HIGH SCHOOL PLANS ATHLETIC CARNIVAL

WRESTLING AND BOXING TOURNAMENT FRIDAY MAR. 4

Shining Celebrities of Ring and Mat Will Meet Each Other in Battles for Supremacy—Preliminary Basketball Game.

(High School Correspondence.) The students of the Pendleton high school have always had a reputation as originators of unique advertising schemes for their school enterprises and now they have turned their talent toward novel entertainments and as a result on Friday, March 4th, the people of Pendleton will have an opportunity to witness a great athletic carnival. It may be said with all sincerity that it will rival the great Jeffries-Gotch company, in interest.

The exhibition will be held at the high school gymnasium at eight p. m. and will consist of the following program:

Basketball game between the Junior and Freshman classes on one side and the Senior and Sophomore classes on the other. And then boxing and wrestling matches between Clayton Attell Strain and Jack Coullin McDonald; Glenn Wolgast Estes and Charles Battling Nelson Mills; Fighting Dick Thompson and "Kid" Joe Snyder; George Hackenschmidt Anger and Nathaniel Motanie Kimball; Hawley Farmer Burns Bean and Harvey McCormick McDill. Then the great event of the evening will be between Fat Roller Graham and Dudie Gotch Devine. Clark Eddie Welsh Nelson will referee.

Nelson says that although Wolgast had much the better of the last fight he hopes to regain to lost laurels in this battle. Gotch is confident of winning although he is greatly handicapped by the great weight of his opponent.

Motanie says he is sure of winning even if he is not well versed in the science of wrestling, but will use pure strength.

McCormick is certain of winning unless he is burnt by the red hair of Burns. All the matches promise to be close and a very great interest is being manifested by all the students of the high school.

TO END "THIRD DEGREE"

Torture and Abuse to Prisoners May be Stopped. Washington.—If a resolution introduced today by Senator Heyburn is adopted, the senate will take up what is known among police officials as the "third degree." The resolution provides for appointment of a select committee of three to investi-

gate the practice of administering what is known as the "third degree" ordeal by the officers of the law for the purpose of extorting statements and confessions from those charged with crime.

Mr. Heyburn said he had seen a Washington paper give an account of the methods said to have been resorted to by the Atlantic City police to obtain a confession from William Seyler, charged with the murder of Jane Adams.

He asserted such methods were more cruel than those of the Inquisition. They were not only barbarous, he said, but are in direct conflict with American court instructions under which an officer is prohibited from talking with his prisoner on the subject of the charge against him.

"No one with a proper sense of duty would resort to such a practice in obtaining testimony against an accused person and no brutal custom should drive an official to subject a person to a prostrate trial before his appearance in open court," declared Senator Heyburn. "Such a condition is revolting to the senses and I think the entire subject should be investigated."

The resolution was referred to the committee on judiciary.

Senator Bailey of Texas, today made his long promised speech in the senate on the Postal Savings Bank bill. He strongly opposed the bill both on popular and constitutional grounds.

"It is objectionable," he said, "in the first place, because congress has no constitutional authority to pass it; in the second place, because it violates a fundamental principle of all good government by requiring the United States to engage in a business which belongs distinctly to corporations and individuals, and it is objectionable in the third place, because it will produce more harm than good in its practical operation."

Asserting that if sustained either of these objections would be enough to condemn the bill, he entered upon a long argument against the measure on all the lines indicated. The senate agreed to vote on the measure March 3.

President Helps Orphans.

Hundreds of orphans have been helped by the president of the Industrial and Orphan's Home at Macon, Ga., who writes: "We have used Electric Bitters in this institution for nine years. It has proved a most excellent medicine for stomach, liver and kidney troubles. We regard it as one of the best family medicines on earth." It invigorates all vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up, pale, thin, weak children or run-down people it has no equal best for female complaints. Only 50c at Tallman & Co.

It's worth a good deal to any of us to be stylishly dressed; and any man can be if he will just step into the Peoples Warehouse and ask for Hart Schaffner & Marx all wool clothes.

CHICAGO BOY OF SEVEN IS BACTERIOLOGICAL EXPERT

Chicago—Chicago now has a scientific youngster who rivals the 11-year-old mathematician of Harvard. He is Fenton B. Turk, Jr., the 7-year-old son of Dr. Fenton B. Turk, 1829 Michigan avenue, who lectured on some of his experiments in bacteriology at a meeting of microscope enthusiasts at the Chicago Academy of Sciences.

The boy demonstrated his talk with slides of his own making, showing bacilli which he had separated and mounted himself. Fenton B. Turk, Jr., has been experimenting with the microscope for some time and has a laboratory where he works as long as his parents will allow him.

"I am working on intestinal bacilli now," he said. "Here are some from a pig. I haven't separated the gas bacilli from the colon bacilli yet, and this just shows them mixed."

ODD LETTER FOR EDGAR ALLEN POE

New York.—The remarkable tenacity with which Missourians cling to the "Show me" is exemplified in a letter from Mrs. Emma Poe Allen of Missouri City, Mo., which fell into the hands of Chancellor Perry A. McCracken of the university today. The letter reads in part:

"Having seen a little sketch concerning your future welfare, I felt a little interested in the name because that was my name heretofore and I have often heard of you and have been wondering if we are any relation. My father is from old Kentucky—name Anderson Poe, and two brothers also. If you should happen to receive this, would be glad to hear from you."

The letter probably was prompted by the discussion recently revived in regard to allowing Poe's name to be engraved in the Hall of Fame.

DENVER WOMAN HAS LONG FIGHT WITH DOG

Denver.—Attacked by a huge dog, which sprang at her throat when she attempted to drive it from her yard, Mrs. Carl Swanson, wife of the Rev. Carl Swanson of this city, fought the animal for an hour, finally pushing her elbow into its throat in order to regain strength for a final effort to beat off the maddened beast.

Working her way toward the rear door of her home, the dog, biting and chewing her arms, Mrs. Swanson dealt the beast a blow with all her strength, tore herself away and fled into the house. A physician was called and treated her, and announced her condition was not dangerous.
