

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. EMMA LEMSE, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

One Farmer Lucky Enough to Buy Hay—John Schmidt Kills Bob Cat—Other News.

(Special Correspondence.) McKay, Ore., Feb. 17.—The snow man is in evidence again. It commenced at 6 a. m. this morning and at 8 o'clock four inches had fallen and more coming.

John Wynn succeeded in buying 31 tons of hay on the hill and moved his sheep there one day this week. The question of hay had become a serious one as he fed all he had.

John Schmidt killed a bobcat. At least John says he has and shows the skin as evidence. But another story told is that John went hunting and became lost. While wandering around in a circle he came on his tracks and noticed those of some animal alongside of his. While examining them he heard a noise behind him, and looking back beheld the bobcat following his tracks. John gave one startled glance and said "Nel?" (John says "Nel" in an interrogative way.) If you are looking for tracks I'll make you some.

Farmers' Week Great Success—Basketball Team on a Trip.

Oregon Agricultural College, Corvallis, Ore.—The exercises of Farmers' Week including the special program offered by the School of Domestic and Art, attracted 340 men and women to the Oregon Agricultural college this year. Of this number 135 are women who are studying the problems of home building and 205 are men taking the work in fruit growing and general agriculture.

A corps of special lecturers chosen from among the prominent men of the state gave a series of talks on practical problems in fruit growing and farming in the state of Oregon. These proved to be of great interest and were particularly instructive.

The Oregon Agricultural college basketball team left February 17 for a trip through the northwest. While on this tour the team will play one game with the Washington State college, two games with the University of Idaho and one game with Whitman college.

Two Oregon Agricultural college students, Joseph Hallock and John Cook, have rigged up a wireless telegraph station and are receiving messages daily. They catch messages from all stations south as far as San Francisco and north as far as the middle of British Columbia. These young men made practically all of their instruments and constructed their station unassisted.

No false pretense has marked the career of Ely's Cream Balm. Being entirely harmless, it is not responsible like the catarrh snuffs and powders, for minds shattered by cocaine. The great virtue of Ely's Cream Balm is that it speedily and completely overcomes nasal catarrh and hay fever. Back of this statement is the testimony of thousands and a reputation of many years' success. All druggists, 50c, or mailed by Ely Bros., 56 Warren street, New York.

WOMAN RUNS RANCH; WEARS MEN'S CLOTHES

Husum, Wash.—Conducting a large ranch alone and without help is a task enjoyed by Mrs. Rosander D. Hendryx, aged 75, living one mile up the river from here on the east side.

Since the death of her husband, two years ago, Mrs. Hendryx has performed all the work to be accomplished on an improved ranch of over 160 acres, with the exception of a few weeks, during harvesting time, when labor becomes too difficult for her feeble hands.

The aged woman, during the last season, harvested alone over two tons of onions, two tons of turnips and helped pick and pack fruit from a small orchard.

She also takes care of three horses, eight head of cattle, numerous sheep, hogs and chickens. She makes butter for market, peddles vegetables, and is quicker in transacting business than most men one-half her age.

Should one visit this aged woman's ranch today they would see her going about dressed in overalls and a man's coat, with a cowboy hat, performing her duties with a spryness that is marvellous.

She says she feels young, and will never quit leading a strenuous life until compelled to do so.

TRACES LOST DOG BY LICENSE TAG IN SAUSAGE

Los Angeles, Cal.—"Why is a wiener sandwich called a hot dog?" was answered recently in the developments that followed the finding of two mutilated bits of metal in one of the sausages which Mrs. G. E. Sewright cooked for her husband's mid-day meal.

Sewright was enjoying the wiener when his teeth struck a hard substance, which on being drawn out proved to be a bit of brass bearing the word "dog."

The second piece found in the same sausage proved to be a bit of brass bearing the number 1443. Sewright stopped eating and hurried to the license bureau at the city hall, where his suspicions were verified by the information that license No. 1443 had been issued to Miss Anna Bell, a prominent young woman of this city.

"Did you own dog license 1443?" Sewright asked when he reached Miss Bell's home.

"Oh, do you know where Sparker is?" eagerly inquired the young woman.

"Only part of him," replied Sewright. Then he explained.

AMERICAN ARTISTS TO HELP FLOOD VICTIMS

Paris.—Twenty box seats at a thousand francs each have already been sold for the benefit concert for the flood sufferers to be given by American artists at the Opera Comique on Monday evening. President and Madame Fallieres will occupy a state box, and M. Briand and M. Millerand and other members of the ministry will attend.

Emma Eames has promised to sing; Isadore Duncan has promised to dance; Harry Hughes Weldon, the American basso, is coming from the opera house at Brussels and Massenet will conduct.

The chief interest of the musical public is in the first appearance of Miss Ruth L. Deyo, the American pianist. Edward MacDowell's gifted pupil. It is announced that she will play MacDowell's great concerto in D minor, which never has been heard in Paris, though Miss Deyo has played it with the Berlin and Leipzig orchestras. Miss Deyo, who is very young, belongs to an old American family. Her brother is now a cadet at Annapolis.

REDSKIN MAID WANTS TO GET CUPID'S SCALP

North Yakima, Wash.—A decade ago a divorce was practically unknown among Indians of the Yakima reservation. Now they are becoming frequent and not once does the dissatisfied wife fail to ask for alimony. Ellen Ross, who was Ellen Onley, of the well known Indian family of which a brother of Richard Olney of President Cleveland's cabinet, was the founder, has asked the courts for a divorce from Haven G. Ross after only three months of married life.

She says her husband celebrated the marriage by getting beastly drunk, that he ill-treated her, is insanely jealous, and that he deceived her about his financial condition, alleging that he had a well furnished home in Adams, Ore., where he had nothing of the sort.

This up-to-date Indian maiden asks for an absolute divorce, the restoration of her maiden name, that she be declared sole owner of her allotment, permanent alimony and \$150 attorney's fees.

HEAVIEST ICE CROP IN 30 YEARS IS HARVESTED

Chicago.—The heaviest ice crop of the last 30 years is being harvested and by the time the season is closed, a week or 10 days, 2,500,000 tons will have been stored in the icehouses that supply Chicago. There will be no decline in price, however, to the small consumer. "You never saw better ice," said President John S. Field, of the Knickerbocker ice company yesterday, "but the price will not be affected. The delivery cost is the largest item in making the retail price and so our prices are figured on that basis. The retail ice sells for 38 per ton and brings no greater profit than the wholesale ice at 22 per ton.

I was also greatly annoyed by the too frequent passages of the kidney secretions, especially during the night when I was forced to arise several times. A short use of Doan's Kidney Pills, procured at The Pendleton Drug Co., relieved me of all these difficulties and at that time I gave a statement recommending them. Many persons have since called upon me, wishing to know if the endorsement were true and I have always advised their kidney sufferers to use Doan's Kidney Pills."
