Chinese Make Noise.
Last night about 9:30, the peace and quiet of Pendleton was disturbed by a great noise as if a thousand regiments were engaged in rapid fire practice and many citizens thought the soldier boys of Co. L had been called out to quell an Indian outbreak. However, it was only the Mongolian residents of West Alta street with long strings of firecrackers driving away the devil from their midst. The din was kept up for twenty minutes and many people gathered to watch the antics of the celestials.

Why Is a Bundle of Hay?
That is the question which seems to be bothering all the officials at the court house with the single exception of Deputy Sheriff Bert Wilson. Yesterday afternoon the aforementioned deputy was seen to scurry across the corner of the court house lawn with about a third of a bale of alfalfa on his back. He ducked around the corner of the building, apparently with the intention of giving Judge Gilliland the slip, that official being on the south steps at the time, and then disappeared within the building. Where he went with the hay and what he is doing with it is the burning question of the hour at the court house. It even takes precedence over "what is the amount of my taxes?"

"Better Goods For Less Money"

one Havemeyer, widow of Henry O. Havemeyer, sugar magnate.
The letter was written in a boyish scrawl signed "Black Hand" and embellished with a dagger pierced heart, a revolver and a bottle marked poison. It reads in part:
"We demand \$2500 of you as a contribution to the black hand organization. If it is not forthcoming we will blow up your house or kill your family. You cannot escape. Don't tell the police or your family will suffer. Rich people pay our demands and they have no more trouble and we protect them. With revolver or dagger or poison in your food, we will reach you."
Explicit directions were given to place the money in a tin box February 24 behind the park wall opposite Mrs. Havemeyer's Fifth avenue house. Tonight Mrs. Havemeyer, accompanied by two detectives, carried out the instructions. They found the box and placed in it a roll of paper wrapped in a \$1 bill. Mrs. Havemeyer returned home and the detectives arrested the boys when they came for the box an hour later. The boys say they were paid by an Italian to get the box.

CLAIMED THAT UNIVERSITY IS SOCIALISTIC INSTITUTION

Madison, Wis.—An inquiry into the charges that socialistic ideas are being taught in the University of Wisconsin has been begun by a special committee of the board of visitors.
The investigation, it is understood, will be conducted to ascertain whether there is any truth in the statement that socialistic principles are being inculcated at the university, and if this is not the case, of clearing the reputation of the university in the minds of those who have given credence to the charges.
It is likely that the investigation will also deal with the Emma Goldman incident, when after her posters had been torn down, a professor at the university is said to have announced her lectures in the classroom. Another incident to be inquired into is the lecture that Parker H. Sercombe, of Chicago, delivered in one of the university rooms upon invitation.
