

DISCRIMINATION WINS !!!

In every walk in life discrimination between the true and the false wins and enjoys success. In questions of form, of style and of values, whether financial, commercial or medicinal, the judgement of the men and women who select and appreciate and utilize the true and genuine product, proves most profitable and most satisfactory to themselves and to all who follow them.

Therefore, in connection with so important a subject as the physical well-being of the people, the most eminent physicians insist on full information as to the wholesome nature and truly beneficial character of the component parts of the remedies used and prescribed by them, and the wise manufacturer not only supplies them with the knowledge desired, but also combines for them in proper proportions the very substances most approved by them and omits every objectionable substance. The world-wide acceptance of Syrup of Figs and Elixir of Senna by physicians and the well-informed of the world, as the best of family laxatives, is due to the universal satisfaction which it has given for more than a quarter of a century and also to the fact that it is a remedy of known quality and known component parts and to the further fact that the California Fig Syrup Co. presents it to the world simply as the ideal strengthening personal laxative to cleanse and sweeten the system gently, yet effectually, and to dispel colds and headaches and to assist in overcoming constipation. To get its beneficial effects—always buy the original and genuine, for sale by all leading druggists. The full name of the company—California Fig Syrup Co.—is always plainly printed on the front of every package.

NEW BUILDINGS FOR OREGON UNIVERSITY

REGENTS DECIDE UPON ERECTION OF TWO HALLS

Administration Hall and Class Room Building to Be Erected—Orators Are Chosen—Two Educational Conferences in June—Other Oregon Notes.

University of Oregon, Eugene, Feb. 21.—Two new buildings, made necessary by the rapid growth in enrollment, are to be erected at the University of Oregon according to the decision reached by the board of regents at their semi-annual meeting held in Eugene last Saturday. The first of these will be an administration building, to contain the president's, the university steward's and the registrar's offices on the first floor and an auditorium on the second. The second building will consist of class rooms exclusively. The regents found that with the present enrollment, a number of instructors have no permanent recitation room, but hold their classes in any room where opportunity will permit. The erection of an administration building will leave all of Villard hall, in which the present offices are situated, free for additional class rooms, and the Condor geological collection, the most valuable of its kind on the Pacific coast, which is now crowded in a room containing about one-third the space needed, will probably be placed in the present assembly hall on the second floor of Villard.

Orators Chosen.
Oratory is not dead, at least not at Oregon. So it was proclaimed by the presence of nine lusty orators at the preliminary tryout for choosing Oregon's interstate orator, held yesterday afternoon in Villard Hall. The orators were all well written and delivered, and at the end of the contest there was much doubt in the minds of those who heard it as to who would be among the successful five. Those chosen were: H. J. Rounds, '10, "The Spirit of Patriotism"; B. H. Williams, '10, "The Query of Life"; W. C. Nicholas, '10, "Landmarks of Liberty"; A. M. Geary, '10, "Commercialized Press and Public Opinion"; L. B. Ray, '12, "Private vs. Public Liberty."

Educational Conferences.
Two state educational conferences are to be held at the University of Oregon during commencement week, one for the discussion of common school problems, June 20-21, and the second for the discussion of high school methods and problems, June 22-24. A strong program for each conference is being prepared. Addresses will be given by prominent educators, followed by discussions by leading school men of Oregon and the northwest. Dr. H. D. Sheldon, dean of the university school of education, who has charge of preparing the programs, said today that he is meeting with a hearty response in all sections of the state. He expects a large attendance of teachers and promises to make the conferences of "highest standard. The exercises will be held in connection with those of commencement week, for which the railroad companies grant a round trip rate of one and one third fares.

Alumnae Give Scholarship.
The Oregon branch of the Association of Collegiate Alumnae announce the continuance this year of their annual practice of giving a two-hundred dollar scholarship at the University of Oregon. The scholarship is given to the young woman among the high school graduates of the state whom the committee deem most deserving and capable. No examination is held. They simply decide upon the evidence submitted which once will be the best fitted to do excellent work in her chosen course of study.

Saved from Awful Peril.
"I never felt so near my grave," writes Lewis Chamblin, of Manchester, Ohio, R. R. No. 3, "as when a frightful cough and lung trouble pulled me down to 115 pounds in spite of many remedies and the best doctors. And that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 160 pounds and can work hard. It also cured my four children of croup." Infallible for coughs and colds, its the most certain remedy for la grippe, asthma, desperate lung trouble and all bronchial affections, 50c and \$1. A trial bottle free. Guaranteed by Tallman & Co.

STRANGLED SEVEN BABIES.

Hungarian Couple Hated Children, So Killed Them at Birth.
Vienna.—The appalling murder of their own children by a married couple at Blantford, in Hungary, has just come to light. The servant of a wealthy peasant, Gabriel Roka, discovered in a dust heap the body of a new-born babe, apparently strangled. She informed the police, and two gendarmes were sent to Roka's house to investigate the matter.

When Roka learned that the gendarmes intended to arrest him he drew a revolver and blew out his brains in their presence. Then Roka's wife made the startling confession that in the course of 11 years' married life she and her husband had strangled seven children immediately after birth because they hated children and could not stand their crying and noise. The skeletons of six were subsequently found in the garden, where they had been buried by the brutal parents.

Frau Roka, who showed no sign of repentance, was taken to the district prison.

ECHO HAS SMALL FIRE

BLAZE DOES ABOUT \$175 DAMAGE YESTERDAY

Loss Partly Covered by Insurance—Young Ladies Will Play Basketball Game—Other Items from Neighboring Town.

(Special Correspondence.)

Echo, Ore., Feb. 23.—A small blaze occurred here today at noon, in the residence occupied by the family of F. W. Godfrey. The fire was caused by the overheated cook stove. The damage to the building was about \$100, fully insured. But the family lost about \$75 worth of clothing with no insurance. The fire was extinguished by the prompt action of the firemen.

Notices are out announcing a basketball game to be given by the Girls' Athletic club on Saturday evening, in which the Yellow Ribbon girls will play the Red Ribbon girls. The young ladies have practiced faithfully the last two weeks and a good game is promised.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable. Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties.

Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney, liver or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A Safeguard to Children.

"Our two children of six and eight years have been since infancy subject to colds and croup. About three years ago I started to use Foley's Honey and Tar, and it has never failed to prevent and cure these troubles. It is the only medicine I can get the children to take without a row." The above from W. C. Ornstein, Green Ray, Wis., duplicates the experience of thousands of other users of Foley's Honey and Tar. It cures coughs, colds and croup, and prevents bronchitis and pneumonia. Koepfen Bros.

FOURTH MAN DIES AS A RESULT OF SMALLPOX

Port Townsend, Wash., Feb. 22.—Ensign Phillip O. Griffiths, aged 25, an officer of the armored cruiser Washington died at the Diamond Point quarantine station this afternoon of smallpox. Ensign Griffith's home was in Pala Alto, Cal., where his mother now lives. He had been in the navy since 1903.

This is the fourth death resulting from smallpox among the crew of the Washington since the cruiser returned from Honolulu. The quarantine on the Washington was raised today, but the vessel will remain at the station another week before proceeding to the Puget Sound navy yard for docking and repairs. Three members of the crew are still confined at the isolation hospital.

pain in chest and sore lungs, are symptoms that quickly develop into a dangerous illness if the cold is not cured. Foley's Honey and Tar stops the cough, heals and eases the congested parts and brings quick relief. Koepfen Bros.

GIRL OF 15 BETHROTTED TO 18-YEAR-OLD YOUTH

Arranging for Marriage of Czar's Daughter to Grand Duke Dmitri. St. Petersburg.—The Grand Duchess Olga, the czar's eldest daughter, is "over young to marry," being only 15 years old, but already there are rumors afoot as to her forthcoming betrothal to her second cousin, the Grand Duke Dmitri, the only son of the Grand Duke Paul.

The prospective bridegroom who is a stripling of eighteen, was heir presumptive to the throne before the birth of the czarowitz. He gained that position through the industrious intriguing of the late M. Pobiedonetzoff, chief prosecutor of the Russo-Greek church, who was bent on preventing the succession passing to any of the sons of the Grand Duke Vladimir, as their mother was then a protestant.

As a result of Pobiedonetzoff's influence with the czar the Grand Duke Dmitri was chosen as heir presumptive and remains so in spite of the conversion of the protestant grand duchess to the orthodox faith, which was suddenly made with a view of furthering her son's chances of succeeding to the throne.
