind performed in this part of the northwest and was successful in every way, in that the woman's sight has been restored and she sees better than at any time during the last 20 years. While giving every credit to the oculist, Mrs. Uhis says her prayer for sight was answered from heaven.

Saved from Awful Peril. "I never felt so near my grave," writes Lewis Chamblin, of Manchester, Ohio, R. R. No. 3, "as when a frightful cough and lung trouble pulled me down to 115 pounds in spite of many remedies and the best doctors. And that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 160 pounds and can work hard. It also cured my coughs and colds, its infallible remedy for a gripple asthma, desperate lung trouble and all bronchial affections, 50c and \$1. A trial bottle free. Guaranteed by Tallman & Co."

MONARCH OF SIAM WITH BIG RETINUE IS COMING

New York.—Paramide Maha Chulalongkorn is planning a visit to the United States, Chulalongkorn is the King of Siam. He made this announcement to a Fifth-avenue diamond merchant who is just back after delivering a large consignment of jewels to the King. Chulalongkorn thinks that he will visit several of the larger American cities. He spent his last previous vacation in Paris and Germany two years ago. On that occasion he traveled with a retinue of seventy-odd attendants.

Baby Hands. will get into mischief—often it means a burn or cut or scald. Apply Ballard's Snow Liniment just as soon as the accident happens, and the pain will be relieved while the wound will heal quickly and nicely. A sure cure for sprains, rheumatism and all pains. Price 25c, 50c and \$1. A. C. Koeppen & Bros.

GARDEN CITY GIRLS DEFEAT LOCAL HIGH

WALLA WALLA WINS BY SCORE OF 17 TO 15

Contest of Bloomers Very Exciting—Visitors Play Aggressive Ball But Foul Frequently—Local Team Performs in Fine Manner.

With a great amount of enthusiasm running riot, the girls of the Walla Walla high school last night edged out a victory from the co-ed ball team of the local high school. The score when the final whistle blew was 17 to 15 with the winning margin on the side of the Garden City five.

It was an exciting game throughout and a large crowd was in the gymnasium to witness the contest. The visitors had a larger and heavier team than the locals but they were handicapped by playing in a smaller hall than has been their custom. However, at the outset it looked as if they were booked to swamp their lighter opponents, but their method of playing was their own undoing. By their rough tactics, frequent fouls were called upon them, six of which were converted into points by Hazel Rader, Pendleton's clever little forward. This was all the scoring that was done by the home girls in the first half while the Walla Walla forwards dropped the ball in the basket four times from the field and once from the foul line, giving them a total of nine points. In the second half the Pendleton team struck a faster pace and succeeded in scoring nine points to Walla Walla's eight. In this half Pendleton's forwards did noticeably better work than in the first canto, Hazel Rader making five points from fouls and Laura McKee securing the only two field goals to the home team's credit.

The Garden City five won because of their aggressive method of playing, but with a few minutes more there might have been a different final written.

The lineup was as follows: Walla Walla: Forwards, Marguerite Hunt and Irene Steeler; centers, Jessie and Jennie McCree; guards, Lutella Lindley and Lottie Wright; substitutes, Margaret Whitney and Dorothy Elliott. Pendleton: Forwards, Hazel Rader and Laura McKee; centers, Luella Rader and Blanche Badley; guards, Grace Dean and Ella LaZinko; substitutes, Gladys Hamley and Grace Funnell.

Officials—Prof. Greenwood, Harry Armstrong and Nat Kimball. The Walla Walla team was accompanied by the second boys' team which will play the Echo team in that town tonight. Miss Franc Armstrong, coach of the girls, is acting in the capacity of chaplain.

OREGON AND O. A. C. WILL CONTEST IN CROSS-COUNTRY

At Eugene, Ore.—Tuesday next week, Washington's birthday, will witness the second intercollegiate cross-country run ever held in Oregon, and on that date Oregon's best distance runner will try comparisons with the five best from the Oregon Agricultural college. Although both Oregon and O. A. C. have held cross-country runs for their own students, but one race of this kind has ever been held between the two institutions and the next one is looked forward to with considerable interest. Each institution will enter a team of five men, and the race will be run for points, the man finishing first winning ten points for his college, second man nine, third man eight and so on down to the last man, who wins one point. The course will be a start and finish on the varsity track, with a course of about 3 1/2 miles over country roads and rolling country. The Oregon team will be made up of McClure, the freshman, who won the Fall college cross-country; Riddell, '10, Oregon's crack miler, and Garabrandt, '12; Schoemacher, '12, and Henry, '13, who finished second, third and fourth respectively in the Fall race.

The O. A. C. team will be: Watson, Brown, Williams, Severance and Burdick.

The average man no longer acquires a virtue than he proceeds to advertise it.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right" when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength. Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY. You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

Churches

First Christian Church. Still meets in the South M. E. church, West Webb street. 9:45. Bible school, a class for any age or grade. Come, bring your Bible, Acts 17:11. W. F. THE MEN AND WOMEN

Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What is Best More Important Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain to universal acceptance. However loudly heralded, they may not hope for world-wide pre-eminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting and enjoying the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination the most excellent of its kind. After thirty years of general usage, Syrup of Figs and Elixior of Senna is everywhere accepted as the best of family laxatives. Its quality is due not only to the excellence of the laxative and carminative principles of plants known to act most beneficially on the system, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. It cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after effects. To get the beneficial effects of Syrup of Figs and Elixior of Senna, buy the genuine only; the full name of the Company—California Fig Syrup Co.—is printed on the front of every package. Price, 50 cents per bottle.
