Barnes is one of the school directors and as such has had much to do with the construction of the new Silver Lake schoolhouse, which when completed will cost \$8000.

He writes as follows:—"In this communication I wish to state facts which are facts. I was born in Ireland, and at the early age of 18 I was accidentally unhorsed at a hunt, receiving internal injuries, which I never overcame, though the best physicians on both sides of the ocean were sought to discover my ailment, but without success, until some eight years ago a friend gave me, for a trial, half a bottle of Duffy's Pure Malt Whiskey (which he was then using himself for a general broken down complaint, as he called it), and the results accomplished by it were such that I continued to use it to the grand satisfaction of not only myself, but of my friends and acquaintances. "Before its use I weighed only 147 lbs. I now tip the scales at 240 and feel as though I was a boy again, through the continuous use of your great J. Quirke, 302 9th St., Troy, N. Y.
