

LITTLE SUFFERER FROM ECZEMA

Grew Worse in Spite of Six Months of Ablest Treatment—Sleep Terribly Broken—Face, Head and Hands Masses of Dreadful Humor.

A SINGLE SET OF CUTICURA CURED HIM

"I feel it my duty to let you know with what success I have used the Cuticura Remedies. When my baby was seven weeks old he broke out with what we thought was heat but which gradually grew worse. We called in a doctor. He said it was eczema and from that time we doctored six months with three of the best doctors in Atchison but he only got worse. His face, head and hands were a solid sore. There was no end to the suffering for him. We had to tie his little hands to keep him from scratching. He never knew what it was to sleep well from the time he took the disease until he was cured. He kept us awake all hours in the night and his health wasn't what you would call good. We tried everything but the right thing. Finally I got a set of the Cuticura Remedies and am pleased to say we did not use all of them until he was cured. We would wait a year and a half to see if it would return but it never has and today his skin is clear and fair as it possibly could be. I hope Cuticura may save some one else's little one's suffering and also their pocket-books. John Leason, 1403 Atchison St., Atchison, Kan., Oct. 19, 1909."

ALBEE NEWS BREVITIES

CONTINUANCE OF WINTER MAKES PEOPLE ANXIOUS

Stock Put on Half Rations—School Term Has Closed—Many Social Gatherings During Week—Personal Items.

(Special Correspondence.) Albee, Ore., Feb. 17.—The question most frequent asked here these days is how much longer will winter last? And how long can the feed hold out? No one is asked is he knows of any hay for sale. While the winter weather continues unabated there has been no loss of stock in this valley to speak of yet. No one is feeding more than half rations, while there are some that can't feed as much. Ten inches of snow has fallen since last night and the prospects are good for more tonight. The weather prophets have quit predicting chinooks, and have decided to accept what comes and wait the will of an allwise providence.

Prof. S. S. Daswell will close a six month's successful term of school here tomorrow and take his departure Saturday for the Coos Bay country, where he will join his family, who moved away from here last fall.

Wednesday night of last week the young people of Albee and vicinity gathered at the home of Mr. and Mrs. J. Nusbaum and gave a farewell party in honor of Floy Nusbaum, who was about to depart for his home in Michigan. All who attended report a pleasant and enjoyable time.

On the same evening the older people to the number of about 20 loaded into two bob sleds and surprised Mr. and Mrs. H. T. Connell at their home one mile from Albee. The evening was spent with games and music, all expressed themselves as having spent a pleasant evening.

Last evening the old and young people joined in a pleasant surprise for Prof. Darnell at the home of Mrs. A. V. Clark.

The dance given at the Albee city hall last Saturday night by J. H. Constant was a grand success. Thirty-five couples being present. The Dick orchestra of Pilot Rock furnished the music. Supper was served at the Hotel DeQuant.

The Secret of Success

GENUINE MERIT REQUIRED TO WIN THE PEOPLE'S CONFIDENCE.

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real intrinsic value almost sells itself, as like an endless chain system the remedy is recommended by those who have been cured, to those who are in need of it.

In an interview on the subject a prominent local druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows immediate results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

For many years Dr. Kilmer used this medicine in his private practice, with such extraordinary success that he was finally persuaded to place it within the reach of all by selling it through the retail drug trade.

From the very beginning the proprietors have always sent a free trial bottle of Swamp-Root to any one who wished to test it. Its value and success are so universally recognized that we advise our readers who have any symptoms of kidney, liver or bladder diseases, to write for a free trial bottle which will be sent by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper.

John Nusbaum and S. B. Nell returned Tuesday from Helix where they had been to look after their horses. They report them wintering poorly.

A. P. Myrick came in Tuesday from Helix to visit his brother-in-law and sister, Mr. and Mrs. J. Nusbaum. Mr. Myrick expects to return to Helix about the first of March.

A. S. Quant and Mrs. A. Struthers were Pendleton passengers on the stage out from here this morning. S. B. Nell has charge of Mr. Quant's business during his absence.

"Stumps" Struthers went out to Pilot Rock Tuesday for a load of chop for their stock.

J. S. Utterback passed through here today enroute to Pilot Rock to look after his cattle that are wintering out there.

Mr. and Mrs. James Enright returned yesterday from a trading trip to Pendleton and report the roads between Willow Springs and Pendleton in a very bad condition.

Won't Need a Crutch.

When Editor J. P. Sosman, of Corvallis, N. C., bruised his leg badly, it started an ugly sore. Many salves and ointments proved worthless. Then Bucklen's Arnica salve healed it thoroughly.
