Miss Walker Goes to the Valley.
Miss Ora Walker, daughter of Mr. and Mrs. J. P. Walker of this city, has resigned her position as teacher in district No. 48 and has gone to the Willamette valley to accept a position. The vacancy has been filled by the selection of Miss Pearl Hoch.

E. E. Cleaver Here.
E. E. Cleaver, now of Chicago, but formerly engaged in business in Pendleton, arrived Saturday from the Windy City. He is the eastern representative of the Western Land & Irrigation company and is here on business with that enterprise.

Kash-Kash to Kamlah.
Elder James Kash-Kash of the Tutuilla church, leaves today to attend the special evangelic meetings that are in progress in the Kamlah First church, where Rev. James Hayes, the famous Indian evangelist, is the pastor of the church. Other Indians from the Tutuilla church have gone or will depart later to attend these meetings.

Compton Will Probated.
The will of the late Martin Compton has been probated in the county court. According to the terms of this document the estate is divided almost equally between his son Abe Compton and the latter's wife. He leaves his blessing and \$50 to his son George Compton, but the remainder of his property is left to Mr. and Mrs. Abe Compton. The last named son is also the executor of the will.

Pie and Cake Boys Arrested.
Three of four boys who stole the refreshments that were intended for a party at the Charles Myers home in West Pendleton, about a month ago, appeared before Judge Gilliland in the juvenile court this morning. A fourth boy who was implicated by the confessions of these three has not yet been apprehended. As the injured parties refused to bring criminal action against the boys they escaped with a reprimand from the judge. It seems that the boys took all the refreshments intended for the party and what they could not eat they threw away.

Invitation to Indian Preacher.
The people of the Tutuilla congregation at a meeting yesterday, extended a hearty call to Rev. James G. Dickson, now on the Post Hall reservation in charge of the Presbyterian mission there, where he has been for two years or more. Mr. Dickson has resigned his charge there and the people are in hopes that he will decide to come here and be their pastor. Mr. Dickson attended the Moody Bible institute of Chicago after he had completed his course at Carlisle, Pa. He and his wife are devoted church workers. He is a brother-in-law of Parsons Motable and well known here.

Will Test Meters.
Virgil Cooper arrived in Pendleton yesterday morning and with Craig Sutton commenced this morning testing the electric meters of the Northwestern Gas & Electric company. Those whose meters have been running fast will bless the labors of these young men, while those whose meters in the past have been running slow will very likely hurl maledictions their way when the next month's bill shows an increase in cost of juice. Cooper and Sutton recently completed a similar task in Walla Walla and figure that the work in Pendleton will consume about six weeks.

DECLARES ANY PERSON CAN HYPNOTIZE HIMSELF

Ithaca, N. Y.—That all persons except children or idiots can easily hypnotize themselves is the opinion of Professor Edward B. Tichenor, head of the graduate school of psychology at Cornell university.
As a matter of fact, Professor Tichenor says, the operator is of small importance in hypnotics. The main thing is that the subject give close attention to the fact that he is going to enter the hypnotic state. The professional hypnotist gets his power by his advertising and claims, thereby arousing faith in him among the credulous, he says.

JUSTICE OF PEACE
HAS BUSY MORNINGCASE AGAINST THOMAS
PRUITT IS DISMISSED

Parke Holds That Actions of Defendant Did Not Constitute Battery
—Two Other Cases in Court, One Being a Larceny and Other Forgery Charge.

With three different cases to dispose of, this was easily a busy morning for Justice of the Peace Joe H. Parke. He first dismissed the assault and battery case against Thomas E. Pruitt, then held Edgar Williamson to appear before the grand jury on a charge of larceny from a building and continued the forgery case against James Carter until next Monday morning.

Pruitt is the victim of the alleged assault with intent to kill for which Tom Lair was arrested and is now being held in the county jail, awaiting the convening of the grand jury, next April. Following the arrest of Lair on the attempted murder charge, he swore out a complaint against Pruitt, charging him with assault and battery. Pruitt was arrested and was given a hearing before Parke, Saturday afternoon. The decision was rendered this morning.

In giving this decision, Justice Parke said in part:
"To constitute a battery, the intent to injure must concur with the use of unlawful violence upon the person of the assaulted party, but the slightest degree of force suffices to constitute violence, and the intended injury may be to the feelings or mind of the latter, as well as to the corporal person."

"From the testimony of the witnesses in this case, there is no testimony offered by either party that the defendant or the private prosecutor or either of them were angry, rude or insolent; and that the defendant did not touch the private prosecutor, or the private prosecutor received any injury. It was an accidental injury; according to the common-law authorities, it was sufficient if the touching was done wilfully or inanger, but it must be done in either a rude, insolent or angry manner; the testimony of the witnesses is that the defendant did touch the private prosecutor, or shoved him when he fell, but not in a rude, insolent or angry manner. It is therefore the opinion of the court that the defendant is not guilty of the crime of assault or battery, and this case is dismissed and the defendant is discharged."

Young Williamson was arraigned on a charge of larceny from a building in connection with the recent looting of the cash register in Elliot's restaurant. It is understood that James Carter, who was recently arrested on a forgery charge in connection with the Simpkins case has made a confession in which he not only admits his part in the forgery but also his part in the burglarizing of the cash register. Williamson was implicated by him and on the strength of this confession the latter was arrested. When arraigned this morning he waived his preliminary hearing and was bound over.

Carter was arraigned on the forgery charge, but his case was continued

until next Monday in order to give the accused man a chance to secure bonds.

PUBLIC LIBRARY HAS 7028 REGISTERED PATRONS

The following interesting facts are contained in the monthly report of Miss Mayme Patterson, librarian, for the month ending January 20:

Registration—193 residents, one non-resident and two temporary residents have registered during the month, making a total of 196. Total registration to date is 1928. 118 cards were issued.

Circulation—Average daily circulation for the month was 76; largest daily circulation 170. This shows an increase in daily circulation of six books over any previous month.

Reading and Reference Room Use—The reading room is rapidly growing in popularity. The average number of readers per day was 27, as compared with 21 last month. Quite a little reference work is being done also, with the literary clubs and the high school debating team.

New Books—During the month 53 adult books and 10 juveniles have been volumes, the state library at Salem 57 bound volumes and 322 pamphlets, and the general land office 14 pamphlets, making a total of 128 bound volumes and 336 pamphlets added.

TRUCK GARDENING IS TAKING ON NEW LIFE

Dayton, Wash.—With market facilities in Spokane, Walla Walla and coast points afforded by the new schedules on the Northern Pacific and O. R. & N. railroads, interest in developing truck gardening and small fruit culture in the Touchet valley. Many small farmers in the vicinity of Dayton and Waitsburg will make the

experiment this season of growing vegetables, berries and small fruits for the market. Strawberries will perhaps head the list in point of acreage. Numbers of small tracts unsuited for orchard purposes are to be set in strawberries this spring. According to J. D. Critchton, the leading grower of Dayton, who last year sold over \$500 worth of strawberries off every acre in cultivation, the soil and climate of the Upper Touchet valley is ideal for strawberries. Raspberries, blackberries, grapes and logan berries are to figure prominently in the variety of small fruits grown this season.

PROF. THATCHER WARNS AGAINST GRAIN WASTE

North Yakima, Wash.—In four or five years, the way things are going now, the country will not be growing enough grain to feed itself, according to Professor R. W. Thatcher of the State College at Pullman, speaking here before the Farmers' Institute.

"You feed 500 pounds of grain to a steer," he said, "and while you may like the taste, you get only 100 pounds of that grain back in food. The other 400 went to keep the machinery of the animal, so to speak, running. You feed a dairy cow 100 pounds of grain and get only four pounds of food in return."

Attention Redmen.

The annual celebration of Washington's birthday by Umatilla Tribe No. 18, Improved Order of Red Men, will be held at the Eagle-Woodman hall on Tuesday evening, February 22, 1910, commencing at 7:30 o'clock p. m. Smoker and clam bake, a good literary and musical program. All Red men are invited to attend. By order of the sachem.
